

# Lake View Primary Newsletter

Hello Parents and Guardians,

This is a busy month with a lot of activities, progress reports, and Spring Break. A parent/teacher conference is an opportunity for you to discuss progress in reading and mathematics with your child's teacher. All children are assessed on standards from the quarter, and the classroom teacher can share strengths and areas of weakness your child might need more support with. During Spring Break practice by playing board games, word games, reading, counting objects around the house or outside, or reading travel brochures and maps to places you might visit. These activities will build on reading and math skills that they have learned throughout the school year.

Lake View will start early enrollment for Kindergarten this month. I encourage early registration so we can use the enrollment to place children in our summer KinderCamp program. This program supports children whom have not had the opportunity to attend pre-school, come from single parent homes, have parents with little or no college experience, or are Native American. Please stop by our office for your enrollment packet.

**IMPORTANT:** Lake View will not be taking teacher requests. We will send home a questionnaire for students enrolled in our school next year that will provide us information about your child and their needs. We will use current year's data, test scores, teacher input, and input from the questionnaire. Kindergarten placement will be based on information we obtain from pre-schools in the area about your child and parent input on the questionnaire.

### Parent Teacher Conferences

## ATTENDANCE

The staff at Lake View Primary care about your child's success in school. Be sure that they are at school every day and come on time. Missing out on school during these critical years is detrimental to your child's educational experience. Absences and tardiness are sometimes unavoidable, but if they become excessive, you will be contacted to see if assistance can be given to make sure your child is able to attend school on a regular basis. If you have any questions or concerns, please contact your child's teacher, school counselor, or principal. We are all here for you and your child!

**HALF DAY**

### *4 Ways to Strengthen Family Partnerships*

## Kindergarten Round Up

Page Unified School District's annual Kinder Round-Up will take place at Lake View Primary School on Thursday, March 9<sup>th</sup> from 4:30 PM to 5:30 PM.

Do you have a child who will be five years old before September first? Then it is time to think about kindergarten. Kindergarten registration packets will be available at Lake View Primary, Desert View Intermediate, local Pre-schools and Page Unified School Districts Main Office. Come meet the principal, Mrs. Erickson, kindergarten teachers, check out the kindergarten classrooms and Lake View Primary grounds. We can't wait to see you and your new students on Wednesday, March 9<sup>th</sup> from 4:30 PM to 5:30 PM.

- **Welcome students and families** with a letter in late summer by mail or email. Welcome students, introduce yourself, and tell families when the Open House or Meet the Teacher night is. Consider sending a family-student survey.

- **Keep parents informed** of what is happening in the school and classroom. Regular (bi-weekly or monthly) communication via email or newsletters helps families feel connected to the school. In the event that something negative does come up, parents are more likely to be receptive if they feel they have a connection to their children's school and teacher.

- **Be positive** with parents and students. Don't just call when Johnny has had a bad day, call randomly or to share good news. This will help build a positive rapport with parents.

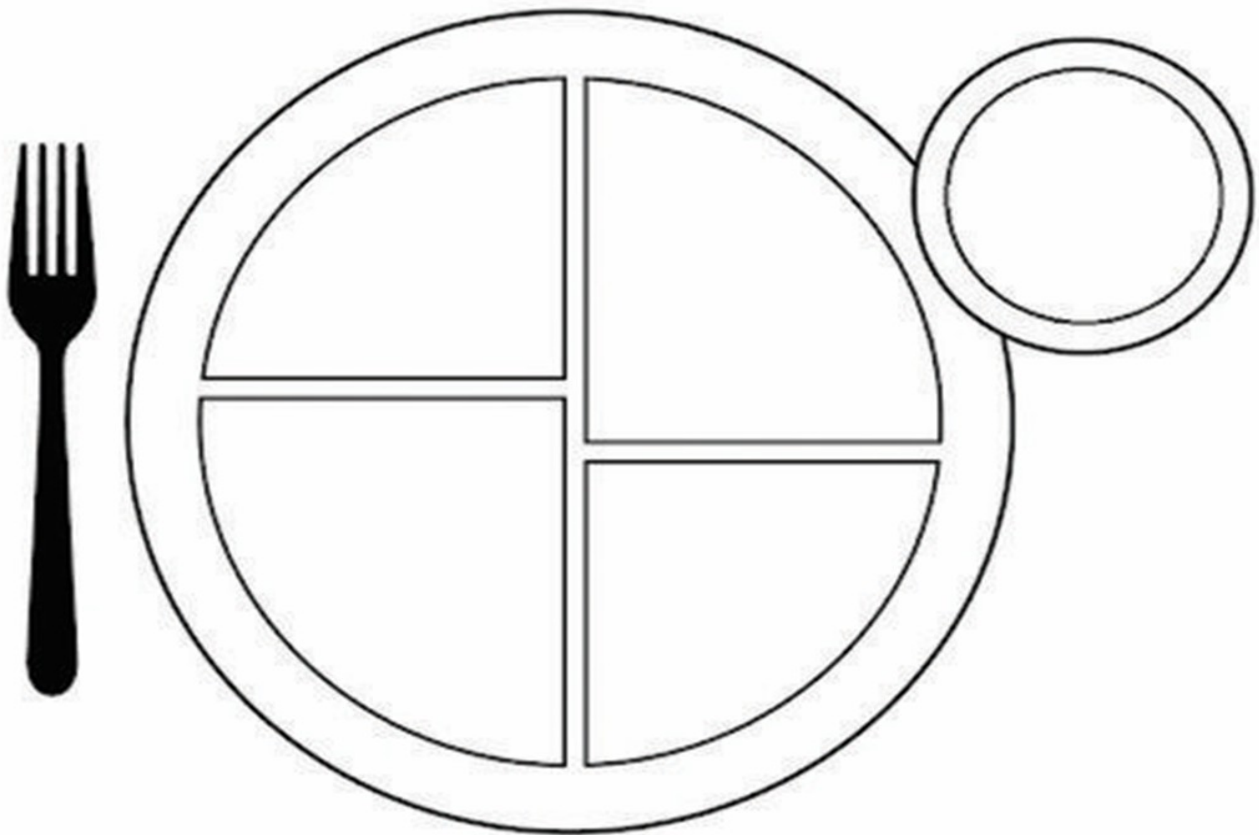

- **Conduct home visits** when appropriate and allowed by administration to encourage family involvement. This allows you to meet parents and families in an environment where they feel comfortable as well as showing you took the extra effort to reach out to them.

## Put Your Best Fork Forward

March is the National Nutrition Month of 2017

Making small changes during March will help improve our children's health now and into our futures. Eating healthfully can prevent and manage many chronic diseases. An eating plan that keeps our children's health concerns in mind will also incorporate their personal nutrient needs, food preferences, lifestyle and level of physical activity. Each one of us holds the tool to make healthier food choices for our children.

**Have your child draw their healthy meal plate and return it to me. I will display them on my bulletin board for the month of March.**

### Grandparents Day!

Our annual Grandparents Day will be held on Monday, April 17th.

Further details will be released soon.

### Don't Forget Parent/Teacher Conferences!

Mon 3/13 from 6—8 PM

Thurs 3/16 from 1—4 PM

We look forward to seeing you there!
