### **Arizona School Tax Credit Donations!**

#### **Take Advantage of the Public School Tax Credit Law**

You can send all your state taxes to the State of Arizona or **make a contribution to a public school**. A.R.S. §43-1089.01 allows taxpayers a TAX CREDIT up to \$200 for "Single" or "Head of Household" tax filers and up to \$400 for "Married Couple Filing a Joint Return" when contributing to **Extracurricular Activities** in public schools. This gives you the opportunity to help your local school.

#### **How does the tax credit benefit you?**

A tax credit, which is the dollar-for-dollar reduction of your tax liability, is better than a tax deduction, which only reduces your taxable income before taxes are computed. The tax credit is available to all taxpayers, regardless of whether they have children in school. Please note this tax credit is for individual tax returns.

What is an Extracurricular Activity? Extracurricular Activity means any optional, non-profit educational or competitive school sponsored activity that supplements the education program of the school. Activities such as sports, visual and performing arts, field trips, outdoor education or character education programs can be funded with tax credit money.

#### **How does the tax credit benefit our schools?**

You select which school and which program you would like to support. The amount of the tax credit you take does not have to be for the total allowance. In addition, the credit may be split between one or more schools and/or one or more programs. You can make a difference in our schools!
