INTRODUCTION

Tolleson Union High School District is located in the southwestern part of the greater Phoenix metropolitan area. The District is comprised of students residing in the city of Tolleson as well as parts of Phoenix, Glendale and Avondale. Five elementary school districts surrounding the Tolleson Union High School District provide students for our high schools.

Enrollment figures indicate that there were approximately 11,779 students enrolled during the 2014-2015 school year. The District has six high schools: Tolleson Union, Westview, La Joya Community, Copper Canyon, Sierra Linda, and University High plus two alternative education programs, Continuing Education Academy and Lighthouse Academy.

CHILD FIND NOTICE

The Tolleson Union High School District is responsible for identifying, locating, and evaluating all children with disabilities eligible for high school through 21 years and for referring children from birth through two (2) years of age to Arizona Early Intervention Program. Children from three (3) years to 13 or 14 years of age will be referred to the elementary school district in which the student resides for evaluation and appropriate services.

The Tolleson Union High School District is looking for any student who may need specialized instruction or specialized equipment. For all students new to the District, a teacher will complete screening activities within 45 calendar days of enrollment. The teacher and counselor will look at the student's ability in the areas of academics, vision, hearing, adaptive, communication, social/emotional and motor skills. If any concerns are noted, the student may be referred for additional help.

If you are aware of a child who may be in need of special education services, please contact the guidance office at your high school.

NOTIFICATION OF NON-DISCRIMINATION

Tolleson Union High School District does not discriminate on the basis of race, color, national origin, gender, age, or disability in admission to its programs, services, or activities, in access to them, in treatment of individuals, or in any aspect of their operations. Tolleson Union High School District also does not discriminate in its hiring or employment practices.

This notice is provided as required by Title VI of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973, Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, and the Americans with Disabilities Act of 1990. Questions, complaints, or requests for additional information regarding these laws may be forwarded to the designated compliance coordinator, Office of the Superintendent, Tolleson Union High School District, 9801 W. Van Buren, Tolleson, AZ 85353, (623) 478-4000.

CONCERNS AND COMPLAINTS PROCESS

It is the objective of the Tolleson Union High School District to resolve any concerns or complaints at the lowest level, starting first with the classroom teacher before progressing to the principal, and then on to the administrators at the District Office. The District has comprehensive policies to address public concerns and complaints related to personnel, instructional resources, or facilities and services. More information on these policies and the complaint process can be found through the principal's office at your school and in the policy section KE-Public Concerns in the Governing Board Policy Manual.

The Tolleson Union Governing Board Policy Manual is available in its entirety on the internet at <http://www.tuhsd.org/>. INTRODUCCIÓN

El Distrito de Escuelas Secundarias Tolleson se encuentra en la parte suroeste de la zona metropolitana de Phoenix. El distrito está compuesto de estudiantes que residen en la ciudad de Tolleson como en otras partes de las ciudades de Phoenix, Glendale y Avondale. Los cinco distritos de escuelas primarias que rodean al Distrito de Escuelas Secundarias Tolleson proporcionan los estudiantes para nuestras escuelas secundarias.

Las cifras de matrículas indican que hubo aproximadamente 11,779 estudiantes inscritos durante el año escolar 2014-2015. El Distrito tiene cinco escuelas secundarias: Tolleson Union, Westview, La Joya Community, Copper Canyon, Sierra Linda, y University High además de dos programas de educación alternativa, Academia de Educación Continua y Academia Lighthouse.

NOTIFICACIÓN DE BÚSQUEDA DE NIÑOS

El Distrito de Escuelas Secundarias Tolleson es responsable de la identificación, localización y evaluación de todos los estudiantes con incapacidades, elegibles para el bachillerato hasta los 21 años y, de enviar niños desde su nacimiento hasta los dos (2) años de edad al Programa de Intervención Temprana de Arizona. Se enviarán al distrito de escuela primaria, en el cual reside el estudiante, a los niños de tres (3) años hasta los 13 o 14 años de edad para su evaluación y servicios apropiados.

El Distrito de Escuelas Secundarias de Tolleson está buscando a cualquier estudiante que pueda necesitar enseñanza especializada o equipo especializado. Para todos los estudiantes nuevos al Distrito, el maestro/a completará actividades de investigación dentro de los primeros 45 días a partir del día de matrícula. El maestro/a y el consejero/a observará la habilidad del estudiante en las áreas académicas, de la vista, del oído, de adaptación, comunicación, social/emotiva y de las habilidades motoras. Si se hacen algunas anotaciones que sean motivo de preocupación, el estudiante puede ser remitido para recibir ayuda adicional.

Si usted tiene conocimiento de algún niño que pueda necesitar servicios de educación especial, por favor llame a la oficina de asesoría de su escuela secundaria.

NOTIFICACIÓN DE NO DISCRIMINACIÓN

El Distrito de Escuelas Secundarias de Tolleson no discrimina en contra de la raza, el color, nacionalidad, género, edad, o incapacidad en la admisión a sus programas, servicios, o actividades, el tener acceso a estos, en el tratamiento de individuos, o en cualquier aspecto de sus operaciones. El Distrito de Escuelas Secundarias Tolleson tampoco discrimina en sus prácticas de contrato y empleo.

Se proporciona esta notificación como requiere el Título IV del Acta de Derechos Civiles de 1964, Sección 504 del Acta de Rehabilitación de 1973, el Título IX de Enmiendas Educativas de 1972, el Acta de Discriminación de la Edad de 1975, y el Acta de Incapacidad de los Americanos de 1990. Las preguntas, quejas, o peticiones para obtener información adicional sobre estas leyes pueden ser dirigidas al coordinador de conformidad designado, Oficina del Superintendente, Distrito de Escuelas Secundarias Tolleson, 9801 W. Van Buren, Tolleson, AZ 85353, (623) 478-4000.

PROCESO PARA COMUNICACIÓN DE PREOCUPACIONES Y QUEJAS

Es el objetivo del Distrito de Escuelas Secundarias Tolleson el resolver cualquier preocupación o queja al nivel más bajo, comenzando con el maestro/a de clase antes de progresar hacia el director y luego hacia los administradores de la Oficina del Distrito. El Distrito tiene normas de gran amplitud para hacerse cargo de las preocupaciones del público y de las quejas relacionadas con el personal, de los recursos educativos o de las instalaciones o servicios. Más información sobre esas normas y el proceso de quejas puede conseguirse a través de la oficina del director de su escuela y en la sección de normas KE-Preocupaciones Públicas, en el Manual de Normas de la Mesa Directiva.

El Manual de Normas de la Mesa Directiva del Distrito de Escuelas Secundarias Tolleson completo está disponible en el internet en <http://www.tuhhsd.org/>. Escoja *Sobre Nosotros*, escoja *Asociación de Mesas Directivas de Arizona*, escoja *Manuales de Normas de Distritos Escolares*, escoja *Acceso Público Gratis*, y escoja *Distrito de Escuelas Secundarias Tolleson #214*.

GRADUATION REQUIREMENTS

Each student must successfully complete a minimum of twenty-two (22) credits. Specific requirements by subjects are as follows:

English/ESL	(4.0)	US/AZ History/Geography	(1.0)
Science	(3.0)	World History/Geography	(1.0)
Math	(4.0)	US or AZ Government	(0.5)
Health/PE	(1.0)	Fine Arts/CTE	(1.0)
Economics	(0.5)	Electives	(6.0)
In addition to the credit requirement, students are responsible for meeting Arizona State Board of Education testing requirements, i.e. STATE REGULATED ASSESSMENT as well as completing a State required Education Career Action Plan (ECAP).			

ADDITIONAL REQUIREMENTS

Students in the graduating classes of 2017 or later will no longer be required to pass a high stakes test in order to graduate and instead will have their performance on course-specific achievement tests incorporated into their course grades throughout their high school careers.

The Board is currently in the process of identifying the new assessments that will be used. Further information will be shared with the field as it becomes available.

GUIDELINES FOR COMPLETION OF GRADUATION REQUIREMENTS

- Students may elect to return for another semester or school year if requirements are not met for graduation. At the end of four (4) years of course work, a student may pre-register for classes if it is apparent that requirements will not be met.
- A student may take summer school or night classes from an accredited institution.
- A student may enroll at the James E. Green Continuing Education Academy (CEA) if he/she meets eligibility requirements.
- A student may elect to take correspondence classes. Permission from the Guidance Department and school administration must be obtained in order to determine which course(s) can be taken to fulfill graduation requirements.
- Tolleson Union High School District will accept credit(s) for completion of graduation requirements from community college provided dual credit forms are signed by the advisor, college liaison officer, and the administration prior to taking class(es).
- Tolleson Union High School District will award a diploma to a student who completes graduation requirements through correspondence, night school, and summer school or through the Dual Credit Program **ONLY IF** Tolleson Union High School District was the last district attended.
- It is the responsibility of each student to inform the Guidance Department of his/her intention to complete requirements for graduation for purpose of participation in graduation ceremonies, etc.
- Students who desire to graduate in **FEWER THAN FOUR (4) YEARS** must petition the administration at least once semester prior to completing the requirements necessary for graduation.

REQUISITOS DE GRADUACIÓN

Cada estudiante debe completar un mínimo de veintidós (22) créditos. Los requisitos específicos para las materias son los siguientes:

Ingles/ESL	(4.0)	Historia/Geografía de los EE.UU/AZ	(1.0)
Ciencia	(3.0)	Historia/Geografía Mundial	(1.0)
Matemáticas	(4.0)	Gobierno de los EE.UU o AZ	(0.5)
Salud/PE	(1.0)	Bellas Artes/CTE	(1.0)
Economía	(0.5)	Electivas	(6.0)
Además de la exigencia de crédito , los estudiantes son responsables de cumplir con la Junta Estatal de Arizona de los requisitos de pruebas de educación, es decir ESTADO DE EVALUACIÓN REGULADA , así como completar un estado requerido Educación Plan de Acción Profesional (ECAP) .			

REQUISITOS ADICIONALES

Los estudiantes en las clases de graduación de 2017 o más adelante ya no serán obligados a pasar un examen de apuestas altas para poder graduarse y en su lugar tendrá sus resultados en las pruebas de rendimiento específicos de cursos incorporados en sus calificaciones de los cursos a lo largo de su carrera de secundaria.

El Consejo está actualmente en el proceso de identificación de las nuevas evaluaciones que se utilizarán. Más información será compartida con el campo a medida que esté disponible.

PAUTAS PARA COMPLETAR LOS REQUISITOS DE GRADUACIÓN

- Los estudiantes pueden elegir el regresar otro semestre o año escolar si no han cumplido con los requisitos de graduación. Al final de los cuatro años de trabajo en los cursos, un estudiante puede pre-inscribirse para clases si es obvio que no se cumplirá con los requisitos.
- Un estudiante puede tomar clases de verano o nocturnas en una entidad acreditada.
- Un estudiante puede inscribirse en la Academia de Educación Continua de James A. Green (CEA) si él/ella cumple con los requisitos de elegibilidad.
- Un estudiante puede tomar clases por correspondencia. Debe obtenerse permiso del Departamento de Asesoría y de la administración de la escuela para poder determinar el/los curso(s) que pueden tomarse para cumplir con los requisitos de graduación.
- El Distrito de Escuelas Secundarias Tolleson aceptará créditos universitarios de los colegios para cumplir con los requisitos de graduación, a condición de que las formas de crédito doble sean firmadas por el consejero / a, el oficial de enlace del colegio y la administración antes de tomar la / las clase (s).
- El Distrito de Escuelas Secundarias Tolleson otorgará un diploma al estudiante que haya cumplido con los requisitos de graduación por medio de cursos por correspondencia, escuela nocturna y escuela de verano o a través del Programa de Crédito Doble **SOLO SI** el Distrito de Escuelas Secundarias Tolleson fue el último distrito al que asistió el estudiante.
- Es responsabilidad de cada estudiante el informar al Departamento de Asesoría sobre su intención de completar los requisitos de graduación con el propósito de participar en ceremonias de graduación, etc.
- Los estudiantes que deseen graduarse **EN MENOS DE CUATRO (4) AÑOS** deben presentar una petición a la administración por lo menos un semestre antes de completar los requisitos de graduación.

GRADUATION REQUIREMENTS

Determining Competency for Graduation Credit

Determination and verification of student accomplishment of subject-area course requirements and/or competencies for graduation credit shall be the responsibility of a subject-area teacher, department chair, and the Assistant Principal of Curriculum, Assessment, and Instruction, and at a minimum, shall be in accordance with the following:

- The student shall have successfully completed the subject area course requirements incorporating the essential skills and competencies from the course of study adopted by the Governing Board in accordance with the District adopted grading system; or
- As an alternative to completing the course requirements, a student may request, upon a showing familiarity with the subject matter of the course, an examination on the competencies of the course. The student may take an examination on a particular course at any prescribed time each academic year. The examination shall be prepared by a teacher of the subject matter who is designated by the Superintendent, or it may be the End of Course Assessment for the specific subject. To receive graduation credit, the student must demonstrate accomplishment of the essential skills and competencies adopted by the State Board of Education and the Governing Board. Demonstration of accomplishment of the skills and competencies shall be determined in accordance with accepted practices in evaluation of students. A copy of the test results, verified by the appointed teacher, shall be filed with the student's records. Students who pass the test will receive a "P" for a passing grade on their transcript, which will be excluded from their GPA, and receive credit for that class. Letter grades are not given for receiving credit for a course through the testing out process.

REGISTRATION

Registration of current eighth grade students for entrance into ninth grade next year will occur during December of the current school year. Ninth, tenth and eleventh grade students will register for the next school year during the first semester of the current school year. Actual registration procedures will be explained by the guidance advisors at each school. All questions about specific course offerings and graduation requirements should be directed to the guidance advisors.

All new enrollees are required to return their Student Information card signed by their parent/guardian prior to enrollment for the current or new school year.

READING REQUIREMENT

At the school's discretion, students reading below grade level may be required to enroll in a reading class.

In addition to Freshman English, students will be provided an elective for literacy support. Students who are more than a year below grade level will be provided more intensive interventions through reading elective classes. See page 52 for course description.

REQUISITOS DE GRADUACIÓN

Competencias Determinantes del Crédito para Graduación

Determinación y verificación de los logros del estudiante en las materias requeridas y/o competencias para crédito de graduación serán responsabilidad del maestro/a que enseña el material, del jefe del departamento, y del Asistente del Director de Currículo, Instrucción y Evaluación y como mínimo, deberá estar conforme con lo siguiente:

- El estudiante habrá completado con éxito el curso de la materia requerida incorporando las habilidades esenciales y competencias del curso de estudio adoptado por la Mesa Directiva de acuerdo con el sistema de notas adoptado por el Distrito; o
- Como alternativa para completar los requisitos del curso, un estudiante puede solicitar, mostrando conocimiento de la materia del curso, un examen sobre las competencias del curso. El estudiante puede tomar el examen de cualquier curso en particular, en cualquier momento prescrito, durante cada año académico. El examen será preparado por un maestro/a de la materia, quien es designado por el Superintendente, o puede ser la Evaluación de Fin de Curso para la materia específica. Para recibir crédito de graduación, el estudiante deberá demostrar logros en las habilidades esenciales y competencias adoptadas por la Junta Directiva de Educación del Estado y por la Mesa Directiva. La demostración de los logros de las habilidades y competencias será determinada de acuerdo con las prácticas aceptadas para la evaluación de los estudiantes. Una copia de los resultados del examen, verificado por él/la maestro/a designado/a, será archivada en el expediente del estudiante. Los estudiantes que pasen el examen recibirán una "P", que indica una nota aceptada, en su transcripción, la cual se excluirá de su GPA, y recibirá crédito por esa clase. No se dan notas con letras cuando se recibe crédito en un curso por medio del proceso de evaluación de un curso en el cual se ha hecho un examen para obtener crédito.

MATRÍCULAS

La matriculación de los alumnos actuales del octavo grado para la entrada al noveno grado el año que viene tendrá lugar durante el mes de diciembre del año escolar actual. Los alumnos de los grados nueve, diez y once, se matricularán para el próximo año escolar durante el primer semestre del año actual. Los procedimientos actuales de matriculación serán explicados por los asesores de orientación en cada escuela. Todas las preguntas sobre ofrecimientos específicos de los cursos y sobre requisitos de graduación deben ser dirigidas a los asesores de orientación.

Es requisito que todos los estudiantes nuevos regresen el formulario de Información del Estudiante firmado por el padre/guardián antes de inscribirse para el año escolar actual o para el nuevo año.

REQUISITOS DE LECTURA

A discreción de la escuela, los estudiantes que leen por debajo del nivel de grado pueden ser obligados a inscribirse en una clase de lectura.

Además de los estudiantes de primer año de inglés, los estudiantes recibirán un curso electivo para el apoyo de la capacitación en lectura y escritura. Los estudiantes que tengan más de un año por debajo del nivel de grado se le proporcionarán las intervenciones más intensivas a través de clases de lectura electivas. Consulte la página 52 para la descripción del curso.

**RECOMMENDED MINIMUM COURSE OF STUDY
FOR ALL STUDENTS
EXTRA CURRICULAR AND CO-CURRICULAR STANDARDS POLICY**

Freshman Year	Credit(s)	Sophomore Year	Credit(s)
Algebra I	1.0	Biology or Chemistry	1.0
Elective	1.0	Elective	1.0
English	1.0	English	1.0
Health/PE	1.0	Foreign Language	1.0
Foreign Language	1.0	Geometry	1.0

Junior Year	Credit(s)	Senior Year	Credit(s)
Algebra II	1.0	Economics	0.5
Chemistry or Physics	1.0	English	1.0
Elective	1.0	Elective	3.0
English	1.0	Pre-Calculus, Calculus, College Algebra, or Statistics	1.0
Fine Arts or CTE	1.0		
United States/Arizona History and Geography	1.0	United States/Arizona Government	0.5

Every college and university has its own entrance requirements.
Students need to contact the college/university they are interested in attending to learn of other entrance requirements.

Tolleson Union High School District has a co-curricular policy for its students. If a student is interested in participating in any sport or organization, he/she should obtain information from the Administration Office at his/her school.

STUDENT ATHLETES

In order to play a sport in college, students must meet a specific set of academic standards. It is the responsibility of the student to make sure that he/she has met the needed standards.

More information can be obtained by speaking with a coach or guidance advisor. Additional information is available by visiting the District website at www.tuhsd.org or the NCAA Eligibility Center website at www.eligibilitycenter.org or by calling toll free 1-877-622-2321.

FOREIGN EXCHANGE STUDENT POLICY

Tolleson Union High School District supports and encourages its students to broaden their educational experience and cultural awareness by participating in a foreign exchange program. To ensure quality and continuity in a student's academic growth, the following rules and procedures will apply to all foreign exchange program participants:

- The foreign exchange program must be recognized and approved by the Arizona Department of Education;
- The student must obtain a recommendation from his/her advisor and permission from the Principal;
- The student's grade point average is not affected by participation in a foreign exchange program;
- The student's class rank will be reinstated upon re-enrollment in the Tolleson Union High School District. During the period the student is participating in the foreign exchange program, he/she will be acknowledged for the purposes of college scholarships as being in the top five (5) or ten (10) percent of his/her class only, providing his/her class rank at the time of entering the foreign exchange program qualifies him/her for such recognition.

**PLAN DE ESTUDIO MINIMO RECOMENDADO
PARA TODOS LOS ESTUDIANTES
POLÍTICA DE ESTÁNDARES EXTRA-CURRICULARES Y CO-CURRICULARES**

Grado 9	Crédito(s)	Grado 10	Crédito(s)

Inglés	1.0	Electiva	3.0
Química o Física	1.0		

Cada colegio y universidad tiene sus propios requisitos de entrada. Los estudiantes necesitan ponerse en contacto con el colegio/universidad a la cual les interesa asistir para enterarse de otros requisitos de entrada.

El Distrito de Escuelas Secundarias Tolleson tiene una política de estándares co-curriculares para sus estudiantes. Si un estudiante está interesado en participar en cualquier deporte u organización, él/ella deberá obtener información en la Oficina Administrativa de su escuela.

ESTUDIANTES ATLETAS

Para poder jugar un deporte en el colegio, los estudiantes deben mantener una serie de estándares académicos específicos. Es responsabilidad del estudiante el asegurar que él/ella haya logrado satisfacer los estándares necesarios.

Se puede obtener más información hablando con su entrenador o consejero/a de asesoría. Usted puede obtener información adicional visitando la red del Distrito en www.tuhdsd.org o la red del NCAA Centro de Ilegibilidad en www.eligibilitycenter.org o llamando al 1-877-622-2321 sin costo alguno.

POLITICA DE ESTUDIANTES EXTRANJEROS DE INTERCAMBIO

El Distrito de Escuelas Secundarias Tolleson apoya y alienta a sus estudiantes para que amplíen su experiencia educativa y su conocimiento cultural participando en el programa de intercambio extranjero. Para asegurar la calidad y continuidad en el crecimiento académico del estudiante, se aplicarán las siguientes reglas y procedimientos a los participantes del programa de intercambio extranjero:

- El programa de intercambio extranjero debe estar reconocido y aprobado por el Departamento de Educación de Arizona;
- El alumno deberá obtener una recomendación de su / su asesor y el permiso de la Directora;
- El promedio de notas del estudiante no se verá afectado por su participación en el programa de intercambio extranjero;
- Se reintegrará el rango en clase del estudiante en cuanto vuelva a inscribirse en el Distrito de Escuelas Secundarias Tolleson. Durante el periodo de tiempo que el estudiante participará en el programa de intercambio extranjero, él/ella será reconocido/a con los propósitos de becas para los colegios estando entre los primeros cinco (5) o diez (10) porcientos de su clase solamente, siempre y cuando su rango en el momento de entrar al programa de intercambio extranjero lo/la haga merecedor/a de tal reconocimiento.

ARIZONA UNIVERSITIES

Academic Competency Requirement

The Arizona Board of Regents, the governing body for the three state universities, has established a more detailed list of entrance requirements for their schools as noted below:

ENGLISH - GRAMMAR, COMPOSITION, LITERARY ANALYSIS – 4 YEARS/UNITS

Elective courses such as Journalism, Business Communications, Speech, and any others not devoted exclusively to the study of English may not be substituted for a required English course.

MATHEMATICS – 4 YEARS/UNITS

Algebra I; Geometry; Algebra II; any advanced math course in which Algebra II is a prerequisite, i.e., Pre-Calculus, Calculus, College Algebra.

LABORATORY SCIENCE – 3 YEARS/UNITS

One year/unit in at least three of the four following laboratory sciences: Chemistry, Physics, Earth Science, or Biology. A laboratory-based Integrated Science course may be allowed to substitute for one of the three courses. An advanced level (e.g., Advanced Placement [AP] or honor course) to a subject completed previously can be used for a third year/unit.

SOCIAL STUDIES – 2 YEARS/UNITS

One year/unit of American History and one year/unit of an additional social science such as Geography, U.S. Government, Psychology, Anthropology, European or World History, Economics or Sociology.

FOREIGN LANGUAGE – 2 YEARS/UNITS

Two units of the same foreign language; a third year is recommended. Sign Language may be used to fulfill this requirement.

CTE OR FINE ARTS – 1 YEAR/UNIT

A unit of the same class or same CTE Fine Arts class is required.

Course applicability to competency requirements will be considered on a case-by-case basis for all courses.

UNIVERSIDADES DE ARIZONA

Requisitos de Competencias Académicas

La Mesa Directiva de Regentes de Arizona, la cual es el cuerpo que gobierna las tres universidades estatales, ha establecido una lista más detallada con requisitos de entrada a sus escuelas como vemos a continuación:

INGLES - GRAMÁTICA, COMPOSICIÓN, ANÁLISIS DE TÉRMINOS LITERARIOS – 4 AÑOS/UNIDADES

Los cursos electivos tales como Periodismo, Comunicación Empresarial, el habla y los otros no dedicados exclusivamente al estudio de inglés no pueden ser sustituidos por un curso de inglés requerido.

MATEMÁTICAS – 4 AÑOS/UNIDADES

Algebra I; Geometría; Algebra II; cualquier curso avanzado de matemáticas para el cual Algebra II es pre-requisito, por ejemplo, Pre-Cálculo, Cálculo, Algebra Pre-Universitaria.

