

Roosevelt School
21st Century Before/After School Program
“Tigers In Motion Every Day”
T.I.M.E

Dear Parents and Guardians,

Welcome back to an exciting school year filled with amazing educational experiences.

Roosevelt School is extremely fortunate to be one of the grant recipients for such a wonderful program from the State Department of Education to bring back the before and after school program to our school, for our children 1st-5th free of charge; this is a five year grant.

“The before and after school programs provide engaging and challenging activities infused with rich academic content and character education.”

Our school facilitators, Mr. Dorame and Mrs. Rodriguez will be sending information to you regarding the program starting time, eligibility, transportation, registration and other important information at the beginning of the school year. Please make sure to check your child’s backpack each day as this is a fast way to communicate with parents and keep the communication between home and school flowing.

We thank you and look forward to working with you, the parents, and children!
