

After School LEGO Club

Building Art With LEGO

How will you use LEGO to express your artistic talent?

Build yourself out of LEGO, your favorite video game character, and more in this hands on class! Learn art ideas like color theory, 2D and 3D art, patterns, and sculpture with LEGO bricks. With over 50 lbs of LEGOs right at your fingertips, you'll have endless options to create your masterpiece.

- Class is designed for mature kindergarten students and above.
- All LEGO projects and class materials remain property of Bonanza Ed.
- There are no take-home projects.