CIENCIA DE LABORATORIO – 3 AÑOS/UNIDADES

Un(a) año/unidad en por lo menos tres de las cuatro siguientes ciencias de laboratorio: Química, Física, Ciencias de la Tierra, o Biología. Se podría permitir un curso de Ciencia Integrada basado en laboratorio para sustituir uno de los tres cursos. Un nivel avanzado (por ej., Colocación Avanzada [AP] o curso honores) de una materia terminada previamente puede ser utilizado para un tercer año/unidad.

ESTUDIOS SOCIALES – 2 AÑOS/UNIDADES

Un año/unidad de Historia Americana y un año/unidad de una ciencia social adicional tal como Geografía, Gobierno de EE.UU., Psicología, Antropología, Historia Mundial o Europea, Economía o Sociología.

IDIOMA EXTRANJERO – 2 AÑOS/UNIDADES

Dos unidades del mismo idioma extranjero; se recomienda un tercer año. Se puede utilizar el Lenguaje por Señas para cumplir con este requisito.

CTE o BELLAS ARTES – 1 AÑO/UNIDAD

Se requiere una unidad de la misma clase o CTE misma clase Bellas Artes.

La aplicabilidad de los cursos a las competencias requeridas será considerada en base a cada caso para todos los cursos.

COURSE PLACEMENT AND TRANSFER POLICY

Each department will devise appropriate criteria for the identification and placement of entering students into classes within the department. These criteria are subject to review and approval by the Assistant Principal for Curriculum and Instruction.

Students transferring to Tolleson Union High School District from another accredited high school shall be automatically placed in any advanced class in which they were enrolled at their previous school.

ADVANCED AND ADVANCED PLACEMENT (AP) COURSES

All students are eligible to enroll in advanced courses available in the subject areas of English, Math, Science, Social Studies and Foreign Language. Students will earn additional weights for grades of A, B, or C only.

Through college-level AP courses students have the opportunity to explore areas that might otherwise remain unexplored. Through the AP exam system, students have the opportunity to earn credit or advanced standing at most colleges and universities. AP courses are offered in the subject areas of English, Math, Science, Social Studies and Foreign Language. Students will earn additional weights for grades of A, B, or C only.

Parent request, guidance advisor and teacher recommendations will be key factors in placement in advanced and AP courses.

Note: There is a fee to take the AP exam; payable in campus bookstore.

DUAL ENROLLMENT PLACEMENT

Students may receive both high school and community college credit while enrolled in Tolleson Union High School District courses that are taught by TUHSD teachers approved to offer dual enrollment credit. Tuition fee payments are required to enroll for dual enrollment opportunities.

CONCURRENT ENROLLMENT PLACEMENT

Students who are enrolled in high school may also take community college or university courses at the college campus outside of high school class time. Prior approval by the principal or a designee is required for each course in order to be granted high school credit.

POLITICA DE COLOCACIÓN Y TRANSFERENCIA DE CURSOS

Cada departamento desarrollará un criterio apropiado para la identificación y colocación de los estudiantes que entran a las clases en ese departamento. Este criterio está sujeto a revisión y aprobación del Asistente del Director de Currículo e Instrucción.

Los estudiantes que transfieren al Distrito de Escuelas Secundarias Tolleson de otra escuela secundaria acreditada serán colocados automáticamente en las mismas clases en las que estaban matriculados en la escuela a la que asistían.

CURSOS AVANZADOS Y DE COLOCACIÓN AVANZADA (AP)

Todos los estudiantes son elegibles para matricularse en cursos Avanzados disponibles en las áreas de Inglés, Matemáticas, Ciencias, Estudios Sociales e Idiomas Extranjeros. Los estudiantes obtendrán peso adicional en las notas de A, B, y C solamente.

A través de los cursos AP de colocación avanzada de colegio, los estudiantes tienen la oportunidad de explorar áreas que de otra manera quedarían sin ser exploradas. A través del sistema de exámenes AP, los estudiantes tienen la oportunidad de obtener crédito o avanzar en la colocación en la mayoría de colegios y universidades. Se ofrecen cursos AP en las áreas de Inglés, Matemáticas, Ciencias, Estudios Sociales e Idiomas Extranjeros. Los estudiantes obtendrán peso adicional en las notas de A, B o C solamente.

La petición de los padres y las recomendaciones del consejero/a y del maestro/a serán factores claves en la colocación en cursos avanzados y AP.

Nota: Habrá que pagar una tarifa para tomar el examen AP; pagaderos en librería del campus.

COLOCACIÓN CON MATRÍCULA DOBLE

Los estudiantes pueden recibir crédito tanto de la escuela secundaria como del colegio comunitario mientras están matriculados en cursos de Distrito Tolleson Unión High School que son enseñadas por maestros de TUHSD que fueron aprobados para ofrecer créditos de matrícula doble. Se exige pago de tasas de matrícula para inscribirse en las oportunidades de matrícula doble.

MATRÍCULA DE COLOCACIÓN CONCURRENT

Los estudiantes matriculados en la secundaria también pueden tomar cursos en el colegio comunitario o en la universidad fuera de las horas de clase de la escuela secundaria. Se requiere obtener aprobación previa del director o persona designada para cada curso para poder garantizar el obtener crédito en la escuela secundaria.

WITHDRAWAL AND TRANSFER

All requests for class transfers must be completed by the **second week** of each semester in order to receive consideration, unless the reason for the request is based upon inappropriate placement.

A student may be withdrawn from a class without penalty through the end of the second week of the semester. After the second week, a student must be passing the class to be withdrawn without penalty. If a student is failing the class, his/her permanent academic record shall reflect a grade of F (failure).

Any student who receives a failing grade for the semester in an advanced class may be withdrawn from that class prior to beginning the second semester and placed in a general education class.

A parental request for withdrawal of a student from a class shall be handled in accordance with the school policy for transferring classes.

LATE ENTRY

Students *entering after the second week* of a semester may earn credit if they complete the necessary requirements. **Transfer grades will be accepted.**

GRADING SYSTEM

The District has adopted a two-level, weighted grading system. Both Advanced Placement (AP) and Advanced courses earn an extra point for a "C" or higher. Approved summer school courses are included in the grade point average (GPA).

The following grade point system is used to calculate GPA, Honor Roll, and Class Rank:

<u>Letter Grade/Indicator</u>	<u>Percent Range</u>	<u>Accelerated Points</u>	<u>Regular Points</u>
A – Superior	90-100%	5.0	4.0
B – Good	80-89%	4.0	3.0
C – Average	70-79%	3.0	2.0
D – Barely Passing	60-69%	1.0	1.0
F – Fail	59% and below	0.0	0.0
P – Pass	N/A	N/A	N/A
I – Incomplete	N/A	N/A	N/A
AU – Audit	N/A	N/A	N/A
NC – No Credit	N/A	N/A	N/A

The District includes grade points for all courses except Teacher Aide, Peer Tutor and those for which students earn credit through test out. For these courses, a letter grade of "P" or "F" is given. Students who pass are awarded elective credit, but no points are accumulated toward GPA.

A grade indicator of "I" may be used by a teacher at the end of the grading period whenever a student, due to illness or extenuating circumstances, has not had sufficient time to demonstrate mastery of course requirements. Students will have 15 days following the completion of a semester to make-up all work and receive a letter grade.

PROGRESS REPORTS

Official progress reports will be issued four (4) times per year at the mid-point of each quarter to advise parents on the academic progress of their student(s). These are handed out to students to be taken home.

REPORT CARDS

Grade reports to parents are made on a nine (9) week basis. Report cards include an explanation of the system of marks used. Before report cards are distributed, each nine (9) week period, the teacher will explain the marking system to the students.

Parents should expect to receive report cards one (1) week after the grading period ends in the mail.

ABANDONO DE LA ESCUELA Y TRANSFERENCIA

Todas las peticiones para transferencia de clases deben ser completadas a más tardar la **segunda semana** de cada semestre para que puedan ser consideradas a menos que la razón por la cual se hace la petición esté basada en colocación no apropiada.

Un estudiante puede abandonar una clase sin consecuencias hasta el final de la segunda semana del semestre. Después de la segunda semana, el estudiante debe estar pasando la clase para poder abandonarla sin consecuencias. Si un estudiante está reprobando la clase, su expediente académico permanente reflejará una nota de F (reprobar).

Cualquier estudiante que reciba una calificación reprobatoria en el semestre en una clase avanzada puede ser retirado de la clase antes de comenzar el segundo semestre y ser colocado en una clase de educación general.

Una petición de los padres para retirar a un estudiante de una clase será manejada de acuerdo con las normas de transferencias de clases de la escuela.

ENTRADA TARDE

Estudiantes que entran después de la segunda semana de haber comenzado un semestre podrían obtener crédito si completan los requisitos necesarios. Se aceptará transferencia de notas.

SISTEMA DE CALIFICACIONES

El Distrito ha adoptado un sistema de notas con peso de dos niveles. Tanto las clases de Colocación Avanzada (AP) como las de cursos Avanzados obtienen un punto extra por cada "C" o notas más altas. Cursos de verano aprobados se incluyen en el promedio de notas (GPA).

El sistema de puntos que vemos a continuación se utiliza para calcular el promedio (GPA), Honores, y Rango en Clase:

<u>Letra Nota/Indicador</u>	<u>Porcentaje Abarcado</u>	<u>Puntos Acelerados</u>	<u>Puntos Regulares</u>
A – Superior	90-100%	5.0	4.0
B – Bueno	80-89%	4.0	3.0
C – Promedio	70-79%	3.0	2.0
D – Pasando Apenas	60-69%	1.0	1.0
F – Reprobar	59% y por debajo	0.0	0.0
P – Pasar	N/A	N/A	N/A
I – Incompleto	N/A	N/A	N/A
AU – Oyente	N/A	N/A	N/A
NC – Sin Crédito	N/A	N/A	N/A

El Distrito incluye calificaciones con puntos en todos los cursos excepto en Auxiliar del Maestro/a, Tutoría entre Estudiantes, y aquellos en los cuales los estudiantes obtienen crédito por medio de un examen. Para estos cursos, se dan las letras "P" y "F". Los estudiantes que pasan esta clase reciben crédito electivo, pero no acumulan puntos hacia el GPA.

Una nota con el indicador "I" puede ser utilizada por el maestro/a al final del periodo de notas cuando un estudiante, debido a enfermedad o circunstancias extenuantes, no ha tenido suficiente tiempo para demostrar maestría a través de los requisitos del curso. Los estudiantes tendrán 15 días al final de cada semestre para hacer todo el trabajo que deben y recibir una nota de letra.

REPORTES DE PROGRESO

Los reportes de progreso oficiales saldrán cuatro (4) veces al año en el punto medio de cada periodo de notas para informar a los padres sobre el progreso académico de su estudiante(s).

CALIFICACIONES

Las calificaciones para informar a los padres se dan cada nueve (9) semanas. Las calificaciones incluyen una explicación del sistema de puntos utilizado. Antes de distribuir las calificaciones cada nueve (9) semanas, el maestro/a explicará el sistema de puntos a los estudiantes.

Los padres deben esperar recibir las calificaciones por correo una (1) semana después de terminar el periodo de calificación.

REPEATING COURSES

Though all courses may be repeated to raise a grade, core credit toward graduation is only earned once for any class. In the case of a repeated core course, only the higher grade is documented for core credit.

GRADUATION HONORS

The schools will recognize the top 1% of each school's graduation class as graduating with Highest Distinction, the top 3% with High Distinction, and the top 10% with Distinction.

QUALIFICATIONS FOR ACADEMIC HONORS

A student may qualify for Academic Honors by earning a weighted semester Grade Point Average (GPA) of:

GPA	Academic Honor
3.0 - 3.49	Honor Roll
3.5 - 3.99	Principal's List
4.0 and above	Superintendent's List

ADDITIONAL EDUCATIONAL OPPORTUNITIES

Credit Recovery Labs

Each school in the Tolleson Union High School District has a credit recovery program that is designed to give students an alternative method of instruction to regain credit loss due to a previous unsuccessful grade. Students work independently to complete coursework under the general supervision of certified teachers. While students follow the District adopted curriculum and graduation requirements, this program offers students the flexibility to meet individual needs, interests, and learning styles. Enrollment in this program is by referral from the student's school guidance advisor and parental approval. An application must be completed as part of the enrollment process. More information can be obtained from your school's Guidance Office.

Continuing Education Academy

The James A. Green Continuing Education Academy is an alternative education program in the Tolleson Union High School District that is designed to provide at-risk and/or disaffected youths a non-traditional high school program that will meet the academic, vocational, social, and emotional needs of the individual student, thus allowing him/her to work toward obtaining their high school diploma. In addition, multiple instructional and support services will be provided to assist students in developing responsible patterns of behavior, including increased and sustained academic productivity and age-appropriate social interaction. More information can be obtained from your school's Guidance Office.

Summer School

Summer school is currently offered by the Tolleson Union High School District and is open to incoming ninth through twelfth grade students. Students may take one class per summer school session to earn 0.5 credit for the class. A maximum of one (1) unit of credit (two classes) may be earned in the summer school program per summer or all together throughout high school. Tuition is charged for each semester (0.5 credit) course taken. More information can be obtained from your school Guidance Office.

REPETICIÓN DE CURSOS

Aunque todos los cursos pueden ser repetidos para subir una nota, crédito del núcleo hacia la graduación solo se obtiene una vez para cada clase. En el caso de una clase repetida del núcleo, sólo se documentará la nota más alta para crédito del núcleo.

GRADUACIÓN CON HONORES

Las escuelas reconocerán con Distinción Altísima al 1% más alto de la clase de graduandos de cada escuela, el 3% más alto con Distinción Alta, y el 10% más alto con Distinción.

CALIFICACIONES PARA LA LISTA DE HONORES

Un estudiante puede calificar para Honores Académicos mediante la obtención de un promedio ponderado de calificaciones (GPA) por semestre de:

GPA	Honor Académico
3.0 - 3.49	Cuadro de Honor
3.5 - 3.99	Lista del Director
4.0 y por encima	Lista del Superintendente

OPORTUNIDADES EDUCATIVAS ADICIONALES

Laboratorios para Recuperación de Créditos

Cada escuela en el Distrito de Escuelas Secundarias Tolleson tiene un programa de recuperación de créditos diseñado para dar a los estudiantes un método alternativo de instrucción para recuperar créditos perdidos debido a no haber tenido éxito en las notas obtenidas previamente. Los estudiantes trabajan independientemente para completar los trabajos del curso bajo la supervisión general de maestros habilitados para ejercer la docencia. Mientras que los estudiantes cumplen con el currículo y los requisitos de graduación adoptados por el Distrito, este programa ofrece a los estudiantes la flexibilidad necesaria para responder a las necesidades individuales, intereses y estilos de aprendizaje. La inscripción en este programa es por recomendación del consejero/a escolar del estudiante y consentimiento de los padres. Debe llenarse una aplicación como parte del proceso de inscripción. Puede obtenerse más información de la Oficina de Asesoría de su escuela.

Academia de Educación Continua

La Academia de Educación Continua James A. Green es un programa de educación alternativo en el Distrito de Escuelas Secundarias Tolleson el cual está diseñado para proporcionar un programa de bachillerato no tradicional a los estudiantes con riesgos y/o desinclinados que responda a las necesidades académicas, vocacionales, sociales y emotivas de cada estudiante individualmente, lo cual les permite trabajar hacia la obtención de su diploma de bachillerato. Además, se proporcionarán numerosos servicios de enseñanza y apoyo para ayudar a los estudiantes a desarrollar patrones responsables de comportamiento, incluyendo el aumento y mantenimiento de la productividad académica y la interacción social apropiada para su edad. Puede obtenerse más información de la Oficina de Asesoría de su escuela.

Escuela de Verano

El Distrito de Escuelas Secundarias Tolleson actualmente ofrece la escuela de verano la cual está abierta para todos los alumnos del noveno grado que llegan hasta los del grado doce. Los estudiantes pueden tomar una clase por sesión escolar de verano para obtener 0.5 crédito por la clase. Se puede obtener un máximo de una (1) unidad de crédito (dos clases) en el programa de escuela de verano, por verano o en su totalidad durante la secundaria. Se cobra por cada semestre (0,5 créditos) de curso tomado. Puede obtenerse más información de la Oficina de Asesoría de su escuela.

COURSE DESCRIPTIONS

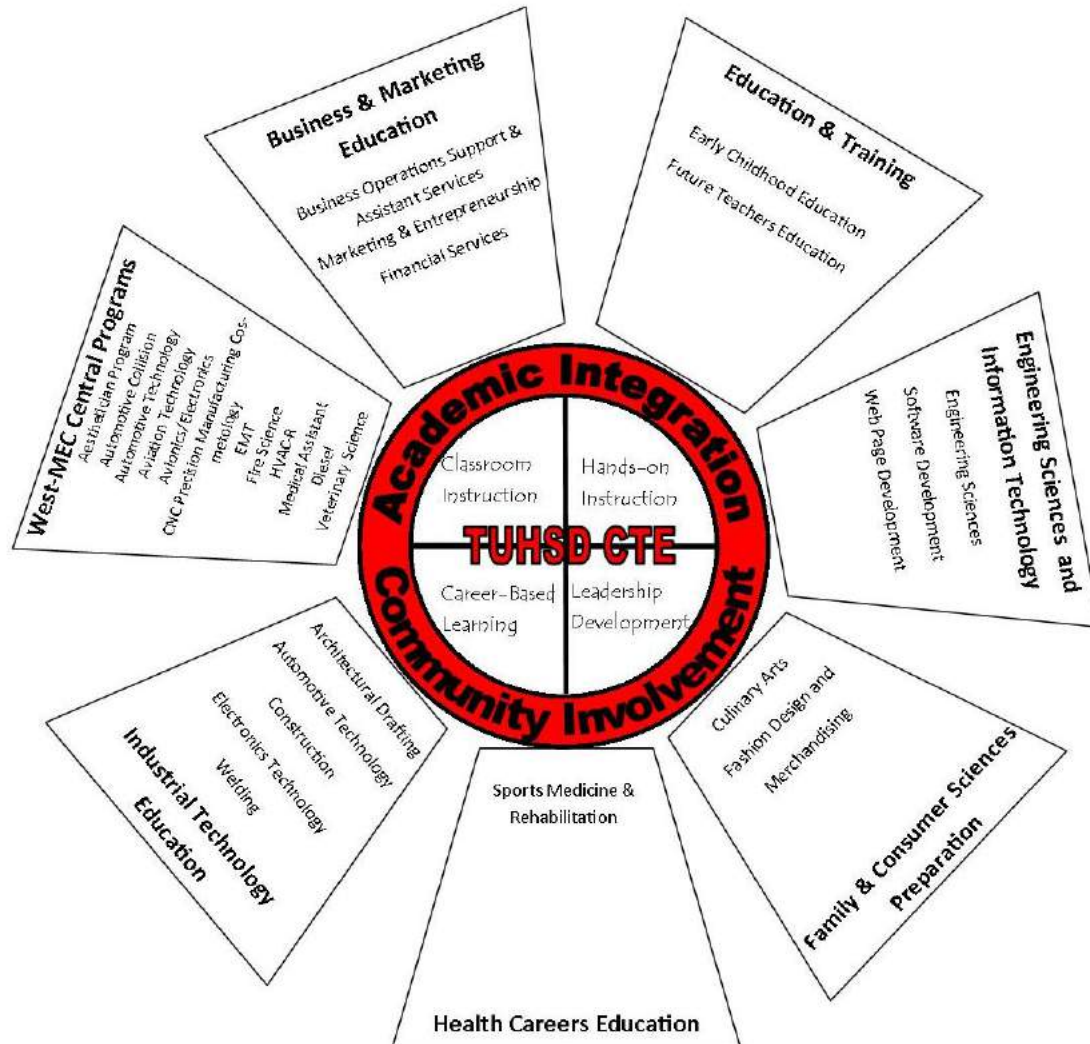

Courses listed in this course description guide are proposed for the 2016-2017 school year in the Tolleson Union High School District. The final decision to offer a class will be dependent on the following factors:

- Classroom space;
- Availability of a certified/highly qualified teacher;
- Meets minimum enrollment standards; and
- Ability of the District to financially support the class.

Note: There are class fees associated with some courses; see page 19.

CAREER AND TECHNICAL EDUCATION (CTE)

Tolleson Union High School District Career and Technical Education teachers respond to the needs of the ever changing global economy by better training and preparing future employees through the use of the Total Program Delivery Model (below). CTE prepares students for a wide range of careers. These careers require varying levels of education - from high school diplomas and industry or post-secondary certificates to college degrees. Many of the CTE programs in TUHSD offer the opportunity for students to earn community college credit upon successful completion of their class.

Career & Technical Education covers a variety of challenging fields which are constantly evolving due to the changing global economy. Some of the career areas that students may enter through Career & Technical Education in the Tolleson Union High School District include:

CTE Programs of Study

Automotive Technology

Bioscience

Business Operations Support and
Administrative Services

Construction

Digital Photography

Culinary Arts

Early Childhood Education

Engineering Sciences

Fashion Design & Merchandising

Financial Services

Future Teacher Education

Journalism

Marketing

Software Development

Sports Medicine & Rehabilitation

Web Page Development

Welding Technologies

Employment Opportunities *(includes but not limited to)*

auto maintenance, auto repair, automotive engineer

scientist, laboratory assistant, medical research, biomedical
engineer, geneticist

data entry, management, filing, records management,
entrepreneurship

carpentry, cabinet making, electrical, masonry, concrete,
construction field technician, general foreman

photographer or editor (studio, fashion, food, forensic,
medical, architecture, real estate).

pastry chef, prep cook, executive chef, food & beverage
handler, recipe taster & developer, restaurant publicist, food
service manager, dietetic technician

childcare provider/director, preschool teacher/director,
paraprofessional nanny, teaching assistant, social worker,
pediatric physical/speech therapist, parent educator

aeronautical engineer, electrical engineer, mechanical
engineer, industrial engineer, civil engineer

fashion apparel designer, fashion apparel buyer, fashion
journalist, showroom manager, display coordinator, fashion
stylist, retail manager, textile performance tester

finance, banking, real estate, book keeping, insurance,
economist, analyst

teacher, counselor, principal, professor, speech therapist

photographer, graphic designer, newscaster, videographer,
writer/author, producer, radio, editor

business owner, advertising, public relations, brand
management, media director, communications

computer programmer, hardware/software support,
software engineer

athletic trainer, personal trainer, physical therapist, physical
therapist assistant, physical therapist tech, physician, nurse

systems manager, web page design/management

welder, solder, metal cutter, welding engineer, construction
welder, plumber, ironworker, pipe fitter, metal engineer,
metallurgist

Programs are reviewed annually and updated to reflect alignment with business/industry standards. Rigorous Arizona academic standards are also taught to prepare students to meet the demands of our changing economy. CTE classes develop the skills most sought after by employers including strong academic and critical thinking skills, strong technical skills, and employability skills of teamwork, communication, and effective work habits.

RECOMMENDED INTRODUCTORY COURSE FOR MOST CTE PROGRAMS

ACADEMIC/CAREER

SUCCESS 1-2

COURSE #5491-92

Fee: None

Course length: 2 semesters

Grade level: 9-12

Prerequisite: None

Course description: Students will explore different educational and career opportunities through projects and group activities. This course emphasizes communication skills, goal planning/setting, pre/post high school transition skills, literacy, and an introduction to Microsoft Office Suite™. At the end of the course students will have electronic portfolios with plans for high school, college, and careers.

This course does not fulfill CTE requirement for graduation.

BUSINESS AND MARKETING EDUCATION PROGRAMS

Students must successfully complete a sequence of course work within a program area to be considered as a prospective Program Concentrator.

- Business Operations Support and Assistant Services
- Financial Services
- Marketing

❖ Business Operations Support and Assistant Services

Students who successfully complete the Business Operations & Support Program of instruction will be adequately prepared to perform the duties of administrative assistants and/or business owners. The program includes instruction in business communications, principles of business law, word processing and data entry, office machines operations and maintenance, office procedures, public relations, bookkeeping, filing systems and records management, and report preparation.

Recommended Courses:

Grade 9-11: Business Operations 1-2

Grade 10-12: Business Operations 3-4

Grade 12: Business Operations Internship

BUSINESS OPERATIONS 1-2

COURSE #8700-01

Fee: \$10.00 per semester

Course Length: 2 semesters

Grade Level: 9-11

Prerequisite: None

Course Description: Students will participate in a small business community work-flow simulation. By managing one of the businesses, students are responsible for the daily operations of that business and will learn to interact with other business managers. Students will become familiar with the structure of all businesses, large and small. Students will be prepared to take the MOUS certification (Microsoft Office Suite™) exam upon completion of this class.

