2020 ETC Conference: MediaNet Solutions Sessions

These sessions are presented by Jeff Kline, Lesley Lassen, Chris Rennie and the staff experts at MediaNet Solutions, Inc. The sessions are targeted to current and prospective users of e-IEP PRO and e-ELL PRO and are not tied to any particular student information system. All are welcome, Consortium membership is not a requirement.

These sessions will be presented on Wednesday February 5, 2020. Single day registration at a cost of $75 per person is available (includes breakfast and lunch). Attendees may move freely throughout the conference venue, attending any session, but this track was designed with customers of MediaNet Solutions, Inc. in mind.

Session	Description
e-IEP PRO/e-ELL PRO Data Integration with Synergy SIS	The e-IEP PRO is a complete interoperable special education management software and the e-ELL PRO is a comprehensive English learner management software. Both software solutions provide secure, seamless, real-time data integration capabilities allowing for a single unified data solution between the district's student information system (SIS) and its special education and English learner data/information. For ETC LEAs, comprehensive data integration features are available between the e-IEP PRO, the e-ELL PRO and Synergy SIS that range from simple one- way data communication to more comprehensive two-way data integration options. Come learn how these free integration services can be easily setup and utilized by your school or district.
e-IEP PRO Data Management And Reporting	The session will provide participants a strong understanding of how to best utilize the e-IEP PRO's reporting and data management features. This session will review the following: 1. Recommended "best practices" for keeping census and state reporting (AzEDS) data accurate within the e-IEP PRO; 2. Compliance Reports and Customized Reports available in the e-IEP PRO; 3. The e-IEP PRO Special Education Data Dashboard; 4. e-IEP PRO AzEDS Plug-In / Data Reporting features; 5. Building reports using e-IEP PRO's Ad-Hoc query and report writing tools; 6. Questions and answers specific to your district's needs.
Administrator Features Review for e-IEP PRO Primary System Administrators (PSAs)	This session is designed for e-IEP PRO Primary System Administrators who want to better understand the Administrator features of e-IEP PRO including: 1. Student Profile Administrator Features; 2. Data Management; 3. Password Distribution Best Practices; 4. Add, change, and delete, user accounts throughout the entire district; 5. Add/set users as Primary Contacts and/or Primary System Administrators; 6. Add/set users as Transfer Contacts for the district; 7. Set/alter crucial system configuration/customization settings; 8. Merge duplicate student records and Restore deleted student records; 9. Accessing the Compliance Alerts for staff; 10. Reporting - Special Education Dashboard, Compliance Point and Click Reports, and Ad-Hoc Reporting.
End-User and Technical Review of the e-IEP PRO Online Portals	This session will review e-IEP PRO Portals and review data integration updates that can be made to improve the use of the portals. e-IEP PRO Portals that will be reviewed will include: 1. Student Information Portal; 2. Parent Portal; 3. Transportation Communication Portal; 4. State Review Module; 5. Student Transfer Portal.
Review of the e-ELL PRO	The e-ELL PRO is a web-based English Learner (EL) student and forms management software designed specifically for Arizona education agencies, schools and districts. This session will review the features of the e-ELL PRO and how it is being utilized by Arizona LEAs to: 1. Save staff time and resources; 2. Ensure proper EL forms and documentation are completed for all EL students; 3. Receive automated notifications of important EL documentation and action due dates; 4. Better manage required EL student information; 5. Enhance the ease of access to EL student information and documents by key district stakeholders, such as teachers and principals; 6. Electronically store historical and current EL student documentation; and, 7. Improve overall EL program compliance.

Please join us to learn more about these features and improve your use of the e-IEP PRO and e-ELL PRO!
