Dr. Lupita Hightower

March 12, 2013

Dear Parents / Guardians,

We are very grateful for your support of our local overrides. These funds are allowing us to explore curriculum resources to support the teaching and learning of our Arizona College and Career Ready Standards. We have been exploring digital resources for math with a group of teachers, community members and administrators and would like to get your feedback on the products that are under consideration for purchase for our students. We invite you to explore each product and provide us your feedback. This opportunity will be available until Friday, June 6, 2014. We invite you to come to our district office at 9261 W. Van Buren St. in Tolleson between the hours of 8:00 and 5:00pm to review each product under consideration.

Again, thank you for your support in achieving our vision of being a 21st Century organization and providing the best instructional resources to support our students' learning. If you have any questions, please feel free to call me at (623)533-3922. Thank you for your continued support.

Sincerely,

Dr. Juan Medrano
STEM & Assessment Director
Tolleson Elementary School District