Note: There is a fee to take the MOUS certification exam.

Note: Dual Enrollment may be offered for this course.

BUSINESS OPERATIONS 3-4

COURSE #8702-03

Fee: \$10.00 per semester

Course Length: 2 semesters

Grade Level: 10-12

Prerequisite: Successful completion of Business Operations 1-2 with a grade of C or better

Course Description: Students will utilize business operations skills developed in the course to complete business projects for the faculty, staff and community business owners. The course will review business ethics, the development of appropriate human relations skills and managing a staff in a business environment.

Note: Dual Enrollment may be offered for this course.

**BUSINESS OPERATIONS
INTERNSHIP**
COURSE #8704-05
Course Length: 2 semesters
Grade Level: 12 (students
must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credits per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ *Financial Services*

Students who successfully complete the Financial Services Program of instruction will be adequately prepared to understand personal business-economic issues, solve problems, and enter the labor market in financial institutions, including banking, insurance, and investments.

Recommended Courses:

Grade 9-11: Personal Finance 1-2
Grade 10-12: Finance in the World of Work 3-4
Grade 11-12: Finance & Economics 5-6
Grade 12: Financial Services Internship

PERSONAL FINANCE 1-2
COURSE #8615-16
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisite: None
Course Description: Students will develop workplace job competence using the ten-key touch method; solve common business and personal math problems using a calculator and Excel; understand the value and importance of calculators in business; improve basic arithmetic skills; and develop skills for personal budget, check writing, reconciliation, credit, etc.

**FINANCE IN THE WORLD OF
WORK 3-4**
COURSE #8653-54
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Personal Finance 1-2 with a grade of C or better
Course Description: This course introduces students to personal business-economic issues and problem-solving related to financial institutions including banking, insurance and investments. Students may be involved in a school site enterprise as part of the course.
Note: Dual Enrollment may be offered for this course.

FINANCE & ECONOMICS 5-6
COURSE #8655-56
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Personal Finance 1-2 and Finance in the World of Work 3-4 with a grade of C or better
Course Description: This course integrates outcomes into learning experiences, allowing students to demonstrate their knowledge and skills in financial services through projects and simulations.
Note: Successful completion of Personal Finance 1-2 (#8615-16) and Finance in the World of Work 3-4 (#8653-54) may meet the Economics graduation requirement.

**FINANCIAL SERVICES
INTERNSHIP**
COURSE #8657-58
Course Length: 2 semesters
Grade Level: 12 (students
must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credits per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ *Entrepreneurship*

Students will acquire technical skills as well as skills in critical thinking, applied academics, career development, and life management. There will be opportunities to learn business, economic and leadership skills required for entry into marketing, management, and entrepreneurial occupations. This program is designed and delivered as a coherent sequence of courses.

Recommended Courses:

Grade 9-11: Marketing Entrepreneurship 1-2
Grade 10-12: Marketing & Economics 3-4
Grade 11-12: Marketing 5-6
Grade 12: Marketing Internship

MARKETING 1-2
COURSE #8571-72
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisite: None
Course Description: This course is designed to give students opportunities to explore and understand marketing, management, and entrepreneurial principles. The first 20 common standards of the Marketing Program will be covered in this class.
Note: Dual Enrollment may be offered for this course.

MARKETING & ECONOMICS 3-4 COURSE #8573-74 Fee: \$5.00 per semester Course Length: 2 semesters Grade Level: 10-12	Prerequisite: Successful completion of Marketing Entrepreneurship 1-2 with a grade of C or better Course Description: This year-long course is designed to prepare students for employment in various sales, customer service, advertising and promotion, and first-line supervisory positions in wholesale, retail, and service establishments. Note: Successful completion of Marketing Entrepreneurship 1-2 (#8571-72) and Marketing & Economics 3-4 (#8573-74) may meet the Economics graduation requirement.
MARKETING 5-6 COURSE #8575-76 Fee: \$5.00 per semester Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Successful completion of Marketing & Economics 3-4 with a grade of C or better Course Description: Students will learn complex marketing principles, practices, and issues while participating in a Student Based Enterprise. This course will cover study of marketing, policy, strategy, research, and segmentation as the students operate a student based enterprise. Students are required to join DECA, the Career & Technical Student Organization which will allow them to participate in academic competitive events on a regional, state, and national level. Community service projects are incorporated into curriculum for this course.
MARKETING INTERNSHIP COURSE #8577-78 Course Length: 2 semesters Grade Level: 12 (students must be a minimum of age 16)	Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester. Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

EDUCATION AND TRAINING

Students must successfully complete a sequence of course work within a program area to be considered as a prospective Program Concentrator.

- Early Childhood Education
- Future Teacher Education

❖ Early Childhood Education

The Early Childhood Education program is designed to prepare students for employment in early childhood settings. The program includes instruction in child growth and development, child health, nutrition, safety, planning and supervision of developmentally appropriate play and learning activities. Child guidance, family relationships, parenting and applicable legal and administrative requirements are addressed, as well. Preparation for the development and management of effective early childhood programs and facilities is included.

Recommended Courses:

- Grades 9-11: Early Childhood 1-2
- Grades 10-12: Early Childhood 3-4
- Grade 12: Early Childhood Internship

EARLY CHILDHOOD 1-2 COURSE #5560-61 Fee: \$10.00 per semester Course Length: 2 semesters Grade Level: 9-11	Prerequisite: None Course Description: This is a year-long course designed to explore the physical, emotional, social and intellectual growth of children from the prenatal period to six years of age. It includes topics from the perspective of being a current/future parent and from the perspective of an early childhood professional. Units include: preparing for parenthood, prenatal development, labor and delivery, and child development. Students will explore care and safety issues of young children. The class may also include a six week session of playschool and/or an elementary school visit. This course prepares students for a career in early childhood education or other related careers.
EARLY CHILDHOOD 3-4 COURSE #5570-71 Fee: \$10.00 per semester Course Length: 2 semesters Grade Level: 10-12	Prerequisite: Successful completion of Early Childhood 1-2 with a grade of C or better Course Description: This is an advanced course designed for students to gain specific information necessary for a successful career in early childhood education, such as childcare, teaching, nursing or any other career associated with children. Course participants will be familiar with the types of early childhood settings, creation of learning centers, and licensing and safety requirements for centers and personnel. They will also explore the legal and ethical aspects of working with young children. School-based learning experiences may include CPR training, an elementary school experience and a play school experience. Note: Dual Enrollment may be offered for this course.

**EARLY CHILDHOOD
INTERNSHIP**
COURSE #5572-73
Course Length: 2 semesters
Grade Level: 12 (students
must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ Future Teacher Education

The program provides instruction in education career choices, education structure and systems, theory, pedagogy, developmental stages, learning styles and methodology. The program also provides interactive experiences with students at different age levels, in a variety of content areas in educational environments. The program utilizes a delivery system made up of four integral parts: formal/technical instruction, experiential/service-learning, supervised work-based learning and the student organization, FEA.

Recommended Courses:

Grade 9-11: Early Childhood 1-2
Grade 10-11: Future Teacher Education 1-2
Grade 11-12: Future Teacher Education 3-4
Grade 12: Future Teacher Education Internship

EARLY CHILDHOOD 1-2
COURSE #5560-61
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisite: None
Course Description: This is a year-long course designed to explore the physical, emotional, social and intellectual growth of children from the prenatal period to six years of age. It includes topics from the perspective of being a current/future parent and from the perspective of an early childhood professional. Units include: preparing for parenthood, prenatal development, labor and delivery, and child development. Students will explore care and safety issues of young children. The class may also include a six week session of playschool and/or an elementary school visit. This course prepares students for a career in early childhood education or other related careers.

FUTURE TEACHER 1-2
COURSE #5501-02
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-11

Prerequisite: None
Course Description: This course provides students interested in becoming teachers or coaches with instruction in education career choices, education structure and systems, legal and ethical responsibility of educators. Students will learn about the developmental stages of children and education theory.

FUTURE TEACHER 3-4
COURSE #5503-04
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Future Teacher 1-2 with a grade of C or better
Course Description: This course prepares students to work in an educational environment. Students will interact with others while using equipment and technology to prepare and deliver lessons. Students will work in classrooms to prepare and present lessons.
Note: Dual Enrollment may be offered for this course.

**FUTURE TEACHER
INTERNSHIP**
COURSE #5505-06
Course Length: 2 semesters
Grade Level: 12 (students
must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

ENGINEERING SCIENCES AND INFORMATION/COMMUNICATIONS MEDIA TECHNOLOGIES

Students must successfully complete a sequence of course work within a program area to be considered as a prospective Program Concentrator.

- Digital Photography
- Engineering Sciences
- Journalism
- Information Technology

❖ Digital Photography

This program prepares students to apply basic photographic principals in a digitally enhanced world through communications media.

Recommended Courses:

Grades 10-11: Photography 1-2
Grades 10-12: Photography 3-4
Grade 12: Digital Photography Internship

PHOTOGRAPHY 1-2
COURSE #3641-42
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 10-12
at LJCHS ONLY

Prerequisite: None

Course Description: This is a beginning level course in which students will learn camera function and photographic aesthetics. **Wet Lab:** Students learn the techniques of exposing black and white film, processing the film in the laboratory and producing black and white photographic prints. Equipment is provided. Students purchase black and white film and photo paper. **Digital Lab:** Students learn to store, edit, manipulate and print color and black and white photography. Students will be required to purchase a flash drive and photo paper.

Note: Location will dictate whether course is offered as a black and white, web lab photography course or a digital photography course. Students will be responsible for school equipment.

PHOTOGRAPHY 3-4
COURSE #3651-52
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 11-12
at LJCHS ONLY

Prerequisite: Photography 1-2 or instructor approval

Course Description: Advanced topics in photography may be investigated as a class and on an individual basis. **Wet Lab:** Students purchase black and white film and photo paper for course projects. **Digital Lab:** Students purchase flash drive and photo paper for course projects.

Note: Location will dictate whether course is offered as a black and white, web lab photography course or a digital photography course. Students will be responsible for school equipment.

❖ Engineering Sciences

The Engineering Sciences program is designed to develop student's understanding of engineering problem-solving and design practices. The program will prepare students to apply fundamental scientific and mathematical laws and principles relevant to engineering and technology. Students will learn to use systems of measurement, apply engineering technologies and tools as well as learn about the different disciplines and opportunities within the field of engineering. The program is designed and delivered as a coherent sequence of experiences using technical instruction, academic foundations, experiential learning, supervised occupational experience and leadership and personal development through the Career and Technical Student Organization, SkillsUSA.

Recommended Courses:

Grade 10-12: Engineering 1-2
Grade 11-12: Engineering 3-4
Grade 12: Engineering Internship

ENGINEERING SCIENCES 1-2
COURSE #6501-02
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 10-11

Prerequisite: None

Course description: This course will teach the basics of engineering principles and systems, such as the engineering process, system analysis and control focusing on the application of mathematical laws and principles.

ENGINEERING SCIENCES 3-4
COURSE #6503-04
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Engineering 1-2 with a grade of C or better

Course description: Students will link the fundamentals of engineering theory to hands-on real world applications. Basic electrical, mechanical, environmental and industrial engineering concepts will be learned. This includes the use of machine tools, computer aided tools, and measurement systems.

Note: Dual Enrollment may be offered for this course.

Note: May be repeated for credit.

**ENGINEERING SCIENCES
INTERNSHIP**
COURSE #6505-06
Course Length: 2 semesters
Grade Level: 12 (students must
be a minimum of age 16)

Prerequisite or off site at a local business: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment

Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.

Note: Students MUST provide their own transportation and insurance if working off site.
Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ Journalism

This program prepares students to apply basic journalism principals in a digitally enhanced world through communications media with an emphasis in Yearbook Production.

Recommended Courses:

Grades 10-11: Beginning Yearbook
Grades 10-12: Yearbook Production
Grade 12: Journalism Internship

**BEGINNING YEARBOOK
COURSE #3704-05**
Course Length: 1 semester
Grade Level: 9-12
at LJCHS ONLY

Prerequisite: None

Course Description: Students learn techniques of layout, copy writing, photography, etc. as applied to the publication of the school yearbook.

**YEARBOOK PRODUCTION
COURSE #3721-22**
Course Length: 2 semesters
(may be repeated for credit)
Grade Level: 9-12
at LJCHS ONLY

Prerequisite: Grade of C or better in English and/or Beginning Yearbook and/or instructor approval

Course Description: Students are involved in the publication of the school's yearbook while learning and applying techniques of layout work, publications, and copy writing. Students are assigned to produce different sections of the yearbook including the academic departments, sports and clubs, faculty and staff, student sections, special events, and advertisements.

Note: Participation in after-school activities is required.

❖ Information Technology

The Information Technology program is designed to prepare students for employment related to the information technology industry. The program options are Webpage Design or Software Development (Programming). Students must enroll in year-long classes within the same option of this program to be considered as a prospective program concentrator. See recommended course sequence for specific course names.

- Software Development
- Webpage Design

Recommended Courses:

Grade 9-11: Information Technology Fundamentals 1-2
Grade 10-12: Programming 3-4 or Web Publishing 3-4
Grade 12: Information Technology Internship

**INFORMATION
TECHNOLOGY
FUNDAMENTALS 1-2
COURSE #8911-12**
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisite: None

Course Description: Students will use a variety of multimedia software to complete projects and tasks, covering the key elements of multimedia (graphics, sound, animation, video, etc.). Students will learn the common core standards for each of the two options in this class, and these will be incorporated into the multimedia projects. Students who successfully complete this course will choose one of the two program options to continue their program.

Note: Dual Enrollment may be offered for this course.

**PROGRAMMING 3-4
COURSE #8923-24**
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Information Technology Fundamentals 1-2 with a grade of C or better

Course Description: This course is an introduction to fundamental principles of computer science and algorithmic problem-solving. This course prepares students to apply software theory and programming methods to the solution of business data problems. It includes an exploration of contemporary topics in information technology.

Note: Dual Enrollment may be offered for this course.

**WEB PUBLISHING 3-4
COURSE #8613-14**
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Information Technology Fundamentals 1-2 with a grade of C or better

Course Description: This course is designed to prepare students with the technical knowledge and skills needed to build and maintain webpages.

Note: Dual Enrollment may be offered for this course.

INFORMATION
TECHNOLOGY INTERNSHIP
COURSE #8618-19
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment

Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.

Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

FAMILY & CONSUMER SCIENCES CAREER PREPARATION PROGRAMS

Students must successfully complete a sequence of course work within a program area to be considered as a prospective Program Concentrator.

- Culinary Arts
- Fashion Design & Merchandising

❖ Culinary Arts

Students successfully completing this program will be prepared to apply the technical knowledge and skills required for food production and service occupations in institutional and commercial food establishments. Skills developed in this program include: food identification, selection, and storage; safety and sanitation; personal hygiene; and use of commercial equipment. Nutrition, special diets, and management of food establishments will also be addressed.

Recommended Course Sequence for Culinary Arts:

- Grades 10-11: Culinary Basics 1-2
- Grade 11-12: Culinary Production 3-4
- Grade 11-12: Professional Chef 5-6
- Grade 12: Culinary Arts Internship

CULINARY BASICS 1-2
COURSE #5541-42
Fee: \$15.00 first semester;
\$20.00 second semester
Course Length: 2 semesters
Grade Level: 10-11

Prerequisite: None

Course Description: This course is designed to introduce students to fundamental food preparation terms, concepts, and methods in Culinary Arts; laboratory practice will support classroom instruction/learning. Essential terminology, knowledge and skills/techniques are covered with an emphasis on basic kitchen safety, sanitation, and equipment maintenance and operation procedures. Students will have the opportunity to explore careers in the culinary industry as well as to practice professionalism and basic workplace employability skills.

CULINARY PRODUCTION 3-4
COURSE #5544-45
Fee: \$20.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Culinary Basics 1-2 and teacher recommendation

This course is designed to allow students to complete the Culinary Arts Program of Study leading them to post-secondary education and/or a workforce opportunities in a food service field. Safety and sanitation procedures, the use of commercial equipment, and serving techniques will be reinforced and applied throughout the course. Students will apply technical knowledge and skills required menu planning, selecting, purchasing, storing, preparing, and serving quality food products. Students will prepare and test to earn a Maricopa County Food Handler's Certificate/Card.

PROFESSIONAL CHEF 5-6
COURSE #5548-49
Fee: \$20.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Culinary Basics 3-4 and teacher recommendation

This course is an advanced and in-depth continuation of study in Culinary Arts for those students who have a sincere desire to pursue a postsecondary certificate or degree in the field or to enter the food service industry as a proficient employee. A strong focus is placed on refining hands-on production and service within a commercial kitchen. Students will have the opportunity to plan and participate in multiple work-based learning experiences and catering functions that will include both front and back of the house hospitality operations. Students are required to earn a Maricopa County Food Handler's Certificate/Card.

CULINARY ARTS INTERNSHIP
COURSE #5552-53
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment

Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.

Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

Fashion Design & Merchandising

Students successfully completing this program will be prepared for employment or advanced post-secondary coursework in apparel design and production, apparel manufacturing, apparel marketing and merchandising, and sales in the fashion industry. In addition to technical knowledge and skills, students completing this program will also develop advanced critical thinking, career development, applied academic, life and employability skills, basic business practices and leadership skills required for entry into fashion and merchandising occupations.

Recommended Courses:

Grade 9-11: Fashion 1-2

Grade 10-12: Fashion 3-4

Grade 12: Fashion Internship

FASHION 1-2

COURSE #5531-32

Fee: \$10.00 per semester

Course Length: 2 semesters

Grade Level: 9-11

at SLHS ONLY

Prerequisite: None

Course Description: Fashion 1-2 is the first year of a two-year Fashion Program. The course is designed to prepare students with knowledge and skills associated with apparel design, apparel production, as well as apparel selection, purchase, sales and merchandising. The course will help prepare students for employment in various entry level positions in the apparel industry. Students may have the opportunity to travel to Los Angeles, CA, to visit fashion businesses to experience real world fashion industry opportunities.

FASHION 3-4

COURSE #5533-34

Fee: \$10.00 per semester

Course Length: 2 semesters

Grade Level: 11-12

at SLHS ONLY

Prerequisite: Successful completion of Fashion 1-2 with a grade of C or better

Course Description: This course is an extension of the skills and knowledge attained in Fashion 1-2. It is designed to prepare students to apply technical knowledge and skills for entry and intermediate level positions in the fashion industry and to pursue a degree in Fashion Design and Merchandising. This course emphasizes apparel design and construction, advanced illustration, draping, pattern making, computer assisted design, store operations and customer service. Students will also prepare a career and design portfolio, plan and prepare a fashion show featuring their own collections and participate in work-based learning. Students may have the opportunity to travel to Los Angeles, CA, to visit fashion businesses to experience real world fashion industry opportunities.

FASHION INTERNSHIP

COURSE #5535-36

Course Length: 2 semesters

Grade Level: 12 (students must be a minimum of age 16)

at SLHS ONLY

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment

Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.

Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

HEALTH CAREERS EDUCATION

Students must successfully complete a sequence of course work within a program area to be considered as a prospective Program Concentrator.

- Bioscience Program
- Medical Assisting Services (Currently Under Construction)
- Sports Medicine and Rehabilitation Program

❖ Bioscience Program

Bioscience is one of the fastest growing career fields both nationally and in Arizona. Students participating in this three-year program will be involved in project-based research using laboratory techniques consistent with the industry standards. Summer internships may be available for students.

Recommended Courses:

Grade 10-11: Principles of Bioscience 1-2

Grade 11-12: Bioscience Applications 3-4

Grade 12: Bioscience Internship

PRINCIPLES OF BIOSCIENCE 1-2

COURSE #8201-02

Fee: \$10.00 per semester

Course Length: 2 semesters

Grade Level: 10-11

Prerequisite: Completion of General Biology 1-2 with a grade of C or better or concurrent enrollment in General Biology 1-2

Course Description: Principles of Bioscience will introduce students to the diversity of careers and fundamentals of bioscience. Topics within this course will include a foundation in laboratory tools and skills, career exploration in bioscience, discussion of current research, and an emphasis on biochemistry and genetics. Students will learn the basic skills of being a bio technician and how to appropriately keep a scientific notebook. Students will also learn about ethics and the integral relationships it holds within the biosciences.

BIOSCIENCE APPLICATIONS 3-4
COURSE #8203-04
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Principles of Bioscience 1-2 with a grade of C or better
Course Description: Using the skills and concepts learned in Principles of Bioscience, students will cover agricultural biotechnology, medical biotechnology, and other concepts and techniques related to biosciences. The course will be heavily laboratory-based, and students will develop a variety of skills which include working both independently and cooperatively on projects. Students will apply concepts from both core classes of biology and chemistry will be applied in this course. Students will build on fundamental DNA analysis techniques established in Principals of Biosciences, learn and develop basic quality testing techniques currently used in the bioscience industry and continue personal development in maintaining a legal scientific notebook for research applications.

BIOSCIENCE INTERNSHIP
COURSE #8205-06
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ *Sports Medicine and Rehabilitation Program*

Students participating in this program will perform the technical services involved with planning, organizing, researching, directing, and controlling functions and processes related to the provision of select health care services. The program consists of a sequence of courses.

Recommended Courses:

- Grade 9-11: Medical Foundations 1-2
- Grade 10-12: Sports Medicine 3-4
- Grade 11-12: Sports Medicine 5-6
- Grade 12: Sports Medicine Internship

MEDICAL FOUNDATIONS 1-2
COURSE #8118-8119
Fee: \$5 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisites: None
Course Description: This course is designed for all students interested in allied health care such as athletic training, medical assisting, emergency medical technician, nursing, physical therapy doctor, and many others. It approves a foundation in allied health services, including administrative and clinical skills, medical ethics, HIPAA, anatomy and physiology as well as medical terminology, abbreviations, acronyms and symbols, patient scenarios, OSHA standards, first aid and CPR. Students will also explore careers in health related fields. ADE CTE Technical Standards for Medical Assisting Services and Sports Medicine and Rehabilitation as well as Arizona College and Career Ready Standards will be integrated throughout the course.

SPORTS MEDICINE 3-4
COURSE #8128-8129
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 10-11

Prerequisite: Medical Foundations 1-2
Course Description: This course is designed for all students interested in health care careers such as athletic training, nursing, physical therapy, doctor, and many more. It covers an understanding of human anatomy and basic body functions along with medical terminology. Students will have an introduction to x-rays, treatments, evaluation, and rehabilitation of athletic injuries.

SPORTS MEDICINE 5-6
COURSE #8130-8131
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Sports Medicine 3-4 with a grade of C or better
Course description: This course will cover a combination of classroom lectures, laboratory situations, and internships with the local high school sports teams, local hospitals, doctors and professional sports teams. This course will allow students to gain valuable experience in real world situations that face all medical professions on a daily basis.
Note: Dual Enrollment may be offered for this course.

SPORTS MEDICINE INTERNSHIP
COURSE #8126-27
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite or off site at a local business: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

INDUSTRIAL TECHNOLOGY PROGRAMS

Students must successfully complete a sequence of course work within a program area to be considered as a prospective Program Concentrator.

- Automotive Technology
- Cabinet Making
- Carpentry
- Welding Technology

❖ Automotive Technology

The Transportation program is designed to prepare individuals for jobs in the maintenance and mechanical repair of cars and light trucks.

Recommended Courses:

- Grades 9-11: Automotive Technology Core 1-2
- Grades 10-12: Automotive Technology 3-4
- Grade 12: Automotive Technology Internship

**AUTOMOTIVE TECHNOLOGY
CORE 1-2 (TUHS only)
COURSE #6211-12**
Fee: \$10.00 per semester
Grade Length: 2 semesters
Grade Level: 9-11

Prerequisite: None

Course Description: This course will introduce the student to standards in general automotive repairs, assessment and diagnostics. It is the prerequisite for Automotive Technology 3-4.

**AUTOMOTIVE TECHNOLOGY
3-4 (TUHS only)
COURSE #6213-14**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Automotive Technology Core 1-2 with a grade of C or better

Course Description: This course gives students an opportunity to apply the skills learned in the first automotive course. This course emphasizes diagnosis and repair of different automotive systems while building good work habits and employability skills. The course prepares students completing this program to continue their education in an automotive program at a community college, technical school or university.

