

Get a dollar-for-dollar reduction on your state income tax liability.

Support excellence in our schools.

The school tax credit offered by Arizona State Tax Law ARS 43-1089.01 allows state taxpayers to donate any amount up to \$400 for couples filing jointly and \$200 for single taxpayers.

What is a dollar-for-dollar tax credit? Tax credits provide a dollar-for-dollar reduction of your income tax liability. This means your \$400 tax credit donation to FHUSD saves you \$400 on your state taxes. When filing your Arizona state income taxes, you will need to file Form 322 (Credit for Contributions Made or Fees Paid to Public Schools) and send a copy of your receipt.

Who is eligible? This tax credit is available to all Arizona individual taxpayers regardless of whether or not they have children in school.

What is an extracurricular activity? Extracurricular activity means a school-sponsored activity that requires enrolled students to pay a fee to participate.

Amount donated (you may split your donation among multiple activities):

UNDESIGNATED \$ _____

DESIGNATED
