

Lake View Primary Newsletter

LETTER FROM THE PRINCIPAL

Dear Parents,

DATES TO REMEMBER

MARTIN LUTHER 1/16

KING DAY

NO SCHOOL

SITE COUNCIL 1/18

MEETING

LIBRARY

4:00 PM

Our school data is resulting in patterns that demonstrate little progress in student achievement.

We need your help as part of our team to change these patterns. Have students attend after school programs, morning tutoring in the library, and reading words and books with your child every day.

Volunteer to read with students at our building for any classroom, anytime.

Attend meetings requested by your child's teacher, the reading specialist, the counselor or dean of students. We are all here to support your child's growth and achievement.

Every parent should know what is going on in their child's daily [school life](#). A parent should do the following things every day:

- Ask your child how their school day went. Engage in conversation about what they learned, whom their friends are, what they had for lunch, etc.

Make sure child has time set aside to complete [homework](#). Be there to answer any questions or assist when needed.

- Read all notes/memos sent home from the school and/or teacher. Notes are the primary form of communications between a teacher and parents. Look for them and read them to stay up-to-date on events.

- Contact your child's teacher immediately if you have any concerns.

Value your child's education and express the importance of it every single day. This is arguably the single most valuable thing a parent can do when it comes to their child's education. Those that value education often thrive and those that don't often fail.

([abouteducation.com/parental involvement](http://abouteducation.com/parental_involvement))

It seems that the last 2 Quarters of the school year seem rushed, and focused on getting students ready for the next grade level. It will be very important to participate in your child's academics often in order to determine how they are doing in the classroom. When a concern does arise, make an effort to speak with the classroom teacher by setting an appointment. Don't wait for parent conferences. We want to know what challenges you and your child are having so we can best meet their needs here at school. Any change in behavior, emotions about school, or changes at home can affect the child's academic progress. We have a team of staff members to help determine appropriate interventions and supports for each individual child when it is needed.

Please be a member of our team and provide needed information and recommendations.

Happy
New
Year!

FROM OUR NURSE!

Handwashing is an easy, inexpensive, and effective way to prevent the spread of germs and keep us healthy. They can get onto hands and items we touch during daily activities and make you sick. **Germs are everywhere!**

Handwashing with soap removes germs from hands. This helps prevent infections because:

People frequently touch their eyes, nose, and mouth without even realizing it. Germs can get into the body through the eyes, nose and mouth and make us sick.

Germs from unwashed hands can get into foods and drinks while people prepare or consume them. Germs can multiply in some types of foods or drinks, under certain conditions, and make people sick.

Germs from unwashed hands can be transferred to other objects, like handrails, table tops, or toys, and then transferred to another person's hands.

Removing germs through handwashing therefore helps prevent diarrhea and respiratory infections and may even help prevent skin and eye infections.

Keeping hands clean is one of the most important steps we can take to avoid getting sick and spreading germs to others. Many diseases and conditions are spread by not washing hands with soap and clean, running water.

Parents can help keep their families healthy by:

Teaching them good handwashing technique

Reminding their kids to wash their hands

Washing their own hands with their kids

For kids, washing hands can be a fun and entertaining activity.

MARTIN LUTHER KING JR.

Martin Luther King Jr. was a civil rights activist in the 1950s and 1960s. He led non-violent protests to fight for the rights of all people including. He hoped that America and the world could become a colorblind society where race would not impact a person's civil rights. He is considered one of the great orators of modern times and his speeches still inspire many to this day.

VOLUNTEERS WANTED!!

Lake View Primary can use your help! We are always in need of helping hands within the classrooms. Come in to volunteer your time with students and student activities. If you would like to volunteer, simply see us at the Main Office or go to the Page Unified School District Main Office at 500 South Navajo Drive and apply to be a volunteer.

Let's Wash Our Hands!

Whooshy washy!

Wet our hands

Under running water

Add some soap and

Rub them hard

Don't miss any part!

Between our fingers

Under the nails

Rid germs without fail

Front and back

And round the wrist

No germs will be missed!

They may hide

But we shall seek

So we will not fall sick!

Spishy splashy

Bye bye germs

Down the drain they squirm

With clean towels

We dry our hands

Now let's show our friends!

Palm to palm

Between fingers

Back of hands

Base of thumbs

Back of fingers

Fingernails

Wrists

Rinse and wipe dry

Remember to wash our hands:

After using
the toilet

After sneezing
or coughing

After playing
with pets

After sports or
playing outside

Before eating

PERFECT ATTENDANCE FOR DECEMBER!