**AUTOMOTIVE TECHNOLOGY
INTERNSHIP
COURSE #6215-16**
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment

Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.

Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ Construction

The Construction Technologies program is designed to prepare individuals to apply technical knowledge and skills in the building industry, which include units of instruction in carpentry, electrical, masonry/brick laying, concrete finishing, HVAC and plumbing, floor systems, wall and ceiling framing, roof framing, site layout, exterior finish, cabinetry and roofing applications.

Recommended Courses:

- Grade 9-11: Construction Core 1-2
- Grades 10-12: Cabinetmaking 3-4 or Carpentry 3-4
- Grade 12: Construction Internship

**CONSTRUCTION CORE 1-2
(WHS only)
COURSE #6421-22**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisite: None

Course Description: This foundation course will prepare students to use a wide variety of construction tools and equipment and maintain a safe work environment. The student will develop an understanding of construction math, financial operations, reading blueprints, basic rigging and basic construction techniques. The student will develop skills in oral and written communication as they relate to the construction industry. This course is designed to help students develop an enhanced understanding of teamwork, employability skills and career opportunities in the construction field. At the end of this course, students may choose a class in either Cabinetmaking or Carpentry to complete the program course sequence.

**CABINETMAKING 3-4
(WHS only)
COURSE #6491-92**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Construction Core 1-2 with a grade of C or better

Course Description: This course prepares the student to apply and demonstrate advanced technical knowledge and skills in construction. This lab-based course will provide the student an opportunity to participate in the planning, design and completion of project-based activities. This course allows students to apply advanced technical knowledge and practice skills using a variety of techniques and equipment to complete cabinetmaking projects.

CARPENTRY 3-4 (WHS only)
COURSE #6493-94
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Construction Core 1-2 with a grade of C or better
Course Description: This course prepares students to apply and demonstrate the technical skills used to layout, cut, fabricate, erect, install and repair wooden structures and fixtures using hand and power tools. The class includes instruction in technical mathematics, framing, identification and selection of construction materials, job estimating, blueprint reading, laying foundations and roughing-in, finish carpentry techniques, and familiarization with applicable codes and standards.

CONSTRUCTION INTERNSHIP
COURSE #6495-96
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite or off site at a local business: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

❖ *Welding Technology*

Students successfully completing this program will be prepared to apply the technical knowledge and skills to join or cut metal surfaces. Included is instruction in arc welding, soldering and cutting metal according to applicable codes and standards. After completing the course sequence, students will be ready for entry level positions in the welding industry or continuing education in the field.

Recommended Courses:

Grades 9-11: Welding Technology 1-2
Grades 10-12: Welding Technology 3-4
Grade 12: Welding Technology 5-6, or Welding Internship

WELDING TECHNOLOGY 1-2 (WHS only)
COURSE #6481-82
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-11

Prerequisite: None
Course Description: This course provides the student with an overview of the welding industry, stressing design, materials estimation, working drawings and safe equipment usage. It emphasizes reading, writing and math skills along with career awareness.
Note: Dual Enrollment may be offered for this course.

WELDING TECHNOLOGY 3-4 (WHS only)
COURSE #6483-84
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Welding Technology 1-2 with a grade of C or better
Course Description: This second level course provides the student a focused experience with welding technology. This course covers safety, design, project construction, advanced weld practice, and analysis of weld techniques. Students work cooperatively in the following areas: oxy-fuel welding, stick welding, MIG welding, TIG welding principals, plasma arc cutting, and fabrication techniques. Completion of this course will enable the student to be a welding program completer which may allow for further employment placement and/or intern opportunities. The mechanical application portion of this program is appropriate for those students seeking careers in the engineering related fields.
Note: Dual Enrollment may be offered for this course.

WELDING TECHNOLOGY 5-6 (WHS only)
COURSE #6485-86
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Welding Technology 3-4 with a grade of C or better
Course Description: This third level course is designed to apply welding technology knowledge and skills to a mastery level. Students will have the opportunity to develop skills in independent project construction involving welding fabrication, bench work, machine tool operations, and advanced process operations. Students will take a leadership role in the class and utilize their talents to problem solving issues with machinery and lab assistance.
Note: Dual Enrollment may be offered for this course.

WELDING INTERNSHIP
COURSE #6487-88
Course Length: 2 semesters
Grade Level: 12 (students must be a minimum of age 16)

Prerequisite or off site at a local business: Successful completion of program area coherent sequence and the aligned ADE End of Program Assessment
Course Description: This course provides students with an opportunity to apply previously developed knowledge and skills into a structured work experience on campus or off site at a local business. Students spend at least five hours per week working in the internship and will earn 0.5 credit per semester.
Note: Students MUST provide their own transportation and insurance if working off site. Application forms and other paperwork must be submitted by April 15 of the student's junior year.

West-MEC

West-MEC CENTRAL PROGRAMS

Entrance requirements for West-MEC Central Programs can be found at: www.west-mec.org

❖ Aesthetician Program

The Aesthetician program prepares students for a career as trained skin care professionals who specialize in providing skin care and beauty-related services. Courses meet three and one-half hours per day, Monday through Friday including integrated clinical experiences. The program is in partnership with the Maricopa Skill Center housed at the Skill Center Northwest Campus, located at 2931 West Bell Rd., Phoenix, AZ 85023.

AESTHETICIAN FOUNDATIONS COURSE #AE101/6000 Tuition Fee: Yes Application Required High School Credits: 2.25	Prerequisite: Junior or Senior Status Only Course Description: AE101 is the first course of the one-year Aesthetician program, offered to high school juniors and seniors. The course provides students a foundation in the skin care and beauty-related industry. Students will learn to perform facials, skin analysis, and body treatments, including full body exfoliation. Students will also learn hair removal techniques using both hard and soft wax, light exfoliation with fruit acids (peels), and microdermabrasion. Training includes day and evening makeup and false eyelash application.
AESTHETICIAN SERVICES COURSE #AE102/6001 Tuition Fee: Yes Application Required High School Credits: 2.25	Prerequisite: AE101 Aesthetician Foundations Course Description: AE102 is the second course of the one-year program. The course allows students to apply learned skills in skin care and beauty-related services. Emphasis is placed on the application of skills necessary for establishing and maintaining a clientele. Topics also include knowledge of State laws pertaining to aesthetics, as well as business management skills. Upon completion of this program you will be prepared to pass the Arizona State Board of Cosmetology aesthetics licensing exam.

❖ Automotive Collision Technology

The Automotive Collision program meets two and one-half hours per day, Monday through Friday at West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85027.

AUTOMOTIVE COLLISION CORE CURRICULUM COURSE #AC101/6221 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior or Senior Status Only Course Description: AC101 is the first course of a two-year automotive collision repair program offered to junior and senior students. This course teaches the basic principles and terminology of the auto body repair industry. This course includes hands-on repair of body damage including: metal work, trim and basic painting, estimating job costs, types of metals and plastic, industry safety components, structural analysis, suspension and drive trains, computer diagnostic systems, and welding used in collision repair. Upon completion of the two-year program, students may test for I-Car Industry Certification.
AUTOMOTIVE COLLISION REPAIR COURSE #AC102/6222 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: AC101 - Automotive Collision Core Curriculum Course Description: AC102 is the second course of a two-year automotive collision repair program offered to junior and senior students. This course covers auto refinishing and minor bodywork. Students will learn advanced principles of auto body painting and refinishing including: surface preparation, spray gun operation, paint mixing, matching and applying, solving paint application problems, finish defect causes and cures, and safety precautions. Students will use all types of automotive paints and undercoats; some custom design paintwork is taught. This course also teaches estimating costs, types of metals and plastics used for reconstruction, safety practices, advanced structural analysis, computer diagnostic systems, welding, as well as customer service and basic business practices. Upon completion of the two-year program, students may test for I-Car Industry Certification.
AUTOMOTIVE COLLISION STRUCTURAL REPAIR COURSE #AC201/6223 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: AC102 - Automotive Collision Repair Course Description: This course starts the second year of the two-year automotive collision program which continues to cover principles and terminology of the auto body repair industry. The curriculum reiterates safety, career opportunities, workplace skills and ethics, and includes more advanced principles of structural damage analysis including major body and frame repair, mechanical and electrical repair, suspension and drive trains, computer diagnostic systems, estimating cost factors and glass repair. Upon completion of the two-year program, students may test for I-Car Industry Certification.
AUTOMOTIVE COLLISION ADVANCED PAINTING TECHNIQUES COURSE #AC202/6224 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: AC201 - Automotive Collision Structural Repair Course Description: This is the final course in the two-year automotive collision industries program. The course allows students to apply learned skills in the area of collision repair with extensive hands-on custom painting and tinting, matching paints, fancy detailing and troubleshooting painting problems. Upon completion of the two-year program, students may test for I-Car Industry Certification.

❖ *Automotive Technology*

The goal of the Automotive Technology program is to provide experience in the Automotive Service Technology field and prepare students to be successful in the industry. The program meets two and one-half hours per day, Monday through Friday at the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85027.

AUTOMOTIVE TECHNOLOGIES CORE CURRICULUM COURSE #AT101/6225 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior Status Only Course Description: AT101 is the first course in a two-year automotive technology program, offered to junior students through a partnership with West-MEC (Western Maricopa Education Center). The course focuses student learning on automobile engine performance, brakes, steering and suspension, and electrical components.
AUTOMOTIVE TECHNOLOGIES I COURSE #AT102/6226 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: AT101 - Automotive Technology Core Curriculum Course Description: AT102 is the second course in the automotive technology program. The course allows students to apply learned skills in the area of automobile engine performance, brakes, steering and suspension, and electrical components.
AUTOMOTIVE TECHNOLOGIES II COURSE #AT201/6227 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: AT102 – Automotive Technology Course Description: AT201 starts the second year of the two-year automotive technology program. The program teaches students automobile engine performance, brakes, steering and suspension, and electrical components.
AUTOMOTIVE TECHNOLOGIES ADVANCED SYSTEMS COURSE #AT202/6228 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: AT201 - Automotive Technologies II Course Description: AT202 is the final course in the automotive technology program. The course allows students to apply learned skills in the area of automobile engine performance, brakes, steering and suspension, and electrical components. * Upon completion of the two-year program, students may take the NATEF ASE Certification Exam.

❖ *Aviation Maintenance Technology*

The Aviation Maintenance Technology program meets four and one-half hours per day, Monday through Friday at the West-MEC Central Campus, 6997 N. Glen Harbor Blvd., Glendale, AZ 85307. The program will also meet for sixty-two days spread over two summers to meet the 1952 hours of required FAA instruction.

AVIATION TECHNOLOGIES GENERAL CURRICULUM COURSE #AV101/6300 Tuition Fee: Yes Application Required High School Credits: 3	Prerequisite: Junior Status Only Course Description: AV101 is the first course of a two-year Aviation Technology program, offered to junior students through a partnership with West-MEC (Western Maricopa Education Center). The program curriculum includes content in the repair and maintenance of aircraft including the following: electricity, math, physics, mechanic privileges and limitations, maintenance publication, maintenance forms and records, weight and balance.
AVIATION AIRFRAME SYSTEMS I COURSE #AV102/6301 Tuition Fee: Yes Application Required High School Credits: 2	Prerequisite: AV101 - Aviation Technologies General Curriculum Course Description: AV102 completes the first year of the Aviation Technology program. Students are introduced to fundamental skills in aircraft repair and maintenance including: aircraft instruments, aircraft fuel systems, fire protection systems, ice and rain control systems, aircraft finishes, sheet metal, landing gears, and hydraulics.
AVIATION AIRFRAME & POWER PLANT SUMMER COURSE #AV103/6302 Tuition Fee: Yes Application Required High School Credit: 1	Prerequisite: AV102 - Aviation Airframe Systems I Course Description: Students will continue to refine fundamental skills introduced in Aviation Airframe Systems I and begin learning about Power Plant Systems.
AVIATION AIRFRAME SYSTEMS II COURSE #AV201/6303 Tuition Fee: Yes Application Required High School Credits: 3	Prerequisite: AV103 - Aviation Airframe & Power Plant Summer Course Description: AV201 starts the second year of the Aviation Technology program. The program curriculum includes content in the repair and maintenance of aircraft including the following: Welding, Cabin Atmosphere Control Systems, Airframe Inspection, and Assembly and Rigging.

AVIATION POWER PLANT 1 SYSTEMS COURSE #AV202/6304 Tuition Fee: Yes Application Required High School Credits: 2	Prerequisite: AV201 - Aviation Airframe Systems II Course Description: AV202 is the final course of the Aviation Technology program. The program curriculum includes content in the repair and maintenance of aircraft including the following: Turbine and Reciprocating Engines, Engine Inspection, Ignition and Starting Systems, and Fuel Metering Systems.
Aviation Powerplant Summer COURSE #AV203/6305 Tuition Fee: Yes Application Required High School Credits: 1	Prerequisite(s): AV202 - Aviation Powerplant Course Description: Students will continue to refine fundamental skills introduced in Aviation Powerplant. *Upon successful completion of the two-year program, students who are 18 years of age or older, may take the final exam for certification known as the Aviation Maintenance Technician exam.

❖ *Avionics/Electronics*

The Avionics/Electronics program prepares students to work in the aviation avionics industry and in organizations that have a heavy emphasis on electronics and electronic systems. This course will cover areas of aviation fundamentals, electronics, safety, math and science for avionics, instrumentation, exposure to airframes and cockpits, lab testing, installation and repair of aviation electronic equipment. Courses meet two and one-half hours per day, Monday through Friday at the West-MEC Central Campus, 6997 N. Glen Harbor Blvd., Glendale, AZ 85307.

AVIONICS TECHNOLOGY FUNDAMENTALS I COURSE # ET101/6305 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: None Course Description: This is the first course in a series of four. The course will cover the following areas: aviation fundamentals, basic electricity/electronics, safety, ac/dc theory, semi-conductors, and instrumentation, tools of the trade and math and science for avionics.
AVIONICS TECHNOLOGY FUNDAMENTALS II COURSE # ET102/6306 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: ET101 - Avionics Technology Fundamentals I Course Description: This is the second course in a series of four. This course will provide a base foundation in the following areas: electronic circuits, digital circuits, numbering systems in electronics, air transportation code, aircraft wiring, troubleshooting and repair and line and bench radar systems.
AVIONICS TECHNOLOGY SERVICES I COURSE # ET201/6307 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: ET102 - Avionics Technology Fundamentals II Course Description: This is the third course in a series of four. This course applies learned skills from the fundamental courses to the following: aircraft electrical systems, line and bench maintenance, aircraft radio maintenance, calibration of test equipment, soldering and lab safety.
AVIONICS TECHNOLOGY SERVICES II COURSE #AV202/6308 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: ET103 - Avionics Technology Services I Course Description: This is the final course in the series of four. The course includes the application of skills learned in the first three courses. The emphasis in this course is on installing and testing avionics systems like, transceivers, receivers, flight and engine instrumentation, auto pilot systems, navigation and radar systems, flight recording systems, FCC license requirements and aircraft forms and documentation.

❖ *Climate Control Technician*

The Climate Control Technician program prepares students to work as a technician in heating, ventilation, air conditioning and refrigeration. Students will trouble shoot, diagnose, repair and install equipment in the commercial and residential market. The program meets two and one-half hours per day, Monday through Friday at the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85207.

HVACR FUNDAMENTALS I COURSE #HVD101/5900 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior or Senior Status Only Course Description: This is the first course in a series of four. The course will cover the following topics: Construction drawings, basic electricity tools of the trade, piping, HVAC controls, math for HVAC, estimating skills, materials handling, safety, rigging, introduction to cooling and heating, soldering and brazing.
HVACR FUNDAMENTALS II COURSE #HVD102/5901 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: HVD101 - HVACR Fundamentals I Course Description: This is the second course in a series of four. The course will cover the following: commercial air systems, chimneys, flues, hydronic systems, air quality, leak detection, recovery and charging, basic electronics, control circuit troubleshooting, troubleshooting gas heating and cooling, heat pumps, basic installation and maintenance practices and duct systems.

HVACR TECHNICIAN I COURSE #HVD201 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: HVD102 - HVACR Fundamentals II Course Description: This is the third course in a series of four. This course will cover the following: refrigerants and oils, compressors, metering devices, retail refrigeration systems, commercial hydronics, steam systems, planned maintenance, water treatment, troubleshooting electronic controls, oil heating, and heat pumps.
HVACR TECHNICIAN II COURSE #HVD202 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: HVD201 - HVACR Technician I Course Description: This is the fourth course in the series. This course will cover the following: construction drawings and specification, air system balancing, indoor air quality, building management systems, system startup and shut down, system design, commercial and industrial refrigeration systems.

❖ Coding

The Coding program prepares students for a career as a software developer. The program prepares students to design and develop software, build apps for phones, tablets, and websites and write and test computer code. Courses meet two and one-half hours per day, Monday through Friday. The program is located at the START@West-MEC Campus, 5405 North 99th Ave., Glendale, AZ 85305.

SURVEY OF CODING COURSE # C101 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior or Senior Status Only Course Description: C101 is the first course of the two-year Coding program, offered to high school juniors and seniors. The course provides students a foundation in the software development industry. Students will learn the fundamentals of software development systems, computer concepts, and programming techniques. Hands-on experience with selected industry software and programming languages such as: Java, C#, Python, HTML, Javascript and CSS. Students will apply skills and knowledge to develop apps for mobile devices.
CODING FUNDAMENTALS I COURSE # C102 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: C101 - Survey Of Coding Course Description: C102 is the second course of the two-year Coding program. Students will learn fundamental concepts of programming from an object-oriented perspective. These concepts include: classes, objects and methods, algorithm development, problem-solving techniques, basic control structures, primitive types and arrays. Students will apply skills and knowledge to develop apps for mobile devices and computers.
CODING FUNDAMENTALS II COURSE # C201 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: C102 - Coding Fundamentals I Course Description: C201 is the third course of the two-year Coding program. Students will learn advanced object-oriented programming concepts introduced in C102 such as: inheritance, exceptions, and graphical user interfaces, recursion, and data structures. Students will apply skills and knowledge to develop apps for mobile devices and computers.
CODING APPLICATIONS COURSE # C202 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: C201 – Coding Fundamentals II Course Description: This is the fourth course of the two-year Coding program. The course allows students to apply learned skills in software development. Emphasis is placed on exploring coding applications across the software development industry. Students will build on the skills and knowledge acquired in the previous courses. Students will apply skills and knowledge to develop apps for mobile devices and computers.

❖ Cosmetology

The Cosmetology program meets four hours per day, Monday through Friday and will include some Saturday classes in order to complete the training hours. Classes will be held at the Cutting Edge Style Academy, 7565 W. Peoria Ave., Peoria 84345 (75th Ave. & Peoria) and at Maricopa Skill Center – Northwest Campus, 2931 W. Bell Rd., Phoenix, AZ 85023.

FUNDAMENTALS OF COSMETOLOGY COURSE #COS101/6310 Tuition Fee: Yes Application Required High School Credits: 3	Prerequisite: Junior or Senior Status Only Course Description: This fundamentals course provides junior and senior students with the knowledge needed to succeed in a Cosmetology and Aesthetics program. Topics include ethics, sanitation, Arizona state laws, and other fundamentals of the modern salon. As students begin training, they will explore the history of cosmetology, gain an understanding of the industry's expectations for image, communication, sanitation, and general life skills. Students will identify basic anatomy and physiology structures, including skin, nails, muscles, bones, hair, and scalp. Students will be introduced to cosmetology-related chemistry and electricity, practice basic shampooing and scalp treatments, hair cutting, nail care, basic aesthetic procedures, disinfection control practices, and styling techniques, including blow drying, finger waving, air waving, hair pressing, and thermal waving and curling. Students will begin to work with hair color, tint, and bleach, along with permanent waving and chemical relaxing processes. Practice will be limited to mannequins, other students, or models.
---	--

COSMETOLOGY BASIC APPLICATIONS COURSE #COS102/6311 Tuition Fee: Yes Application Required High School Credits: 3	Prerequisite: COS101 - Fundamentals of Cosmetology Course Description: Building on the skills and knowledge acquired in the previous course, students will apply chemical texture services, wig and hair enhancements, braids, extensions, permanent waving, hair relaxing, tinting, bleaching, and basic hair coloring procedures. Students will recognize various skin diseases and disorders, along with the theory of aesthetics, which includes knowledge of facial procedures including make-up application and waxing. Additionally, students will be introduced to nail diseases and disorders. Students will gain knowledge of manicure and pedicure practices and procedures, along with gaining experience with sculptured nails, gel nails, and nail tips with overlays. Students will continue practicing their skills on mannequins, students, models, and students will be introduced to working on clients.
COSMETOLOGY ADVANCED APPLICATIONS COURSE #COS201/6312 Tuition Fee: Yes Application Required High School Credits: 3	Prerequisite: Completed first year of Cosmetology Course Description: As students' progress through this class, they will continue to develop and practice skills in hair cutting, coloring, bleaching, tinting, permanent waving, and styling on the clinic floor, working with clients. Students will be encouraged to develop good customer service skills and build a client base. In addition, students will continue to practice and cultivate their aesthetic and nail care skills and knowledge.
PRACTICUM & CERTIFICATION PREP COURSE #COS202/6313 Tuition Fee: Yes Application Required High School Credits: 3	Prerequisite: Cosmetology Advanced Applications Course Description: Students will apply the knowledge and skills learned in previous classes and working on clients, on the clinic floor. At this time in the training, students will gain expertise in their skills and receive additional training for advanced techniques in hair cutting, coloring, permanent waving, relaxing, and styling. In addition, students will sharpen their skills in aesthetics, nail care, and client services. Students will begin to explore cosmetology careers and salon businesses. This course prepares students for licensure and entrance into the workforce. Students will review the Arizona Board of Cosmetology (ABOC) rules and regulations, along with cosmetology-related Arizona State Laws. In preparation for the state board exam, students will fine tune procedures and review the ABOC required curriculum. Students will participate in mock exams – both written and demonstration. In addition, students will begin employment-seeking activities, which include job site field trips, résumé writing, mock interviewing, and job researching.

❖ *Emergency Medical Technician (EMT)*

The EMT program meets three days per week for a total of ten hours per week (one semester) at one of the following locations: Glendale Community College Main, Glendale Community College North, and the SouthWest Skill Center at Estrella Mountain Community College. Community College Credits are awarded when courses are successfully completed.

FUNDAMENTALS OF EMT COURSE #EM101A/6335 Tuition Fee: Yes Application Required High School Credits: .5	Prerequisite: Senior Status Only Course Description: EM101A is offered to senior students through a partnership with West-MEC (Western Maricopa Education Center). The CPR section of the EMT course is a comprehensive overview to train a student to provide emergency care for patients suffering sudden illness or injury and includes patient assessment, lifting/ moving patients, taking vital signs, basic treatment for selected medical conditions and bandaging / splinting of injured patients. This course is appropriate for students considering careers in law enforcement agencies, healthcare, or fire service/protective agencies.
ADVANCED APPLICATIONS OF EMT COURSE #EM101B/6336 Tuition Fee: Yes Application Required High School Credits: 1	Prerequisite: EM101 - A Fundamentals of EMT Course Description: EM101B, the second section of the EMT course, presents techniques of emergency medical care in accordance with national and state curriculum. The class encompasses the study of the human body, patient assessment, treatment of medically or traumatically compromised patients, special hazards, and medical operations. Further topics include IV monitoring, Sudden Infant Death Syndrome (SIDS), patient-assisted medication administration, automated external defibrillators, and blood-glucose monitoring. Students participate in two eight-hour clinical rotations through a local emergency department scheduled during the semester outside normal class hours. * Upon completion of the course, students who are 18 years of age or older, may take the National Registry Exam to receive EMT certification.

❖ *Energy & Industrial Technology*

The Energy and Industrial Technology Program explores the fields of electricity, electronics, instrumentation & controls, mechanical systems, industrial and craftsmanship skills. This program is run in close partnership with APS, Palo Verde Nuclear Generating Facility and Estrella Mountain Community College. Courses meet two and one-half hours per day, Monday through Friday, and may include an off-site shadowing experience. The program is located at the West-MEC Southwest Campus, 500 N. Verrado Way, Buckeye, AZ 85326.

