**Technology / Internet / Email**

The Middle School Digital Honors/Acceleration Program will require extensive use of technology and access to internet and email. The district network is provided for students and users to conduct research and communication for academic purposes only as determined by the District curricula. Independent access to network services is provided to students and users who agree to act in a considerate and responsible manner. Access is a privilege, not a right, and entails responsibility. Students are responsible for appropriate behavior/communication on school computer networks, just as they are in classrooms or school buildings. Parent and students are required to read and understand the entire Technology/Internet Agreement in the registration information.
