I. Discussion

The Wellness Committee went over the proposed changes of Board Policy EFDA Collection of Money. The proposal included “Students in 9th – 12th grades may not charge meals. Erin Johnson is going to look into statute to see if it is possible not to include this in the new Board Policy. We would like all students to be able to participate in the policy of that they can charge up to three meals. All students who have reached the three meal limit will be given an alternative meal until their account caught up. No meal charges will be allowed the last ten days of the school year per the new proposal.

Erin and I will go over the checklist from the ADE to determine if the Wellness Plan meets all requirements. We will go over the checklist and assessment tool at the next Wellness Committee meeting in September; date and time to be determined.