Energy & Industrial Systems Fundamentals COURSE #EIT101/6340 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Senior Status Only Course Description: This is the first course in a series of four courses. This course will cover the following topics: Power Industry Fundamentals, Hand and Power tools, Print Reading, Industry Employability Skills, Industrial Plant Components, Rigging, Test Equipment, and other industrial topics. This course aligns to NCCER Core Curriculum, NCCER Industrial Maintenance Mechanic Level I, and CEWD Energy Industry Fundamentals course competencies.
--	---

Mechanical Systems COURSE #EIT102/6341 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: EIT101 - Energy & Industrial Systems Fundamentals Course Description: This is the second course in a series of four courses. This course will cover the following topics: Industrial piping systems, valves, hydrostatic and pneumatic testing, steam systems, heat exchangers, and bearings fundamentals. This course aligns to NCCER Industrial Maintenance Mechanic Level II course competencies.
Electrical and Instrumentation Technology COURSE #EIT201/6342 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: EIT102 - Mechanical Systems Course Description: This is the third course in a series of four courses. This course will cover the following topics: National Electric Code, AC/DC Electrical Theory, Electrical Test Equipment, Process Control Fundamentals, and Industrial Wiring Fundamentals. This course aligns to NCCER Industrial Maintenance Electrical and Instrumentation Technician Level II course competencies.
Advanced Electrical & Instrumental Technology COURSE #EIT202EI/6343 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: EIT201 – Electrical and Instrumentation Technology Course Description: This is the final course in a series of four courses. This course will cover the following topics: Electronic Components, Motor Controls, Distribution Equipment, Transformers, Advanced Industrial Wiring, Hydraulics, Pneumatics, and Motor-Operated Valves. This course aligns to NCCER Industrial Maintenance Electrical and Instrumentation Technician Level III course competencies.
Advanced Mechanical Systems COURSE #EIT202M/6344 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: EIT201 – Electrical and Instrumentation Technology Course Description: This is the final course in a series of four courses. This course will cover the following topics: Precision Measuring Tools, Advanced Bearings, Couplings, Machine Alignment, Belt Drives, Chain Drives, and Mechanical Seals. This course aligns to NCCER Industrial Maintenance Mechanic Level III course competencies. *Students will have the choice to advance in Mechanical or Electrical and Instrumentation for the 4th course.

❖ *Fire Science*

The Fire Science program meets two days per week for a total of six hours per week at Glendale Community College Main and Estrella Mountain Community College. Community College Credits are awarded when courses are successfully completed. Fire fighters must be EMT certified; therefore, students are advised to complete the Fire Science program as juniors and the Emergency Medical Technician (EMT) program as seniors.

INTRODUCTION TO FIRE PROTECTION COURSE #FS101/6336 Tuition Fee: Yes Application Required High School Credits: .75	Prerequisite: Junior or Senior Status Only Course Description: FS101 presents a history and evaluation of the fire department organization. Junior and senior students learn the role of the fire service in the community. Students study responsibilities of the fire administrator including organization, departmental functions, interdepartmental relationships, management of buildings and equipment, and techniques of fire-fighting. In addition, students learn emergency medical services and fire prevention and examine characteristics and behavior of fire, fire hazard properties of ordinary materials, extinguishing agents, fire suppression organization and equipment, basic firefighting tactics, and public relations as affected by fire suppression.
HAZARDOUS MATERIALS/FIRST RESPONDER /Special Projects COURSE #FS102/6338 Tuition Fee: Yes Application Required High School Credits: .75	Prerequisite: FS101 – Introduction to Fire Protection Course Description: FS102 teaches students the basic methods of recognition and identification based on chemical and physical properties of hazardous materials; basic safety procedures when utilizing specific types of protective clothing and equipment; basic tactical information relating to scene management. Students will study confined space operations in accordance with the National Fire Protection Agency. Students will be given the opportunity to engage in a unique capstone experience that is organized and tailored around the interests and needs of the individual student. The experience is structured to provide an atmosphere of individualized research and study paralleled by professional expertise and guidance. Professional type facilities and equipment will be available to students. The capstone experience allows the best aspects of independent study and individualized learning to be combined to maximize student development.

❖ *General Construction Technology*

The General Construction Technology program prepares trainees to enter the world of residential and commercial construction. This course will cover the base fundamentals of the following: estimating, concrete, masonry, framing, dry wall, basic electrical, basic plumbing, roofing, hand and power tools, rigging and materials handling, safety. Courses meet two and one-half hours per day, Monday through Friday at both the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85027 and the West-MEC Southwest Campus, 500 N. Verrado Way, Buckeye, AZ 85326.

GENERAL CONSTRUCTION I COURSE #GC101 Tuition Fee: Yes Application Required High School Credits: 1.5	Course Description: This is the first in a series of four courses. Technology I will cover the core curriculum of, construction drawings, basic electricity, safety, power and hand tools, math, estimating skills rigging and business concepts.
--	--

GENERAL CONSTRUCTION II COURSE #GC102 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: GC101 - Construction I Course Description: This the second course in a series of four. This course includes flooring, roof systems, stairs walls, ceiling systems, and exterior finishes (concrete)
GENERAL CONSTRUCTION III COURSE #GC201 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: GC102 - Construction II Course Description: This is the third course in a series of four. Construction III covers advanced work in the major content in Construction Technology one and two. New Emphasis will be placed on Carpentry.
GENERAL CONSTRUCTION IV COURSE #GC202 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: GC201 - Construction III Course Description: Overview of information security principles, access control, risk management, and compliance. Covers threats to the IT infrastructure and how they can impact operations. Demonstrates strategies to mitigate risk impacts as they relate to the IT infrastructure. Provides technical knowledge required to execute on the essentials of information security.

❖ *IT Security*

The IT Security program prepares students to work with computer network security. This program will cover the fundamentals of operating systems, network management and security, ethics in information technology and management of information systems. Courses meet two and one-half hours per day, Monday through Friday, and may include an off-site shadowing experience. The program is located at the West-MEC Southwest Campus, 500 N. Verrado Way, Buckeye, AZ 85326.

Information Technologies Fundamentals COURSE #ITS101/8936 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior or Senior Status Only Course Description: An overview of the fundamental concepts of computer information systems used in personal and business environments. This course introduces computer hardware, software, procedures, systems, languages and human resources. It further explores social and ethical issues related to computer systems, Internet protocol, emerging technologies problem solving and troubleshooting. Preparation for CompTIA A+ examination.
IT - Networks, Switches, Routers COURSE #ITS102/8937 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: ITS101 - Information Technologies Fundamentals Course Description: Introduces the architecture, structure, functions, components, and models of the Internet and other computer networks. The principles and structure of IP addressing and the fundamentals of Ethernet concepts, media, and operations are introduced. Students will build simple LANs, perform basic configurations for routers and switches, and implement IP addressing schemes. Preparation for Cisco certification examination.
IT - Operating Systems COURSE #ITS201/8938 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: ITS102 - IT - Networks, Switches, Routers Course Description: This course includes knowledge and skills necessary to perform day-to-day administration tasks and troubleshooting in a Microsoft Windows and Linux based operating system environment.
IT Security COURSE #ITS202/8939 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: ITS201 - IT – Operating Systems Course Description: Overview of information security principles, access control, risk management, and compliance. Covers threats to the IT infrastructure and how they can impact operations. Demonstrates strategies to mitigate risk impacts as they relate to the IT infrastructure. Provides technical knowledge required to execute on the essentials of information security.

❖ *Law, Public Safety and Security*

The Law, Public Safety and Security program prepares students to perform technical services involved with planning, organizing, researching, directing and controlling functions and processes related to the provision of Law, Public Safety and Security services. An integrated approach to teaching and learning is provided as students develop interpersonal relations, career development skills and technical knowledge and skills associated with careers in this growing field. Students completing this program will be prepared to participate in teams, solve problems, think critically, and implement effective solutions. Courses meet two and one-half hours per day, Monday through Friday at the West-MEC Central Campus, 6997 N. Glen Harbor Blvd., Glendale, AZ 85307.

Fundamentals of Law, Public Safety and Security I COURSE #LPS101/8941 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior or Senior Status Only Course Description: This course introduces students to careers in Law, Public Safety and Security and prepares students to apply academic and technical knowledge and skills related to common industry standards and practices. This course includes fitness standards, defensive tactics, patrol functions, traffic control, firearms safety, report writing, evidence packaging and SWAT.
Fundamentals of Law, Public Safety and Security II COURSE #LPS102/8942 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: LPS101 - Fundamentals of Law, Public Safety and Security I Course Description: This course introduces students to careers in Law, Public Safety and Security and prepares students to apply academic and technical knowledge and skills related to common industry standards and practices. This course includes securing the scene, introduction to sketching, impressions evidence, blood spatter analysis, hair and fiber analysis, firearms ballistics, death investigation, community policing, crisis negotiation, building searches, interviewing and interrogation, drug investigations and victim advocacy.

Law, Public Safety and Security - Advanced Applications I
COURSE #LPS201/8943
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: LPS102 - Fundamentals of Law, Public Safety and Security II
Course Description This course prepares students to apply advanced academic and technical knowledge and skills to a variety of settings within Law, Public Safety and Security. This course includes introduction to corrections, a jail field trip, court testimony, security pathways, incident command, advanced forensics, basic HAZMAT, search and rescue and human tracking.

Law, Public Safety and Security - Advanced Applications II
COURSE #LPS202/8944
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: LPS201 - Law, Public Safety and Security - Advanced Applications I
Course Description This course prepares students to apply advanced academic and technical knowledge and skills to a variety of settings within Law, Public Safety and Security. This course includes community relations, computer forensics, cyber security, arson investigations, forensic interviewing and odontology, animal control, professional dispatching, bike safety/patrol, accident reconstruction, fraud investigation and insurance investigations.

❖ *Massage Therapy*

The MSC Professional Massage Therapy Program builds strong foundational Massage skills for students planning on entering the rapidly growing Massage Therapy Industry whether they choose to pursue: private practice, spas, fitness centers, sports teams, hospitals, rehabilitation centers, or chiropractic offices. Focus is placed on structural massage – the ability to couple and apply a deep understanding of anatomy with powerful tissue sculpting techniques in order to create radical change in the body. 50% of course time is devoted to hands-on activities including Swedish, Deep Tissue, Myofascial, Sports, Pregnancy, and Asian Massages. 25% of course time is spent on anatomy, physiology, and kinesiology as they pertain to Massage Therapy. The remainder of the course is devoted to addressing specific syndromes, delivering superior service in a safe manner, ethics, and business training applicable to the industry. The program is housed at the Maricopa Skill Center Northwest Campus, located at 2931 West Bell Rd., Phoenix, AZ 85023.

Massage Therapy Foundations
COURSE #MT101/6320
Tuition Fee: Yes
Application Required
High School Credits: 2.75

Prerequisite: Senior Status Only
Course Description: MT101 is the first course of the one-year Massage Therapy program, offered to high school seniors. The course covers basics such as: sanitation, hygiene, safety, massage contraindications, ethics, healthy therapeutic relationships, professional communication, overview of the human body, healthcare terminology, muscle theory, client care, self-care, and Swedish Massage. It then continues with advanced anatomy and massage, focusing in detail on the skeletal and muscular components and manipulations of the upper body. Students are taught all the bones and muscles of the upper body and the kinesiology that develops from their interactions. Corresponding Deep-Tissue Massage for the upper body is taught in conjunction with the advanced anatomy to ensure its practical application. Eastern Massage is taught with an emphasis on Thai Massage and its integration with Western Structural Massage. Recently learned skills will be practiced on the general public during clinic.

Massage Therapy Services
COURSE #MT102/6321
Tuition Fee: Yes
Application Required
High School Credits: 2.75

Prerequisite: MT101 - Massage Therapy Foundations
Course Description: The second semester of this advanced anatomy and massage course focuses in detail on the skeletal and muscular components and manipulations of the lower body. Students will learn all the bones and muscles of the lower body and the kinesiology that develops from their interactions. Corresponding Deep-Tissue Massage for the lower body is taught in conjunction with the advanced anatomy to ensure its practical application. Students combine all of their program skills; integrating anatomy, kinesiology, concepts, theories, and techniques to properly assess clients and apply critical thinking in tailoring treatments to individuals with documentation. Common injuries and conditions are covered with specific strategies and protocols to address them. Business skills and entrepreneurial perspectives conducive to the industry of massage therapy are taught along with promotional massage techniques such as chair massage. Recently learned skills will be practiced on the general public during clinic.

❖ *Medical Assisting (One Year)*

The Medical Assisting program prepares students to deliver vital care services alongside medical professionals, including assisting in office surgeries, performing lab tests, taking vital signs and managing medical front office operations by scheduling appointments, maintaining patient files, and creating records for insurance reimbursement. Courses meet four hours per day, Monday through Friday and may include summer clinical experiences. The program is located at both the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85027 and the West-MEC Southwest Campus, 500 N. Verrado Way, Buckeye, AZ 85326.

**Medical Assistant
Foundations I & II
COURSE #MA103/
Tuition Fee: Yes
Application Required
High School Credits: 2.75**

Prerequisite: Senior Status Only
Course Description: MA103 is the first course of the one-year Medical Assisting program, offered to high school seniors. The course provides students a foundation in the allied health services, including administrative/clinical skills, medical ethics, HIPAA, consent forms, structure of medical words, medical abbreviations, identification of acronyms/symbols, patient scenarios, cells/tissues/organs/body systems, disease process, OSHA standards, hand washing, medical asepsis, vital signs, body temperature, pulse, respiration and preparation of patient for physical exam. The course also allows students to apply learned skills in allied health services. Emphasis will be placed on ledgers/record, patient itemized monthly statements, insurance claims, procedural/diagnostic coding, insurance forms, insurance benefits, prior authorizations for medical services, diagnostic testing, clinic front office duties, electronic medical records, patient data collection, inventory control, patient charts, alphabetical/numerical filings, medical records and business correspondence, including schedules/appointments/referrals.

**Medical Assistant Services I
& II
Course #MA104
Tuition Fee: Yes
Application Required
High School Credits: 2.75**

Prerequisite: MA103 – Medical Assistant Foundations I & 2
Course Description: MA104 starts the second semester of the one-year Medical Assisting program. A high degree of knowledge and skill is necessary for this course. Subjects covered include medical record components, chart procedures, disease prevention techniques, waste management, sanitizing/disinfecting instruments, wrapping instruments for autoclave, standard precautions, infection control, microbes classification, preparing treatment room, patient history/assessment, height/weight/head circumference, healthcare, EKGs & artifacts, holter monitor, spirometry, instruments, sterile pack, preparing patient for minor surgery, applying sterile gloves, sterile dressing change, suture removal, heat/cold applications, therapeutic ultrasound and casting applications – splints/crutches/canes/walkers/wheelchairs. This course also prepares students for college and career opportunities in the allied health services industry. Students are provided additional work-based learning opportunities in the area of drug classifications, common side effects, medication & immunization records, seven rights of medication administration, drug administration, writing prescriptions, diagnostic testing, lab safety procedures, urinalysis, blood components, skin puncture, culture preparation, throat culture specimen, microscope use, professional attributes, job readiness skills, interview skills, resumes and clinical internship.

❖ *Medical Assisting (Two Year)*

The Medical Assisting program prepares students to deliver vital care services alongside medical professionals, including assisting in office surgeries, performing lab tests, taking vital signs and managing medical front office operations by scheduling appointments, maintaining patient files, and creating records for insurance reimbursement. Courses meet two and one-half hours per day, Monday through Friday and may include summer clinical experiences. The program is located at both the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85027 and the West-MEC Southwest Campus, 500 N. Verrado Way, Buckeye, AZ 85326.

**Medical Assistant
Foundations I
COURSE #MA101/
Tuition Fee: Yes
Application Required
High School Credits: 1.5**

Prerequisite: Junior Status Only
Course Description: MA101 is the first course of the two-year Medical Assisting program, offered to high school juniors. The course provides students a foundation in the allied health services, including administrative/clinical skills, medical ethics, HIPAA, consent forms, structure of medical words, medical abbreviations, identification of acronyms/symbols, patient scenarios, cells/tissues/organs/body systems, disease process, OSHA standards, hand washing, medical asepsis, vital signs, body temperature, pulse, respiration and preparation of patient for physical exam.

**Medical Assistant
Foundations II
Course #MA102
Tuition Fee: Yes
Application Required
High School Credits: 1.5**

Prerequisite: MA101 – Medical Assistant Foundations I
Course Description: MA102 is the second course of the two-year program. The course allows students to apply learned skills in allied health services. Emphasis will be placed on ledgers/record, patient itemized monthly statements, insurance claims, procedural/diagnostic coding, insurance forms, insurance benefits, prior authorizations for medical services, diagnostic testing, clinic front office duties, electronic medical records, patient data collection, inventory control, patient charts, alphabetical/numerical filings, medical records and business correspondence, including schedules/appointments/referrals.

Medical Assistant Services I Course #MA201/ Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite Completed first year of Medical Assistant program Course Description: MA201 starts the second year of the two-year Medical Assisting program. A high degree of knowledge and skill is necessary for this course. Subjects covered include medical record components, chart procedures, disease prevention techniques, waste management, sanitizing/disinfecting instruments, wrapping instruments for autoclave, standard precautions, infection control, microbes classification, preparing treatment room, patient history/assessment, height/weight/head circumference, healthcare, EKGs & artifacts, holter monitor, spirometry, instruments, sterile pack, preparing patient for minor surgery, applying sterile gloves, sterile dressing change, suture removal, heat/cold applications, therapeutic ultrasound and casting applications – splints/crutches/canes/walkers/wheelchairs.
Medical Assistant Services II Course #MA202/ Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite MA201 - Medical Assistant Services I Course Description: This final course of the two-year medical assistant program prepares students for college and career opportunities in the allied health services industry. Students are provided additional work-based learning opportunities in the area of drug classifications, common side effects, medication & immunization records, seven rights of medication administration, drug administration, writing prescriptions, diagnostic testing, lab safety procedures, urinalysis, blood components, skin puncture, culture preparation, throat culture specimen, microscope use, professional attributes, job readiness skills, interview skills, resumes and clinical internship.

❖ *Medium/Heavy Diesel Technology*

The Medium/Heavy Diesel Technology program meets two and one-half hours per day, Monday through Friday and may include a summer work internship between the junior and the senior years. The course will be held at a new location for the 16-17 school year.

DIESEL ENGINE/CORE CURRICULUM COURSE #MHD101/6231 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior Status Only Course Description: MHD101 is the first course of the two-year medium heavy diesel technology program, offered to junior students through a partnership with West-MEC (Western Maricopa Education Center). The course introduces diesel engine repair and maintenance, brakes, suspension and steering, electrical components and hydraulics.
DIESEL ENGINE MAINTENANCE COURSE #MHD102/6232 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: MHD101 - Diesel Engine Core Curriculum Course Description: MHD102 is the second course of the two-year medium heavy diesel technology program. The course allows students to apply learned skills in the maintenance and repair of diesel engines, brakes, suspension and steering, electrical components and hydraulics. Emphasis will be placed on diagnosis and actual repair of these systems. In addition, students are prepared for job shadowing and internship experiences.
DIESEL ELECTRIC/ELECTRONIC SYSTEMS COURSE #MHD201/6233 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Completed first year of Medium/Heavy Diesel Technology program Course Description: MHD201 starts the second year of the two-year medium heavy diesel technology program. A high degree of knowledge and skill is necessary for this course. Subjects covered include safety, tools, diesel engines, suspension and steering, brakes, electrical/electronic systems, preventative maintenance inspections, hydraulics, and Career and Technical Student Organizations (SkillsUSA). This course may extend beyond the regular school day due to internships.
DIESEL ADVANCED TECHNOLOGIES COURSE #MHD202/6234 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: MHD201 Diesel Electric/Electronic Systems Course Description: This final course of the two-year medium heavy diesel technology program prepares students for the Automotive Service Excellence (ASE) certification exam. Students are provided additional work-based learning opportunities in the area of the maintenance and repair of diesel engines, brakes, suspension and steering, electrical components and hydraulics.

*** Upon completion of the two-year program, students may take the ASE Certification Exam.**

❖ *Pharmacy Technician*

The Pharmacy Technician program prepares students to deliver pharmacy services alongside licensed pharmacists within a pharmacy setting. This course will cover the fundamentals of the following: medical terminology, safety, pharmacy law, quality customer service, applied math, pharmacology, preparing prescription medications, administrative duties, inventory on all drugs to verify expiration Date Range and recalled items, operating cash register. Courses meet two and one-half hours per day, Monday through Friday, and may include an off-site shadowing experience. The program is located at both the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix, AZ 85027 and the West-MEC Southwest Campus, 500 N. Verrado Way, Buckeye, AZ 85326.

PHARMACY TECHNICIAN I
COURSE # PT101
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: Senior Status Only

Course Description: PT101 is the first course of a one-year Pharmacy Technician program offered to high school seniors. The course provides students a foundation in the allied health services, including administrative/clinical skills, medical ethics/pharmacy law, HIPAA compliance, medical terminology, applied math, pharmacology, OSHA Law and Regulations, and providing quality customer service.

PHARMACY TECHNICIAN II
COURSE # PT102
COURSE # MIS102
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: PT101 Pharmacy Technician I

Course Description: PT102 is the second course of a one-year program. The course allows students to apply academic concepts in a pharmacy setting. Emphasis will be placed on processing prescriptions, reviewing physician orders for proper dosage, drug allergies, and incompatibilities, data processing for insurance purposes using computer hardware and software systems, acting as a liaison between the pharmacy and the physician's office for prescription requests and authorizations, counting tablets, labeling bottles, along with administrative functions such as: answering phones, stocking shelves, and taking inventory.

❖ *Precision Manufacturing Program*

The Precision Manufacturing program prepares students for careers in the broad field of manufacturing as well as preparing students to move immediately into the Arizona Precision Manufacturing Apprenticeship Program and higher education. The Precision Manufacturing program prepares individuals to shape metal parts on machines such as lathes, grinders, drill presses, and milling machines. Included is instruction in making computations related to work dimensions, testing, feeds, and speeds of machines as well as using precision measuring instruments such as layout tools, micrometers and gauges. Also included is instruction in the operation and maintenance of computerized equipment. Students exiting this program will have a broad array of skills to prepare them for careers associated with manufacturing sectors such as aerospace, communications, electronics, medical devices, solar technology and more. The program is located at the West-MEC Central Campus, 6997 N. Glen Harbor Blvd., Glendale AZ 85307.

PRECISION MANUFACTURING FOUNDATIONS I
COURSE #PM101/5904
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: Junior or Senior Status Only

Course Description: PM 101 is the first course of the two-year CNC Precision Manufacturing Program offered to high school juniors and seniors. This course provides students with a foundation in precision manufacturing. Skills to be learned include industrial safety, statistical process and control, blueprint reading, computer aided drafting and material properties.

PRECISION MANUFACTURING FOUNDATIONS II
COURSE #PM102/5905
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: PM101 Precision Manufacturing Foundations I

Course Description: PM 102 is the second course of the two-year program. Skills to be learned in this course build upon those learned in the first course. These skills include technical math, lean manufacturing, solid programming, geometric dimensioning and tolerancing, and solid modeling.

INTERMEDIATE PRECISION MACHINING
COURSE #PM201/5906
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: PM102 Precision Manufacturing Foundations II

Course Description: PM 102 starts the second year of the two-year precision manufacturing program. During this course students will do extensive work with precision manufacturing equipment. Skills to be gained during this course include machine processes, theory and application, basic machining, CNC programming and CNC mill operation.

ADVANCED PRECISION MACHINING
COURSE #PM202/5907
Tuition Fee: Yes
Application Required
High School Credits: 1.5

Prerequisite: PM201 Intermediate Precision Machining

Course Description: The final course of the two-year precision manufacturing program prepares students to exit into the Arizona Precision Manufacturing Apprenticeship Program, higher education or the world of work. During the course students will obtain skills related to CNC lathe operation, CNC mill operation, and advanced machining. Students will also have the opportunity to participate in work-based learning.

❖ *Veterinary Science*

The Veterinary Sciences program prepares students to deliver vital care services alongside veterinarian medical professionals for dogs, cats, exotics and exposure to large animals like horses. The experiences include assisting in the surgery room, intensive care unit (ICU), taking vital signs, nursing care for animals, clinical office operations, x-rays and imaging, facility safety and cleanliness, and a general care and exercise program for the animals. Courses meet two and one-half hours per day, Monday through Friday, and will be located at the West-MEC Northeast Campus, 1617 W. Williams Dr., Phoenix AZ 85027.

