

# Mr. McNearney's Math Class

### **Homework Policy:**

Homework will be given on a **nightly** basis, except for Friday nights. Homework should take a maximum of 30 minutes a night. Each completed homework assignment will result in a daily stamp on the student's homework calendar. Homework scores will be collected at the end of the month. Homework will account for up to 10% of a student's overall grade.

Students will need internet access to complete homework assignments and/or projects at various points throughout the year. During this time I will make the classroom computers available before school, at lunch, and/or after school.