VETERINARY SCIENCE FOUNDATIONS I COURSE #VS101/6010 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: None Course Description: This is the first course in a series of four. The course provides a foundation in veterinary science including the following: veterinary terminology, anatomy and physiology, examination procedures, pharmacy and pharmacology, vaccinations, basic animal nursing and care, and safety.
VETERINARY SCIENCE FOUNDATIONS II COURSE #VS102/6011 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Veterinary Science Foundations I Course Description: This is the second course in a series of four. The course will cover the following: lab procedures, radiology and ultra sound, small animal nursing, office and hospital clinic procedures, business and administration in a clinic, and hospital safety.
VETERINARY ASSISTANT I COURSE #VS201/6012 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Veterinary Science Foundations II Course Description: This is the third course in a series of four. The course will include the following: laboratory record keeping, dentals, emergency care, surgical preparation and assisting, large animal introduction, front desk operations and customer relations, exam room set up and operation.
VETERINARY ASSISTANT II COURSE #VS202/6013 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Veterinary Assistant I Course Description: This is the final course that includes rotation through all aspects of the Veterinary clinic (30 hours in 8 major departments), a final project and preparation for any certifications.

❖ *Welding Technology*

The Welding Technology Program prepares students for careers in the welding industry by focusing on incremental levels of competency based training. In addition to welding safety practices, the individual will be introduced to the common welding processes used throughout many parts of the industry such as SMAW (Stick welding), GMAW (MIG welding), FCAW (Flux cored arc welding), GTAW (TIG welding) and Oxy-fuel cutting. Included is instruction in blue print reading, weld symbol interpretation, basic metallurgy, weld quality, base metal preparation, and joint fit-up and alignment. Instruction also includes machine set-up, filler material selections and basic equipment maintenance. The program starts with plate and structural welding progressing to pipe and tubing configurations which prepares the student for a broad array of industry sectors such as pipeline, shipyard, power plant, buildings, bridges and aerospace applications. The program meets two and one-half hours per day, Monday through Friday at both the West-MEC Central Campus, 6997 N. Glen Harbor Blvd., Glendale, AZ 85307 and at Cortez High School, 8828 N. 31st Ave., Phoenix, 85051 (Dunlap Ave and 31st Ave).

SMAW PLATE WELDING COURSE #WLD101/5915 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: Junior or Senior Status Only Course Description: WLD 101 is the first course of the two-year Welding Program offered to high school junior and seniors. This course provides students with a foundation in welding technology. Skills to be learned include welding safety, blue print reading, weld symbol interpretation, SMAW beads and fillets, SMAW Grooves with backing.
GMAW/FCAW AND GTAW PLATE WELDING COURSE #WLD102/5916 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: WLD101 - SMAW Plate Welding Course Description: WLD 102 is the second course of the two-year program. Skills to be learned in this course build upon those learned in the first course. These skills include weld quality, base metal preparation, GMAW/FCAW plate welding, and GTAW plate welding. Students will also complete the American Welding Society SENSE school final competencies which will earn them industry certifications as an Entry Level Welder.
SMAW PIPE WELDING COURSE # WLD201/5917 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: WLD102 - GMAW/FCAW and GTAW Plate welding Course Description: WLD 201 starts the second year of the two-year welding program. During this course students will introduced to basic metallurgy, preheat and post heating of welds, SMAW pipe welding with backing and SMAW pipe welding without backing (open root).
GMAW/FCAW AND GTAW PIPE WELDING COURSE # WLD202/5918 Tuition Fee: Yes Application Required High School Credits: 1.5	Prerequisite: WLD201 - SMAW Pipe welding Course Description: WLD 202 is the final course of the two-year welding program. Skills to be gained during this course relate to pipe and tubing welding using the GMAW/FCAW and GTAW processes. Students will be prepared to enter the welding industry with pipe welding theory and skills which will be advantageous in securing internships and apprenticeships.

Entrance requirements for West-MEC Central Programs can be found at: www.west-mec.org

ENGLISH LANGUAGE DEVELOPMENT

Arizona House Bill 2064 (2008) requires that all ELL students receive four hours of English Language Development (ELD) instruction per day based on English proficiency as measured by Arizona English Language Learners Assessment (AZELLA). Beginning in school year 2015-2016, the Arizona Department of Education approved refinements to the SEI model. Students in at least their second year in an ELL program AND testing Intermediate on the AZELLA may reduce up to 2 hours of daily ELD instruction.

ELD GRAMMAR 1-2 COURSE #7547/8 Grade Level: 9-12 Course Length: 2 semesters	<p>Prerequisite: Placement in this class is determined by the English Acquisition Program after reviewing AZELLA scores and academic history. Students must also be enrolled in ELD Writing 1-2, ELD Reading 1-2 and ELD Oral English Conversation & Vocabulary 1-2.</p> <p>Course Description: The objective of this Structured English Immersion (SEI) course is to teach grammar skills derived from Arizona's English Language Proficiency standards to promote English acquisition. Instructional focus is on syntax, morphology, standard English conventions including parts of speech, phrase construction, sentence construction and punctuation. Instruction is differentiated to accommodate proficiency levels ranging from Pre-Emergent to Intermediate.</p> <p>Note: Each semester students will earn one-half elective credit.</p>
ELD GRAMMAR 3-4 COURSE #7582/3 Grade Level: 9-12 Course Length: 2 semesters	<p>Prerequisite: Placement in this class is determined by the English Acquisition Program after reviewing AZELLA scores and academic history. Students must also be enrolled in ELD Writing 3-4, ELD Reading 3-4 and ELD Oral English Conversation & Vocabulary 3-4.</p> <p>Course Description: The objective of this Structured English Immersion (SEI) course is to teach grammar skills derived from Arizona's English Language Proficiency standards to promote English acquisition. ELD TUTORING 1-2 COURSE #7541/2 Course Length: 1 semester Grade Level: 11-12	<p>Prerequisite: Placement in this class is determined by the English Acquisition Program after reviewing AZELLA scores and academic history.</p> <p>Course Description: The objective of this course is to provide an opportunity for ELL students or Fluent English Proficient (FEP) students to receive academic support and earn credits needed for graduation. The tutorial services will assist students to maintain a grade average of "C" or better, meet the District's graduation requirement in reading, writing and mathematics; reinforce research skills and promote staying in school.</p> <p>NOTE: This semester students will earn One-half elective credit.</p>

FOREIGN LANGUAGE

FRENCH 1-2 COURSE #5101-02 Course Length: 2 semesters Grade Level: 9-12 	<p>Prerequisite: None</p> <p>Course Description: Students will build communication skills including speaking, reading, writing, and listening. Students will use basic vocabulary associated to people, places, things, and actions related to their own lives. Students will express themselves in phrases, short sentences and memorized material in the present, present progressive, and past tenses. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to describe, ask and answer simple questions, engage in simple conversations and carry out simple functions at the Readiness level, as stated in Arizona College and Career Ready Standards.</p>
FRENCH 3-4 COURSE #5103-04 Course Length: 2 semesters Grade Level: 10-12 	<p>Prerequisite: French 1-2</p> <p>Course Description: Students will continue to build their communication skills including speaking, reading, writing, and listening. Students will use an intermediate level of vocabulary to express themselves in longer sentences and phrases. Students will use the present, present progressive, past (including preterit and imperfect), and imperative tenses with greater ease and write paragraph length material. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to read, write, listen, and speak at the Foundations level, as stated in Arizona College and Career Ready Standards.</p>

FRENCH 5-6 COURSE #5105-06 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: French 3-4 Course Description: Students will continue to build their communications skills including speaking, reading, writing, and listening. Students will narrate, describe ideas, and give opinions. Students will express their ideas completely and interestingly in communicating with generally accurate grammar, vocabulary, spelling, accents, and punctuation. Students will use the present, present progressive, past (including preterit and imperfect), imperative, conditional, subjunctive, and future. Students will be exposed to authentic expository and fictional material produced for native speakers and write multi paragraph essays on a variety of topics. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of this course, students will read, write, listen, and speak the language at the Essentials level, as stated in Arizona College and Career Ready Standards.
ADV PLACEMENT FRENCH LANGUAGE COURSE #5107-08 Course Length: 2 semesters Grade Level: 12 	Prerequisite: French 5-6 Course Description: This course is designed to prepare students for the Advanced Placement exam. Students will use more advanced grammatical structures including the present, present progressive, past (including the preterit and the imperfect), imperative, conditional, subjunctive, future, past progressive, pluperfect, and past subjunctive. Students will write in order to effectively explain their point of view and read non-technical material and literature. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of this course, students will be able to read, write, listen, and speak the language at the Proficiency level, as stated in Arizona College and Career Ready Standards.
SPANISH 1-2 COURSE #5121-22 Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: None Course Description: Students will build communication skills including speaking, reading, writing, and listening. Students will use basic vocabulary related to people, places, things, and actions related to their own lives. Students will express themselves in phrases, short sentences and memorize material in the present, present progressive, and past tenses. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to describe, ask and answer simple questions, engage in simple conversations and carry out simple functions at the Readiness level, as stated in Arizona College and Career Ready Standards.
SPANISH 3-4 COURSE #5123-24 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Spanish 1-2 Course Description: Students will continue to build their communication skills including speaking, reading, writing, and listening. Students will use an intermediate level of vocabulary to express themselves in longer sentences and phrases. Students will use the present, present progressive, past (including preterit and imperfect), and imperative tenses with greater ease and write paragraph length material. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to read, write, listen, and speak at the Foundations level, as stated in Arizona College and Career Ready Standards.
SPANISH 5-6 COURSE #5125-26 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Spanish 3-4 Course Description: Students will continue to build their communications skills including speaking, reading, writing, and listening. Students will narrate, describe ideas, and give opinions. Students will express their ideas completely and interestingly in communicating with generally accurate grammar, vocabulary, spelling, accents, and punctuation. Students will use the present, present progressive, past (including preterit and imperfect), imperative, conditional, subjunctive, and future. Students will be exposed to authentic expository and fictional material produced for native speakers and write multi-paragraph essays on a variety of topics. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of this course, students will read, write, listen, and speak the language at the Essentials level, as stated in Arizona College and Career Ready Standards.
ADV PLACEMENT SPANISH LANGUAGE COURSE #5200-5201 Course Length: 2 semesters Grade Level: 12 	Prerequisite: Native Spanish 1-2 or Spanish 5-6 Course Description: This course is designed to prepare students for the Advanced Placement exam. Students will use more advanced grammatical structures including the present, present progressive, past (including preterit and imperfect), imperative, conditional, subjunctive, future, past progressive, pluperfect, and past subjunctive. Students will write in order to effectively explain their point of view and read non-technical material and literature. In addition, students will learn the cultures of the people where the language is spoken. Upon successful completion of this course, students will be able to read, write, listen, and speak the language of the Proficiency level, as stated in Arizona College and Career Ready Standards.
NATIVE SPANISH 1-2 COURSE #5131-32 Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: Student speaks Spanish on a regular basis (at home and/or with family) Course Description: This course stresses the development of oral, reading and writing skills, vocabulary building and accurate communication skills for the bilingual student. Students will research various topics, analyze texts, write essays and compositions, and read narratives and short stories. Students will learn grammar structures such as the present, present progressive, past (including preterit and imperfect), and imperative, subjunctive, conditional, and future. In addition, students will learn and compare Spanish Speaking cultures. Upon successful completion of this course, students will read, write, listen, and speak Spanish at the Proficiency level as stated in Arizona College and Career Ready Standards.

NATIVE SPANISH 3-4
(AP LANGUAGE)
COURSE #5133-34
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Native Spanish 1-2
Course Description: This course is designed to prepare students for the Advanced Placement exam and stresses the development of oral reading and writing skills for the intermediate bilingual student. Students will research various topics, analyze texts, and write essays and compositions, and read narratives, short stories, and novels. Advanced grammar structures and language such as the present, present progressive, past (including preterit and imperfect), imperative, future, conditional, subjunctive, past progressive, pluperfect, and past subjunctive will be reinforced and emphasized. In addition, students will learn and compare Spanish speaking cultures. Upon successful completion of this course, students will read, write, listen, and speak Spanish at the Distinction level, as stated in Arizona College and Career Ready Standards.

NATIVE SPANISH 5-6
(AP LITERATURE)
COURSE #5135-36
Course Length: 2 semesters
Grade Level: 12

Prerequisite: Native Spanish 3-4
Course Description: Emphasis in this course is given to advanced reading, writing, and oral proficiency. Students continue the study of Spanish literature. Students may elect to take the Advanced Placement Spanish Literature Test.

LANGUAGE ARTS

NCAA APPROVED COURSE

FRESHMAN ENGLISH 1-2
COURSE #3001-02
Course Length: 2 semesters
Grade Level: 9

Prerequisite: None
Course Description: Freshman English is designed to teach composition, literature, communication, study skills, and reading strategies. Students will read fiction and non-fiction, short stories, plays, novels and poetry for understanding and application. Students will demonstrate understanding and application of the Six Trait Writing Process, grammar, spelling, mechanics, and speech techniques.

ADV FRESHMAN ENGLISH
COURSE #3011-12
Course Length: 2 semesters
Grade Level: 9

Prerequisite: 8th grade English teacher recommendation
Course Description: This course covers the same competencies as Freshman English, but goes into more detail and uses more complex literature. The course concentrates on composition skills that will be demanded of students throughout their high school courses. The Six Trait Writing Process will be analyzed and evaluated. Advanced reading strategies will be practiced.

ENGLISH 9-10 BLOCK
COURSE #3009-10
Course Length: 2 semesters
Grade Level: 9-10

Prerequisite: Reading Improvement I or II
Course Description: This course is designed for students who took Reading Improvement I or II their freshman year. It combines the competencies of 9th and 10th grade English.
Note: Students may earn freshman and/or sophomore English credit upon successful completion of this course.

SOPHOMORE ENGLISH 1-2
COURSE #3101-02
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Successful completion of Freshman English
Course Description: Sophomore English is designed for students to learn and effectively apply a variety of reading strategies from comprehending, interpreting and evaluating a wide range of texts including fiction, nonfiction, classic and contemporary works. Students will identify and understand the author's use of literary elements. In writing, students will focus on expository writing and formal communications, as well as a first or third person narrative and persuasive essay. Students will write using the Six Trait Writing Process and the Six Trait Rubric.

ADV SOPHOMORE ENGLISH 1-2
COURSE #3111-12
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Grade of C or better in Adv Freshman English
Course Description: This course is designed to provide students with a broader and deeper experience in literature, composition, and oral communication than the regular Sophomore English course. The class will read fiction and non-fiction works of various cultures, genres and time periods.

JUNIOR ENGLISH 1-2
COURSE #3200-01
Course Length: 2 semesters
Grade Level: 11

Prerequisite: Successful completion of Sophomore English
Course Description: Junior English is designed for students to learn and effectively apply a variety of reading strategies using American Literature as the content. They will analyze the author's use of literary elements. Students will analyze classic and contemporary literature for the universality of themes. Students will evaluate the author's persuasive techniques. In writing, students will analyze the use of literary elements; write an informational report and persuasive essay. Students will write using the Six Trait Writing Process and the Six Trait Rubric.

**ADV PLACEMENT ENGLISH
LANGUAGE/COMPOSITION
COURSE #3401-02**

Course Length: 2 semesters

Grade Level: 11

Prerequisite: Grade of C or better in Adv. Sophomore English

Course Description: This course leads to the AP exam in English Language and Composition. The course engages students in becoming skilled readers of prose written in a variety of periods, disciplines, and rhetorical contexts and in becoming skilled writers who compose for a variety of purposes. Both their writing and reading should make students aware of the interactions among a writer's purposes, audience expectations, and subjects as well as the way generic conventions and the resources of language contribute to effectiveness in writing. The course will emphasize the expository, analytical, and argumentative writing that forms the basis of academic and professional communication as well as the personal and reflective writing that fosters the development of writing facility in any context. The purpose is to enable students to read complex texts with understanding and to write prose of sufficient richness and complexity to communicate effectively with mature readers.

**SENIOR ENGLISH 1-2
COURSE #3421-22**

Course Length: 2 semesters

Grade Level: 12

Prerequisite: Successful completion of Junior English

Course Description: Senior English is designed for students to learn and effectively apply a variety of reading strategies using British literature as the content. Students will evaluate the author's use of literary elements and analyze classic and contemporary literature for the universality of themes. In writing, students will write an evaluation or critique a literary selection and craft a cohesive research document. Students will write using the Six Trait Writing Process and the Six Trait Rubric.

Note: Dual Enrollment may be offered for this course.

**ADV PLACEMENT ENGLISH
LITERATURE/COMPOSITION
COURSE #3411-12**

Course Length: 2 semesters

Grade Level: 12

Prerequisite: Grade of C or better in AP Junior English

Course Description: This course leads to the AP exam in English Literature and Composition. The course engages students in the careful reading and critical analysis of imaginative literature. Through the close reading of selected texts, students will deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. Students will consider a work's structure, style, and themes as well as such literary devices as figurative language, imagery, symbolism, and tone. The course will include intensive study of representative works from various genres and periods, concentrating on works of recognized literary merit from various genres and cultures. In addition to considering a work's literary artistry, students should consider the social and historical values it reflects and embodies. The writing for this course will emphasize persuasive, analytical, exploratory and research-based writing. Student writing will develop and organize ideas in clear, coherent, and persuasive language that demonstrates stylistic maturity.

❖ ELECTIVES - These classes do not fulfill the English graduation requirement

**FRESHMAN LITERACY
(TUHS & LJHS only)
COURSE #3013-14**

Course Length: 2 semesters

Grade Level: 9

Prerequisite: None

Course Description: This course is designed as a supplementary literacy course to develop and enhance the comprehension skills used in all content area courses both in high school and in college using high-interest text. Students are challenged to apply these skills through the use of debate, research, speeches and media presentations.

**READING I BLOCK
COURSE #3030-31**

Course Length: 1 or 2
semesters

Grade Level: 9

(or 10-12 targeted for the this
intervention)

Prerequisite: None

Course Description: This course is for students who read significantly below grade level and need intensive reading interventions. The curriculum is based on Scholastic's Read 180 and System 44 research-based programs that integrate Arizona's College and Career Ready Standards with reading intervention strategies so students can master foundational reading skills such as phonemic awareness, phonics, fluency, and comprehension, while being challenged to use critical thinking skills. Differentiated instruction will consistently be provided to target all students' needs.

**READING II BLOCK
COURSE #3032-33**

Course Length: 1 or 2
semesters

Grade Level: 9

(or 5.0 – 6.9 Gates, STATE
REGULATED ASSESSMENT
Approaching)

Prerequisite: None

Course Description: This course is for students who read 3-5 years below grade level and need intensive reading interventions. The curriculum is based on Scholastic's Read 180 research-based program that integrates Arizona's College and Career Ready Standards with reading intervention strategies so students can master reading and writing process skills while being challenged to use critical thinking skills. Differentiated instruction will consistently be provided to target all students' needs.

**READING III
COURSE #3034-35**

Course Length: 1 or 2
semesters

Grade Level: 9 (or 10-12
targeted for the this
intervention)

Prerequisite: None

Course Description: This course is for students who read 2-3 years below grade level and need secondary, targeted reading interventions. Reading III will provide literacy support for Freshman English and reading in other content areas. The curriculum is based on Arizona's College and Career Ready Standards with additional scaffolding and intervention strategies embedded into instructional routines. Differentiated instruction will consistently be provided to target all students' needs.

CREATIVE WRITING COURSE #3453 Course Length: 1 semester Grade Level: 9-12	Prerequisite: None Course Description: This course will stress the development of the individual's ability to write various types of material, such as poetry, plays and short stories.
BEGINNING SPEECH COURSE #3458 Course Length: 1 semester Grade Level: 9-12	Prerequisite: None Course Description: Beginning speech emphasizes the fundamentals of speech preparation, delivery, and listening skills. Current topics are used for subjects. In-class research is required.
ADV SPEECH (FORENSICS) COURSE #3454 Course Length: 1 semester (may be repeated for credit) Grade Level: 9-12	Prerequisite: Beginning Speech recommended, but not required Course Description: This course is designed to provide students with the opportunity to continue the study and practice of oral expression and oral composition and to encourage students to compete in the many forensic tournaments throughout the state. Speaking experience will include oral interpretation of prose and poetry, extemporaneous speaking, debate and oratory. The skills of analysis, reasoning, research and leadership will be an integral part of the course.
BEGINNING JOURNALISM COURSE #3701-02 Course Length: 2 semesters Grade Level: 9-12	Prerequisite: None Course Description: This course is the study of principles and practices in the field of journalism. Students will learn the basics of story writing, page design, page layout, digital cameras, photography, and photo manipulation as it applies to the media today. This class will prepare students to enroll in the yearbook or newspaper staffs on campus the following year.
NEWSPAPER PRODUCTION COURSE #3711-12 Course Length: 2 semesters Grade Level: 9-12	Prerequisite: Successful completion of Beginning Journalism or teacher recommendation Course Description: This course teaches and applies advanced journalism principles and techniques. The production and publication of the school newspaper is the major content of this course. Tolleson Union High School: <i>The Wolver News</i> Westview High School: <i>The Knightly News</i> La Joya Community High School: <i>Eye of the Lobo</i> Copper Canyon High School: <i>The Courier</i> Sierra Linda High School: <i>Bulldog Chronicles</i>
BEGINNING YEARBOOK COURSE #3704-05 Course Length: 1 semester Grade Level: 9-12	Prerequisite: None Course Description: Students learn techniques of layout, copy writing, photography, etc. as applied to the publication of the school yearbook.
YEARBOOK PRODUCTION COURSE #3721-22 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: Grade of C or better in English and/or Beginning Yearbook and/or instructor approval Course Description: Students are involved in the publication of the school's yearbook while learning and applying techniques of layout work, publications, and copy writing. Students are assigned to produce different sections of the yearbook including the academic departments, sports and clubs, faculty and staff, student sections, special events, and advertisements. Note: Participation in after-school activities is required.
LITERARY MAGAZINE PRODUCTION COURSE #3703 Course Length: 1 semester Grade Level: 11-12	Prerequisite: None Course Description: Students will produce the school magazine of the fine arts. They will judge the writing, photos, and drawings submitted by their peers and analyze the quality of the work. Production of the magazine is a large part of the course, along with the advertisement and distribution of the finished product.

LEADERSHIP EDUCATION

❖ Marine Corps Junior ROTC (TUHS & WHS only)

The Marine Corps Junior ROTC (MCJROTC) programs in the Tolleson Union High School District are some of the most successful in the United States. In 1973, 1995, 2000 and 2001 the programs were designated the number one MCJROTC unit in the nation. In addition to the Leadership and Marksmanship courses, drill, rifle, and physical fitness teams are recognized throughout the Southwest and nationally as one of the top ranked units. Outdoor Survival Training trips are conducted once or twice a year. These trips include hiking, desert survival, outdoor living (desert and mountain), rappelling and environmental awareness. Cadets must be physically qualified to participate fully in the Marine Corps Wellness/Physical Fitness program. Cadets will be issued a Marine Corps Physical Fitness uniform.

LEADERSHIP 1-2 COURSE #6511-12 Course Length: 2 semesters Grade Level: 9-12	Prerequisite: Be physically qualified per Marine Corps Order P.1533.6 Course Description: This course includes instruction in leadership and wellness. The areas of focus are patriotism, leadership fundamentals, followership, discipline, drill and ceremonies, Marine Corps history and organization, rifle safety, familiarization firing, money management, civic environmental responsibilities and wellness to include health, nutrition, first aid, stress, responsible lifestyles, etiquette, conflict resolution, substance abuse, physical fitness (present and lifelong). Note: This course fulfills the Wellness graduation requirement.
--	---

LEADERSHIP 3-4 COURSE #6513-14 Course Length: 2 semesters Grade Level: 10-12	Prerequisite: Leadership 1-2 and be physically qualified per Marine Corps Order P.1533.6 Course Description: This course expands the skills learned in Leadership 1-2 to include, but not limited to, leadership principles, problem solving, inspection procedures, unit drill, sword manual, map reading, role of officers, physical fitness testing.
LEADERSHIP 5-6 COURSE #6515-16 Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Leadership 3-4 and be physically qualified per Marine Corps Order P.1533.6 Course Description: This course will extend the skills learned in Leadership 3-4 and will include techniques of military instruction, fundamentals of command, group dynamics, world ideologies, physical fitness testing, and National Security Organization.
LEADERSHIP 7-8 COURSE #6517-18 Course Length: 2 semesters Grade Level: 12	Prerequisite: Leadership 5-6 and be physically qualified per Marine Corps Order P.1533.6 Course Description: This select group will be given a special course in techniques of military instruction and subsequently assigned as assistant military instructors who will be required to teach military subjects and supervise in training underclassman in the M.C.J.R.O.T.C. Program. Note: <u>Cadet selection is based on academic accomplishments and leadership abilities with the approval of the Senior Marine Instructor. Cadets not considered to possess the attributes of an Assistant Marine Instructor will be notified individually in writing by the Senior Marine Instructor and will not be eligible to enroll.</u>
R.O.T.C. MARKSMANSHIP COURSE #6521-22 Course length: 2 semesters Grade Level: 9-12	Prerequisite: Be physically qualified per Marine Corps Order P.1533.6 Course Description: The course will deal primarily with instruction in the areas of rifle care, safety, and marksmanship. Competitive varsity and junior varsity rifle teams will be formed. Students classified as ROTC cadets will be issued a regulation Marine Corps camouflage uniform without charge. All students will have the opportunity to qualify for the Marine Corps shooting award badges. Ammunition is provided at no cost. The balance of the course will be devoted to physical fitness activities.

MATHEMATICS

ALGEBRA I BLOCK COURSE #4006-07 Course Length: 2 semesters Grade Level: 9	Prerequisite: None Course Description: This course includes: properties of real numbers, solving and graphing linear equations, solving and graphing linear inequalities, exponents, quadratic equations, polynomials and factoring, rational expressions and equations, data analysis, patterns and probability. Note: <u>Students enrolled in Algebra I Block must be concurrently enrolled in Algebra I Block Lab</u>
ALGEBRA I COURSE #4009-10 Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: None Course Description: This course includes: properties of real numbers, solving and graphing linear equations, solving and graphing linear inequalities, exponents, quadratic equations, polynomials and factoring, rational expressions and equations, data analysis, patterns and probability.
ADV ALGEBRA I COURSE #4121-22 Course Length: 2 semesters Grade Level: 9 	Prerequisite: Placement by assessment Course Description: This course includes a more in-depth study of: properties of real numbers, solving and graphing linear equations, solving and graphing linear inequalities, exponents, quadratic equations, polynomials and factoring, rational expressions and equations, data analysis, patterns and probability. Note: <u>This course is intended to provide a challenge for students with above average ability, study habits and motivation.</u>
GEOMETRY BLOCK COURSE #4029-30 Course Length: 2 semesters Grade Level: 10	Prerequisite: Successful completion of Algebra I Block or Algebra I Course Description: This course in Geometry includes: properties of angles and lines, triangle relationships and congruencies, quadrilaterals, polygons, circles, similarities, surface area and volume, transformations, basic right triangle trigonometry. Note: <u>Students enrolled in Geometry Block must be concurrently enrolled in Geometry Block Lab</u>
GEOMETRY COURSE #4023-24 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Successful completion of Algebra I Course Description: This course includes: properties of angles and lines, triangle relationships and congruencies, quadrilaterals, polygons, circles, similarities, surface area and volume, transformations, basic right triangle trigonometry.
ADV GEOMETRY COURSE #4131-32 Course Length: 2 semesters Grade Level: 9-10 	Prerequisite: Successful completion of Algebra I or placement by assessment Course Description: This course will offer a more in-depth approach to Geometry where students will use deductive reasoning to prove theorems. Each student will develop the ability to solve real world problems using the properties and relationships of geometric figures.

ALGEBRA II COURSE #4141-42 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Successful completion of Geometry Course Description: This course extends the algebraic topics addressed in Algebra I including linear equations, inequalities and functions, quadratic functions and inequalities, matrixes, polynomial and radical expressions, rational expressions, sequences and series, irrational and complex numbers, discrete mathematics and probability, and trigonometric functions.
ADV ALGEBRA II COURSE #4151-52 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Successful completion of Adv. Geometry or teacher recommendation Course Description: This course covers the following topics: problem solving, linear relationships, functions and relations, graphing, systems of equations and inequalities, complex numbers, zeros of polynomial functions, exponential and logarithmic functions, counting and probability, introduction to trigonometry, trigonometric graphs, analyzing data.
ALGEBRA II CONCEPTS & SKILLS COURSE #4013-14 Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Successful completion of Geometry Course Description: This course is designed for the student that may have had difficulty understanding Algebra I concepts. This course also builds on Algebra I concepts and includes the following topics: linear equations and functions, systems of linear equations, data analysis, discrete math, quadratic functions, polynomial equations and rational equations.
FRESHMAN ALGEBRA II COURSE #4033-34 Course Length: 2 semesters Grade Level: 9 	Prerequisite: Placement by assessment Course Description: This accelerated course includes linear equations, inequalities, and functions; complex numbers; quadratic functions; polynomial functions; rational and radical functions; exponential and logarithmic functions; trigonometric functions; sequences and series; and statistics
FINANCIAL ALGEBRA COURSE #4118-19 Course Length: 2 semesters Grade Level: 12	Prerequisite: Successful completion of Algebra II Concepts & Skills or Algebra II Course Description: This course relates topics from Algebra II to the financial world. The course introduces students to the topics of the stock market, modeling a business, banking services, consumer credit, automobile ownership, employment basics, income taxes, independent living, and preparing a budget as they apply to high school mathematics concepts.
COLLEGE ALGEBRA COURSE #4161-62 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Successful completion of Algebra II Course Description: This course is a study of quadratic equations, relations and functions, theory of equations, systems of equations and inequalities, matrixes and determinants, binomial theorem, logarithms sequences and series, permutations and combinations and probability. There will be review and reinforcement of skills and concepts in addition to the thorough study of each topic. This course is intended for college bound students whose planned course of study does not require calculus. Note: Dual Enrollment may be offered for this course.
PRE-CALCULUS COURSE #4171-72 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Successful completion of Adv. Algebra II or College Algebra or teacher recommendation Course Description: This course is a study of logic, analyzing functions, system of equations and inequalities, integers, and polynomials over the field of complex numbers, rational numbers and rational functions, trigonometric identities and equations, recursion and mathematical induction, polar coordinates and complex numbers, combinatorics and vectors. Note: Dual Enrollment may be offered for this course.
STATISTICS COURSE #4184-4185 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Successful completion of Integrated Algebra II Course Description: This course addresses descriptive statistics topics including frequency distributions, histograms, graphs, and measures of center and spread. Probability topics include addition rules, multiplication rules, conditional probabilities counting rules, binomial distribution. Inferential statistics topics include estimations for population measures, hypothesis testing, correlation, goodness-of-fit, and statistical control. Note: Dual Enrollment may be offered for this course.
ADV PLACEMENT STATISTICS COURSE #4186-87 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Successful completion of Algebra II Course Description: The purpose of the AP course in Statistics is to introduce students to the major concepts and tools for collecting, analyzing, and drawing conclusions from data. Students are exposed to four broad conceptual themes: <ol style="list-style-type: none"> 1. Exploring Data – Describing patterns and departures from patterns 2. Sampling and Experimentation – Planning and conducting a study 3. Anticipating Patterns – Exploring random phenomena using probability and simulation 4. Statistical Inference – Estimating population parameters and testing hypotheses <p>Students who successfully complete the course and examination may receive credit, advanced placement, or both, for a one-semester introductory college statistics course.</p> Note: Dual Enrollment may be offered for this course.
ADV PLACEMENT CALCULUS AB COURSE #4181-82 Course Length: 2 semesters Grade Level: 12 	Prerequisite: Successful completion of Pre-Calculus Course Description: This course is primarily concerned with developing students' understanding of the concepts of calculus and providing experience with its methods and applications. The course emphasizes a multi-representational approach to calculus, with concepts, results, and problems being expressed graphically, numerically, analytically, and verbally. The connections among these representations are also important. Note: Dual Enrollment may be offered for this course.

**ADV PLACEMENT
CALCULUS BC
COURSE #4173-74**
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Pre-Calculus
Course Description: This course is a full-year course in the calculus of functions of a single variable. It includes all topics covered in Calculus AB plus additional topics, but both courses are intended to be challenging and demanding and require a similar depth of understanding of common topics.

❖ **ELECTIVES** - *These classes do not fulfill the Math graduation requirement*

**ADV PLACEMENT COMPUTER
SCIENCE A
COURSE #8930-31**
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of Algebra II
Course Description: The course emphasizes object-oriented programming methodology with a concentration on problem solving and algorithm development, and is meant to be the equivalent of a first-semester college-level course in computer science. It also includes the study of data structures, design, and abstraction.

**ALGEBRA I BLOCK LAB
COURSE #4015-16**
Course Length: 2 semesters
Grade Level: 9

Prerequisite: Placement by assessment
Course Description: This course offers lab activities to reinforce algebra classroom learning. Algebra I concepts will be diagnosed, and learning strategies will be prescribed for each student. Learning skills and test taking strategies will be integrated into the lab curriculum.

Note: Students enrolled in Algebra I Block Lab must be concurrently enrolled in Algebra I Block

**GEOMETRY BLOCK LAB
COURSE #4019-20**
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Successful completion of Algebra I Block
Course Description: This course offers lab activities to reinforce geometry classroom learning. Algebra I concept deficiencies will be diagnosed, and learning strategies will be prescribed for each student. Learning skills and test taking strategies will be integrated into the lab curriculum.

Note: Students enrolled in Geometry Block Lab must be concurrently enrolled in Geometry Block

PERFORMING & VISUAL ARTS

❖ **DANCE**

**FOLKLORICO
COURSE #3894-95**
Fee: None
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: Students will learn, teach, and perform Mexican dances for the purpose of developing, and promoting an understanding and an appreciation for the beauty of the Mexican culture. Students will learn history and traditions as influenced by the European, Indian, and Mestizo Cultures through dance. Students will be responsible for school equipment.

Note: Participation in after-school activities is required.

**MODERN DANCE 1-2
COURSE #3813-14**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: This course is designed to introduce various dance styles, movement, vocabulary and basic anatomy, and to develop basic fundamental dance techniques. This course will also provide a means for self-expression, group cooperation, and creativity. This course will cover dance history, dance appreciation and beginning dance techniques with an emphasis on modern dance and ballet.

Note: Participation in after-school activities is required.

**MODERN DANCE 3-4
COURSE #3815-16**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Modern Dance 1-2 and audition
Course Description: This course is designed to introduce various dance styles, movement, vocabulary and anatomy, and to develop intermediate levels of dance techniques. This course will also provide a means for self-expression, group cooperation and creativity at an intermediate level.

Note: Participation in after-school activities is required. If the student has previous experience, he/she needs approval from the teacher to enroll.

**MODERN DANCE 5-6
COURSE #3819-20**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Modern Dance 1-2, audition and audition
Course Description: This course provides students with a means for self-expression, creativity and artistic capabilities through dance composition with an emphasis on choreography and performance.

Note: Participation in after-school activities is required. If the student has previous experience, he/she needs approval from the teacher to enroll.

**MODERN DANCE 7-8
(Choreography &
Performance)
COURSE #3817-18**
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Modern Dance 1-2 and audition
Course Description: Students will use dance terminology and techniques at an advanced level to choreograph dances. This course will put together dance productions learning the basics of what it means to be on a technical crew, costume crew, and publicity crew. This is both a class and a club.

Note: Participation in after-school activities is required. If the student has previous experience, he/she needs approval from the teacher to enroll.

❖ MUSIC

BEGINNING BAND 1-2 COURSE #3873-74 Fee: \$10.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: None Course Description: This course provides students with class instruction on the common instruments of the band: flute, clarinet, saxophone, trumpet, French horn, trombone, baritone, tuba and percussion. No previous musical experience is necessary. Students will be responsible for school equipment. Note: Participation in after-school activities is required.
VARSITY BAND & FLAG LINE 1-2 COURSE #3881-82 Fee: \$20.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: Director Approval; incoming freshmen with Jr. High band experience may pre-register for this class; however a placement audition is required. Flagline tryouts are held in the spring Course Description: During the fall semester, the Varsity Band provides the marching halftime shows at all home football games. Varsity Band and Flagline also travel to "away" games, march at University Band Days and participate in various school events. During the spring semester, the Varsity Band performs at concerts and festivals and concentrates on the study of fine musical literature. Members of the Varsity Band also have the opportunity to participate in both the Regional Solo and Ensemble Festival and the Regional Honor Band Festival. A strong desire and commitment to performance is required. Note: Participation in after-school activities is required. The Flagline registers for Varsity Band for the fall semester only.
CHORUS 1-2 COURSE #3811-12 Fee: \$10.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: None Course Description: This course is open to any student who is interested in choral music and will cover the fundamentals of choral singing and the principles of reading music. Note: Participation in after-school activities is required. All campuses have the option that Chorus 1-2 be an all-female and/or mixed chorus per the director's discretion.
CHORUS 3-4 COURSE: #3823-24 Fee: \$10.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: Chorus 1-2 and audition This is the advanced choir and can be used as either a SSA choir or SATB choir, depending on the needs of the school. School concerts, certain festivals, and other performances are mandatory and a major part of the grade in this class. This course concentrates on healthy vocal development, advanced music performance skills, and historical/theoretical application of choral music with a very strong emphasis on sight singing. Note: Participation in after-school activities is required.
CONCERT CHOIR 1-2 COURSE #3821-22 Fee: \$15.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade Level: 10-12	Prerequisite: Chorus 1-2 and audition Course Description: This course is a study of fine choral literature through performance. The Concert Choir will perform at concerts, festivals, and community events. All members are required to attend every scheduled event, concert, and rehearsal. Attendance and participation provide the basis for quarterly grades. Members of the Concert Choir will also have the opportunity to participate in both the Regional Solo and Ensemble Festival and the Honor Choir Festival. A strong desire and commitment to performance is required. Note: Participation in after-school activities is required.
CONCERT CHOIR 3-4 (VOCAL ENSEMBLE) COURSE: #3825-26 Fee: \$15.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade level: 10-12	Prerequisites: Chorus 3-4 and audition This is a small, 25-30 member ensemble of advanced students. The literature is four to eight part harmonies, and the most advanced group at the school. This course concentrates on fundamental concepts with an emphasis on early fifteenth and sixteenth century music from the Medieval and Renaissance periods as well as Jazz and Show arrangements. A strong desire and commitment to performance is required. All members are required to attend every scheduled event, concert, and rehearsal. Attendance and participation provide the basis for quarterly grades. Note: Participation in after-school activities is required.
BEGINNING STRINGS 1-2 COURSE #3871-72 Fee: \$10.00 per semester Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: None Course Description: This course provides beginning and intermediate class instruction on the instruments of the string orchestra: violin, viola, cello, and double bass. School owned instruments will be available for those students who need them. This course will have limited performances.
STRING ORCHESTRA 1-2 COURSE #3861-62 Fee: None Course Length: 2 semesters (may be repeated for credit)	Prerequisite: Strings 1-2 Course Description: Orchestra is a performing ensemble. Students will study fine orchestra literature and perform periodically for the school and community. Students will also have the opportunity to study and perform chamber music, solos, and small string ensembles. Note: Participation in after-school activities is required.

MARIACHI ENSEMBLE 1-2
(TUHS only)
COURSE #3891-92
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: Instrumental experience preferred, but not necessary
Course Description: Mariachi Ensemble is a performance class designed to explore the literature of Mariachi music and other folk styles of Latin American music. Emphasis will also be placed on the historical and cultural backgrounds and this relationship to the music. All members are required to attend every scheduled event, concert, and rehearsal. Attendance and participation provide the basis for quarterly grades.
Note: Participation in after-school activities is required.

PIANO 1-2
COURSE #3841-42
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: This course is designed to cover a broad scope of piano skills from basic to intermediate. Areas to be covered include piano techniques, basic music theory and sight-reading.

PIANO 3-4
COURSE #3851-52
Fee: \$10.00 per semester
Course Length: 2 semesters
(may be repeated for credit)
Grade Level: 10-12

Prerequisite: Piano 1-2
Course Description: Emphasis in this course will be placed on intermediate skill levels of sight-reading, scales, piano theory, and chords. Instruction will also be given in advanced fingering techniques and styles.
Note: If the student has previous experience, he/she needs approval from the teacher to enroll.

BEGINNING GUITAR 1-2
COURSE #3801-02
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: Anyone who has an interest in music through the medium of the guitar will enjoy this class. Beginning Guitar instruction includes classical, folk, and popular music. The student's guitar is provided.

GUITAR 3-4
COURSE #3803-04
Fee: \$10.00 per semester
Course Length: 2 semesters
(may be repeated for credit)
Grade Level: 10-12

Prerequisite: Beginning Guitar 1-2
Course Description: This course will continue the instruction started in Guitar 1-2, focusing on developing intermediate performing skills on the guitar. Guitar 3-4 will include instruction on scales, arpeggios, chords, two-part classical style, folk strums, and popular music styles. The students are provided with acoustical guitars.
Note: If the student has previous experience, he/she needs approval from the teacher to enroll.

ADV PLACEMENT MUSIC THEORY 1-2
COURSE #3885-86
Fee: None
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: One year of any music course (band, choir, guitar, piano, etc.)
Course Description: For many students, playing or singing music is an enjoyable experience, however, understanding how music is constructed; how scales and chords are formed; the relationship between major and minor keys; and how music is composed through melody, harmony and chord progressions can enhance the musical experience even further. Music Theory is an advanced music course focusing on writing and analyzing music.

❖ PHOTOGRAPHY

PHOTOGRAPHY 1-2
COURSE #3641-42
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: None
Course Description: This is a beginning level course in which students will learn camera function and photographic aesthetics. **Wet Lab:** Students learn the techniques of exposing black and white film, processing the film in the laboratory and producing black and white photographic prints. Equipment is provided. Students purchase black and white film and photo paper. **Digital Lab:** Students learn to store, edit, manipulate and print color and black and white photography. Students will be required to purchase a flash drive and photo paper.
Note: Location will dictate whether course is offered as a black and white, web lab photography course or a digital photography course. Students will be responsible for school equipment.
Note: Fees cover photo chemicals, ink and essential paper only. Paper usage varies by student need and preference. Extra photo paper is available at an additional charge.

PHOTOGRAPHY 3-4
COURSE #3651-52
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Photography 1-2 or instructor approval
Course Description: Advanced topics in photography may be investigated as a class and on an individual basis. **Wet Lab:** Students purchase black and white film and photo paper for course projects. **Digital Lab:** Students purchase flash drive and photo paper for course projects.
Note: Location will dictate whether course is offered as a black and white, web lab photography course or a digital photography course. Students will be responsible for school equipment.
Note: Fees cover photo chemicals, ink and essential paper only. Paper usage varies by student need and preference. Extra photo paper is available at an additional charge.

❖ THEATRE

THEATRE 1-2
COURSE #3467-68
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: This is a beginning level course, which is designed to teach basic theatre skills and concepts. Students will learn basic acting techniques, play structure, musical theatre, and basic technical theatre skills.

THEATRE 3-4
COURSE #3469-70
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Theatre 1-2
Course Description: This course is designed to teach intermediate theatre skills and concepts. Students will build on basic theatre concepts learned in Theatre 1-2. Emphasis will be placed on acting skills, technical theatre, playwriting, theatre history, children's theatre, social theatre and performance.
Note: Participation in after-school activities is required.

THEATRE 5-6
COURSE #3471-72
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Theatre 3-4 and audition
Course Description: This course is designed to teach advanced theatre skills and concepts. Students will build on theatre concepts learned in Theatre 3-4. Emphasis will be placed on acting skills, theatre production and theatre performance.
Note: Participation in after-school activities is required.

THEATRE 7-8
COURSE #3473-74
Fee: \$10.00 per semester
Course Length: 2 semesters
Grade Level: 12

Prerequisite: Theatre 5-6 and audition
Course Description: Students will use theatre terminology and techniques at an advanced level to direct play and act in culturally sophisticated theatre. Students will be expected to participate in theatre productions and take on leadership roles as necessary.
Note: Participation in after-school activities is required.

STAGE PRODUCTION 1-2
COURSE #3456-57
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: This course will introduce students to the design and technical processes necessary to visualize, design and construct stage sets for performances. This course will also research and explore production and management to support and promote stage shows of all types. Emphasis will be placed on set construction, stage lighting, sound basics, costume construction, makeup design and application, and prop construction. Students will learn and understand fundamental theatre terminology and analyze and evaluate various styles of performances.
Note: Participation in after-school activities is required.

STAGE PRODUCTION 3-4
COURSE #3461-62
Fee: \$5.00 per semester
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Stage Production 1-2
Course Description: This course will develop students' depth and understanding of designing scenery, lighting, costumes, props, makeup and sound for the theatre. Students will have the opportunity to advance beyond theory into actually designing and creating their own plans for upcoming theatre productions. **Note:** Participation in after-school activities is required.

❖ VISUAL ARTS

ART 1-2
COURSE #3601-02
Fee: \$15.00 per semester
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: None
Course Description: This is a beginning art course designed to introduce the student to the fundamental elements of art and principles of design and critical evaluation with a broad base for visual understanding and the problem solving aspects of art and design. The student will be exposed to a variety of art processes and materials. Projects can include drawing, printmaking, sculpture, lettering, design, and painting.

ART 3
COURSE #3610
Fee: \$15.00
Course Length: 1 semester
Grade Level: 10-12

Prerequisite: Art 1-2
Course Description: This course is an intermediate art course with an emphasis on drawing. Student will develop a level of skill and proficiency in the use of value, composition, form, space, line, and organization. Students will gain an understanding of drawing as it relates to history and culture and will continue to build problem solving and critical evaluation skills. As value relates to other media, students may also work in print, lettering, design, and painting.

ART 4 COURSE #3611 Fee: \$15.00 Course Length: 1 semester Grade Level: 10-12	Prerequisite: Art 1-2, Art 3 Course Description: This is an intermediate art course with an emphasis on the organization of color through the use of various drawing and painting media and can include alternative processes. Student will continue to build problem solving and critical evaluation skills as they relate to art and design.
ART 5 COURSE #3612 Fee: \$20.00 Course Length: 1 semester Grade Level: 11-12	Prerequisite: Art 1-2, Art 3, Art 4 Course Description: This course is an advanced art course with an emphasis on two-dimensional design. Areas covered include, but are not limited to, illustration design, poster, cover and package design, with a continued focus on problem solving and critical evaluation skills as they relate to both the student's work and that of the art world.
ART 6 COURSE #3613 Fee: \$20.00 Course Length: 1 semester Grade Level: 11-12	Prerequisite: Art 1-2, Art 3, Art 4, Art 5 Course Description: This is an advanced course with an emphasis on color theory and usage, designed to further develop the skills and techniques of painting and may also include sculpture, experimental or alternative media, with a continued focus on critical evaluation as it relates to both the student's work and that of the art world.
ART STUDIO 1-2 COURSE #3621-22 Fee: \$20.00 per semester Course Length: 2 semesters Grade Level: 12	Prerequisite: Students must have had three years of art Course Description: Students will be given individual programs of study. The focus is on personal development as related to various processes and media.
ADV PLACEMENT ART STUDIO 1-2 COURSE #3637-38 Fee: \$20.00 per semester Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Students must have had three years of visual art and instructor approval Course Description: This course is a college level course designed for students who are seriously interested in the practical experience of art and is not based on a written exam. Instead, students submit portfolios for evaluation to the College Board at the end of the school year. This course consists of three portfolios: 2-D Design; 3-D Design and Drawing. Student chooses which portfolio they will submit. Note: Dual Enrollment may be offered for this course. Note: Participation in after-school activities is required.
ADV PLACEMENT ART HISTORY COURSE #3639-40 Fee: None Course Length: 2 semesters Grade Level: 12	Prerequisite: None Course Description: College courses generally cover the various art media in the following proportions: 40-50 percent painting and drawing; 25 percent architecture; 25 percent sculpture; and 5-10 percent other media. The AP Art History Examination reflects these distributions through multiple-choice questions, and long and short essay questions. An understanding of the elements of art, fundamental art historical terminology, and technical processes used in the production of art is basic to both college and AP courses. Art History increasingly emphasizes understanding works in context, considering such issues as patronage, gender, and the functions and effects of works of art.
CERAMICS 1 COURSE #3614 Fee: \$20.00 Course Length: 1 semester Grade Level: 9-12	Prerequisite: None Course Description: This course is an introduction to the nature of clay, glazing and firing. The process of hand-building and techniques of surface treatment in good visual organization are explored. Note: Due to materials used, students with severe asthma or other respiratory illness may have problems in this course.
CERAMICS 2 COURSE #3615 Fee: \$20.00 Course Length: 1 semester Grade Level: 9-12	Prerequisite: Ceramics 1 Course Description: This course is an introduction to the throwing of clay forms on the potter's wheel plus continued exploration of hand building and slip casting. Note: Due to materials used, students with severe asthma or other respiratory illness may have problems in this course.
CERAMICS 3-4 COURSE #3616-17 Fee: \$20.00 per semester Course Length: 2 semesters Grade Level: 10-12	Prerequisite: Ceramics 1-2 Course Description: This course emphasizes the progressive development of skills on the potter's wheel, combined hand-constructed and thrown pieces, hand-built form and mold-making. Advanced students are expected to know how to load, maintain and fire kilns, make individual glazes and actively participate in the maintenance of the entire studio. Note: Due to materials used, students with severe asthma or respiratory illness may have problems in this course.

PHYSICAL EDUCATION AND HEALTH

HEALTH COURSE #8015 Course Length: 1 semester Grade Level: 9	Prerequisite: None Course Description: The focus of this course is on individual students and their responsibility to manage many aspects of their mental, social, and physical lives. This course will inform and equip students with decision-making skills in critical areas of their health. <u>NOTE: Appropriate fitness attire is required for this class.</u> <u>Note: Health/PE are required for graduation.</u>
PHYSICAL EDUCATION COURSE #8016 Course Length: 1 semester Grade Level: 9	Prerequisite: Health Course Description: This course develops a basic understanding of personal fitness and knowledge of total body conditioning. Students are required to fully participate in selected physical conditioning activities. <u>NOTE: Appropriate fitness attire is required for this class.</u> <u>Note: Health/PE are required for graduation.</u>
ADV PHYSICAL EDUCATION COURSE #8021-22 (B) COURSE #8023-24 (G) Course Length: 1 or 2 semesters Grade Level: 10- 12	Prerequisite: Health/PE and physically able to meet the demands of the course Course Description: The goal of this course is to improve each student's skills and personal fitness. Students will participate in a variety of team and individual sports. It is physically demanding and competitive. Evaluation is based on each student's level of physical skills, fitness and observable behaviors, such as cooperation, leadership, discipline, and commitment.
SYSTEMATIC CONDITIONING COURSE #8041-42 Course Length: 1 or 2 semesters Grade Level: 10-12	Prerequisite: Health/PE Course Description: The goal of this course is to develop each student's total fitness, including flexibility, cardiovascular efficiency, muscular endurance and body composition. Cardiovascular training will include walking, jogging, and running activities. Muscular fitness training will utilize calisthenics, polymerics, free weights and machines. Students will also study the value of different sports and training programs in weight management and maintenance. Similar to Weight Training 1-2, classroom instruction will emphasize activity, theories, concepts, principles and health issues.
WEIGHT TRAINING 1-2 COURSE #8033-34 Course Length: 1 or 2 semesters Grade Level: 10-12	Prerequisite: Health/PE Course Description: The goal of this course is to improve each individual's muscular fitness. Students will learn weight training skills, techniques and methods in strength and endurance training. This will involve demonstrating an extensive variety of exercises using calisthenics, free weights and machines. Classroom instruction will concentrate on weight training safety, anatomy, muscle physiology, training principles, and program design. Students will also pursue an aerobic conditioning program to improve and maintain an adequate level of cardiovascular fitness.
WEIGHT TRAINING 3-4 COURSE #8035-36 Course Length: 1 or 2 semesters Grade Level: 11-12	Prerequisite: Weight Training 1-2 Course Description: The goal of this course is to improve each individual's strength, muscular endurance and power through the completion of planned weight training programs. Students are also required to complete a running and calisthenics routine. Evaluation is based on the completion of prescribed programs and performance improvements.

SCIENCE

INTEGRATED SCIENCE 1-2 COURSE #4525-26 Course Length: 2 semesters Grade Level: 9	Prerequisite: None Course Description: This course is designed for all students as a beginning high school course. Arizona College and Career Ready Standards include the nature of science, the scientific method, environmental science, physical science, chemical science, and earth science. The course is lab and activity based requiring students to apply basic concepts of science.
GEOLOGY COURSE #4527-28 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Successful completion of Integrated Science or Biology Course Description: This course will take a comprehensive look at the science devoted to the study of the earth, its origin, history, composition, properties, and resources. This will be a process oriented class incorporating and integrating chemistry, physics, mathematics, engineering, and writing skills to solve problems in geology. A special unit on geology of Arizona will draw on personal experiences and interests to enhance relevancy.
BIOLOGY 1-2 COURSE #4531-32 Course Length: 2 semesters Grade Level: 9-11 	Prerequisite: None Course Description: This course is designed for all students as a study of living things. Arizona College and Career Ready Standards include the nature of science, the scientific method, biodiversity, cell biology, genetics, and evolution. Learning and thinking skills, including problem solving, predicting, and analysis of data, evaluating and synthesizing will be emphasized. <u>Note: Dual Enrollment may be offered for this course.</u>

PRE-AP BIOLOGY 1-2
COURSE #4535-36
Course Length: 2 semesters
Grade Level: 9-10

Prerequisite: None

Course Description: This course is designed to provide students with the foundations for future AP science courses. It includes all topics covered in Biology plus additional topics. This course is intended to be challenging and demanding. Arizona College and Career Ready Standards taught include the nature of science, scientific method, biodiversity, ecology, cell biology, genetics, and evolution. Learning and thinking skills, including problem solving, predicting, analysis of data, evaluating and synthesizing, will be emphasized throughout the course.

Note: Dual Enrollment may be offered for this course.

ADV PLACEMENT BIOLOGY
COURSE #4533-34
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Pre-AP Biology and Chemistry or teacher recommendation

Course Description: The two main goals of AP Biology are to help students develop a conceptual framework for modern biology and to help students gain an appreciation of science as a process. The ongoing knowledge explosion in biology makes these goals even more challenging. AP Biology develops an understanding of concepts rather than memorizing terms and technical details. Essential to this conceptual understanding are the following: a grasp of science as a process rather than as an accumulation of facts; personal experience in scientific inquiry; recognition of unifying themes that integrate the major topics of biology; and application of biological knowledge and critical thinking to environmental and social concerns.

Note: Students enrolled in AP Biology must be concurrently enrolled in AP Biology Lab.

HUMAN
ANATOMY/PHYSIOLOGY
COURSE #4583-84
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Biology

Course Description: This course is designed to give students an in-depth study of the structure and function of the human body and systems. There will be a focus on disease and health maintenance topics.

Note: Dissections are required.

ADV BIOLOGY HUMAN
ANATOMY/PHYSIOLOGY
COURSE #4585-86
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Biology or teacher recommendation

Course Description: A fast-paced study of the structure and dynamics of the human body taught at distinction level standards. Research projects, clinical applications and class projects are an integral part of the course.

Note: Dissections are required.

GENERAL CHEMISTRY 1-2
COURSE #4541-42
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Biology and Integrated Algebra I or teacher recommendation

Course Description: This course is designed for college bound students not planning to major in a science related field. This course provides an understanding of atomic structure, bonding, reactions and equilibria. Using stoichiometry, balanced equations and the mole concept, basic laws are learned. Gas laws, acid/base, pH, and solutions are an important part of the course. Frequent lab and in-class activities requiring critical thinking are used. Arithmetic and Algebra are necessary skills.

ADV CHEMISTRY 1-2
COURSE #4551-52
Course Length: 2 semesters
Grade Level: 10-12

Prerequisite: Successful completion of Pre-AP Biology and Algebra I (or higher) or teacher recommendation

Course Description: This course is intended for students interested in any science major in college, including those whose career goals are in health professions, engineering, and the environmental sciences. An understanding of atomic structure, bonding of molecules, redox reactions and equilibria, balancing chemical equations, the mole concept, nuclear chemistry, the gas laws, acid-base reactions, and solutions are the major topics covered. Laboratory applications are conducted weekly. Daily homework is assigned.

Note: Dual Enrollment may be offered for this course.

ADV PLACEMENT
CHEMISTRY
COURSE #4553-54
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of General Chemistry and Algebra II or teacher recommendation

Course Description: This course is designed to be the equivalent of the general chemistry course usually taken during the first college year. Students should attain a depth of understanding of fundamentals and reasonable competence in dealing with chemical problems. The course contributes to the development of the students' abilities to think clearly and to express their ideas, orally and in writing, with clarity and logic. The college course in general chemistry differs qualitatively from the usual first secondary school course in chemistry with respect to the kind of textbook used, the topics covered, the emphasis on chemical calculations and the mathematical formulation of principles, and the kind of laboratory work done by students. Quantitative differences appear in the number of topics treated, time spent on the course by students and the nature and the variety of experiments done in the laboratory.

Note: Students enrolled in AP Chemistry must be concurrently enrolled in AP Chemistry Lab. **Note:** Dual Enrollment may be offered for this course.

ADV PLACEMENT
ENVIRONMENTAL SCIENCE
COURSE #4529-30
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Successful completion of General Chemistry or teacher recommendation

Course Description: The goal of the AP Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternate solutions for resolving or preventing them.

PHYSICS 1-2 COURSE #4561-62 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Successful completion of Biology and Algebra II or concurrent enrollment in Algebra II Course Description: This course will develop an understanding of the general principles and models of physics and the nature of scientific inquiry. The level of mathematical sophistication includes some algebra and basic geometry concepts.
ADV PLACEMENT PHYSICS 1 COURSE #4573-74 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: No prior course work in physics is necessary. Students should have completed geometry and be concurrently taking Algebra II or an equivalent course. Course Description: AP Physics 1 is an algebra-based, introductory college-level physics course that explores topics such as Newtonian mechanics (including rotational motion); work, energy, and power; mechanical waves rotational motion); work, energy, and power; mechanical waves reasoning skills. Note: Students enrolled in AP Physics-B must be concurrently enrolled in AP Physics-B Lab.
ADV PLACEMENT PHYSICS 2 COURSE #4557-58 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Students should have had AP Physics 1. Students should have taken or be concurrently taking Precalculus. Course Description: AP Physics 2 is an algebra-based, introductory college-level physics course that explores topics such as fluid statics and dynamics; thermodynamics with kinetic theory; PV diagrams and probability; electrostatics; electrical circuits with capacitors; magnetic fields; electromagnetism; physical and geometric optics; and quantum, atomic, and nuclear physics. Through inquiry-based learning, students will develop scientific critical thinking and reasoning skills. Note: Students enrolled in AP Physics-B must be concurrently enrolled in AP Physics-B Lab.
ADV PLACEMENT PHYSICS-C MECHANICS COURSE #4575-76 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Calculus or concurrent enrollment in Calculus Course Description: This course is designed for students who will have a college major in engineering or science and is a calculus based application of Newtonian Mechanics. Studies include: kinematics, Newton's laws of motion, work, energy, power, systems of particles, linear momentum, circular motion, angular momentum, oscillations and gravitation. Lecture will be 3 hours/week and laboratory 2 hours/week.
ADV PLACEMENT PHYSICS-C ELECTRICITY/MAGNETISM COURSE #4577-78 Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Must be concurrently enrolled in Calculus AB or BC Course Description: This course provides instruction in each of the following five content areas: electrostatics; conductors, capacitors, and dielectrics; electric circuits; magnetic fields; and electromagnetism. This course will utilize guided inquiry and student centered learning to foster the development of critical thinking skills and will use introductory differential and integral calculus throughout the course.

❖ **ELECTIVES** - These classes do not fulfill the Science graduation requirement

ADV PLACEMENT BIOLOGY LAB COURSE #4537-38 Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Successful completion of Pre-AP Biology or teacher recommendation Course Description: This course will provide opportunities to explore course content in greater depth than the time constraints of a single class period allow. In particular, this course is designed to encourage the development of skills such as detailed observation, experimental design, data interpretation, and operation of technical equipment through laboratory experiences. Note: Students enrolled in AP Biology Lab must be concurrently enrolled in AP Biology.
ADV PLACEMENT CHEMISTRY LAB COURSE #4555-56 Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Successful completion of General Chemistry and Algebra II or teacher recommendation Course Description: This course will provide opportunities to explore course content in greater depth than the time constraints of a single class period allow. In particular, this course is designed to encourage the development of skills such as analytical thinking, experimental design, data interpretation, and communication of conclusions through laboratory experiences. Note: Students enrolled in AP Chemistry Lab must be concurrently enrolled in AP Chemistry.
ADV PLACEMENT PHYSICS-B LAB COURSE #4580-81 Course Length: 2 semesters Grade Level: 11-12	Prerequisite: Successful completion of Biology and Algebra II or teacher recommendation Course Description: This course will provide opportunities to explore course content in greater depth than the time constraints of a single class period allow. In particular, this course is designed to encourage the development of skills such as detailed observation, experimental design, data interpretation, and error analysis through laboratory experiences. Note: Students enrolled in AP Physics-B Lab must be concurrently enrolled in AP Physics-B.

SOCIAL STUDIES

WORLD HISTORY/GEOGRAPHY COURSE #7021-22 Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: None Course Description: (World History) Students analyze the recent human experience (1600-1914; Age of Enlightenment, Revolution, Nationalism and Imperialism) recognize the relationship of events and people, and interpret significant patterns, themes, ideas, beliefs and turning points in World History. (World Geography) Students analyze locations, regions, and spatial connections, recognizing the natural and cultural processes that impact the way in which people and societies live and interact with each other and their environment.
ADV PLACEMENT WORLD HISTORY COURSE #7027-28 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: None Course Description: The purpose of this course is to develop greater understanding of the evolution of global processes and contacts in interaction with different types of human societies. This understanding is advanced through a combination of select factual knowledge and appropriate analytical skills. The course highlights the nature of change in international frameworks, their causes and consequences, and comparisons among major societies. The course emphasizes relevant factual knowledge in conjunction with leading interpretive issues and types of historical evidence. The course builds on an understanding of cultural, institutional, and technological precedents that, along with geography, set the human stage. Periodization, explicitly discussed, forms an organizing principle for dealing with change and continuity. Specific themes provide further organization to the course, along with consistent attention to contacts among societies that form the core of world history.
ADV PLACEMENT EUROPEAN HISTORY COURSE #7029-30 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: None Course Description: The study of European History since 1450 introduces students to cultural, economic, political, and social developments that played a fundamental role in shaping the world in which they live. Without this knowledge, we would lack the context for understanding the development of contemporary institutions, the role of continuity and change in present-day society and politics, and the evolution of current forms of artistic expression and intellectual discourse. In addition to providing a basic narrative of events and movements, the goals of the AP program in European History are to develop (a) an understanding of some of the principal themes in modern European History, (b) an ability to analyze historical evidence and historical interpretation, and (c) an ability to express historical and understanding in writing.
ADV PLACEMENT HUMAN GEOGRAPHY COURSE #7061-62 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: None Course Description: The purpose of this course is to provide the student with a learning experience equivalent to that obtained in most college introductory Human Geography courses.
UNITED STATES/ARIZONA HISTORY/GEOGRAPHY COURSE #7031-32 Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: None Course Description: Students analyze the recent American experience (1876-1990; American Industrial Revolution to the Persian Gulf War), recognize the relationship of events and people, and interpret significant patterns, themes, ideas, beliefs and turning points in American and Arizona history.
ADV PLACEMENT UNITED STATES HISTORY COURSE #7051-52 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: None Course Description: The purpose of this course is to develop the skills necessary to arrive at conclusions on the basis of an informed judgment and to present reasons and evidence, clearly and persuasively, in essay format.
UNITED STATES/ARIZONA GOVERNMENT COURSE #7200 Course Length: 1 semester Grade Level: 12 	Prerequisite: None Course Description: In this course, the basic structure and development of the United States/Arizona government will be examined. The topics of democracy, federalism, civil rights, and civic responsibility will be highlighted.
ECONOMICS COURSE #7250 Course Length: 1 semester Grade Level: 12 	Prerequisite: None Course Description: This course provides a strong practical understanding of the free market concept in American Capitalism, with focus on micro and macroeconomics. Microeconomics studies the impact of individual economic behavior while macroeconomics focuses on the country's economy as a whole. The course encourages students to make intelligent decisions about their personal economic status as well as judgments regarding broader questions of global and cultural economic policy.
ADV PLACEMENT GOVERNMENT/POLITICS COURSE #7041-42 Course Length: 2 semesters Grade Level: 12 	Prerequisite: None Course Description: In this course, students will be given an analytical perspective on government and politics in the United States. The course includes both the study of general concepts used to interpret U.S. politics and the analysis of specific examples. It also requires a familiarity with the various institutions, groups, beliefs, and ideas that constitutes U.S. politics. The following topics will be examined: Constitutional Underpinnings; Political Beliefs and Behaviors; Political Parties; Interest Groups; Mass Media; Institutions such as Congress, Presidency, Bureaucracy, Courts; Public Policy; and Civil Rights and Civil Liberties.

ADV PLACEMENT COMPARATIVE GOVERNMENT/POLITICS COURSE #7103-04 Course Length: 2 semesters Grade Level: 12 	Prerequisite: None Course Description: This course introduces students to fundamental concepts used by political scientists to study the processes and outcomes of politics in a variety of country settings. The course State Regulated Assessment to illustrate the rich diversity of political life, to show available institutional alternatives, to explain differences in processes and policy outcomes, and to communicate to students the importance of global political and economic changes. Comparison assists both in identifying problems and in analyzing policymaking.
ADV PLACEMENT MICROECONOMICS COURSE #7252-53 Course Length: 2 semesters Grade Level: 12 	Prerequisite: None Course Description: This course is designed to give students a thorough understanding of the principles of economics that apply to an economic system as a whole. Such a course places particular emphasis on the study of national income and price-level determination and also develops students' familiarity with economic performance measures, the financial sector, Stabilization policies, economic growth and international economics.
ADV PLACEMENT MACROECONOMICS COURSE #7254-55 Course Length: 2 semesters Grade Level: 12 	Prerequisite: None Course Description: This course is designed to give students a thorough understanding of the principles of economics that apply to the functions of individual decision makers, both consumers and producers, within the economic system. It places primary emphasis on the nature and functions of product markets and includes the study of factor markets and of the role of government in promoting greater efficiency and equity in the economy.

❖ **ELECTIVES** - *These classes do not fulfill the Social Studies graduation requirement*

ANTHROPOLOGY COURSE #7011-12 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: None Course Description: This course will survey (1) physical anthropology, the study of man's origins, (2) archeology, the excavation of past cultures, and (3) cultural anthropology, the study of contemporary cultures.
PSYCHOLOGY COURSE #7364 Course Length: 1 semester Grade Level: 10-12 	Prerequisite: None Course Description: This introductory course will provide an overview of the history, theorists, principles, and methodologies of psychology. This course will include: learning and processing; communications; dream analysis; adolescence; aging; personality types and disorders; mental disorders/mental illness; conflicts; stress; and coping skills.
ADV PLACEMENT PSYCHOLOGY COURSE #7355-56 Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: None Course Description: This course is designed to introduce students to the systematic and scientific study of behavior and the mental processes of human beings and other animals. Students are exposed to the psychological facts, principles, and phenomena associated with each of the major subfields of psychology. They also learn about the ethics and methods psychologists use in their science and practice.
INTRODUCTION TO SOCIOLOGY COURSE #7360 Course Length: 1 semester Grade Level: 11-12 	Prerequisite: None Course Description: This course will be an examination of individual, family and small group behaviors including ethnicity and women's status. The course studies human development through the life span and the behavior of individuals and families in relation to basic social institutions.

SPECIAL PROGRAMS AND CLASSES (SEE COUNSELOR)

❖ GIFTED & TALENTED PROGRAM

The Tolleson Union High School District (TUHSD) offers a comprehensive gifted and talented program for identified and qualified students. Appropriate and approved screening instruments are utilized in accordance with the regulations of the State Board of Education to effectively identify eligible students. Annual screening of freshman students occurs in the fall based on teacher recommendations. Students and parents may request screening for the program by contacting the school's Gifted Advisor.

Identified gifted students and their parents are provided the opportunity to develop an individual educational plan that is designed to meet the unique academic needs of each student in the program. A detailed explanation of program services and procedures can be found in the Gifted and Talented Program Scope and Sequence, which is available for review at each school site and at the District office.

The goals of this TUHSD program are:

- To support the development of self-directed, autonomous learners;
- To enhance and expand the opportunity for learning both during high school and in preparation for post-secondary transition;
- To develop the student's ability to think and reason critically;
- To develop and foster effective communication skills and abilities of students;
- To facilitate communication between and among students, school staff, and parents relative to gifted and talented program issues and information.

An integral component of the program is the opportunity for students to enroll in college level academic courses, such as those provided through the Advanced Placement program and the Maricopa Community College District. Successful completion of these learning experiences can result in the student earning high school, as well as college credit. Students are also able to pursue independent learning experiences through self-study projects, internships, and mentorships.

❖ INDEPENDENT STUDY

Students can arrange to complete some course work through Independent Study. Petitions and guidelines for Independent Study can be obtained in the Guidance Department. There are other guidelines which apply. All independent studies need the written approval of the teacher, department chair, and the Assistant Principal of Curriculum and Instruction.

❖ PEER TUTORING PROGRAM

A peer-tutoring program is available in the Tolleson Union High School District. Student tutors are eligible to earn one-half academic credit per semester. Tutors will assist the instructor in providing individualized and small group instruction to select student(s). The tutors will work in the content areas in which they have demonstrated successful completion of the program competencies as evidenced by a grade average in the content area of "B" or better.

❖ STUDENT LEADERSHIP B LEVEL OR PASS/FAIL

This course is designed to provide students with an awareness of the operational aspects of representative government. A study of the leadership and communication skills necessary to effectively perform the responsibilities of student government will also be included. Instructor approval is required for enrollment.

❖ TEACHER ASSISTANT

The credit earned for one (1) semester assignment as a Teacher Assistant shall be one-half (1/2) unit. In addition, a student may earn a maximum of one (1) unit of Teacher Assistant credit to fulfill graduation requirements at Tolleson Union High School District.

SPECIAL SERVICES

The Tolleson Union High School District (TUHSD) provides a comprehensive program of special education classes and services in compliance with the Individuals with Disabilities Education Act, the Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973. A copy of parental and student rights (Procedural Safeguards) are available on the district's website at www.tuhsd.org and in the Tolleson Union High School District Special Services Office and in each school's Special Education Office.

The special education department offers programs, services and classes within the District for the following areas of disability:

Mild Intellectual Disability
Moderate Intellectual Disability
Severe Intellectual Disability
Specific Learning Disability
Multiple Disabilities
MD with Severe Sensory Impairment
Emotional Disability

Hearing Impaired
Vision Impaired
Other Health Impaired
Speech/Language Impairment
Orthopedic Impaired
Autism
Traumatic Brain Injured

The TUHSD is looking for any student who may need specialized instruction, therapy services or specialized equipment. If you are aware of a student who has any special needs such as speech, emotional, motor, visual, hearing or substantial learning deficits, call your child's counselor or the Director of Special Services.

BASIC SKILLS LANGUAGE ARTS LAB 1-2 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: The purpose of the BS Language Arts Lab is to provide students with disabilities the strategies and skills necessary to proceed through the Arizona College and Career Ready Standards and transition to adult life. Strategies will include those needed to meet the standard on the State Regulated Assessment test. These will include test-taking, reading and listening comprehension, writing using the components of the 6-trait writing rubric, and using resources such as assistive technology effectively. Skill building will be based upon the present level of the student as related to the Arizona College and Career Ready Standards and needs identified on the IEP.
BASIC SKILLS LANGUAGE ARTS LAB 3-4 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: The purpose of the BS Language Arts Lab is to provide students with disabilities the strategies and skills necessary to proceed through the Arizona College and Career Ready Standards and transition to adult life. Strategies will include those needed to meet the standard on the State Regulated Assessment test. These will include test-taking, reading and listening comprehension, writing using the components of the 6-trait writing rubric, and using resources such as assistive technology effectively. Skill building will be based upon the present level of the student as related to the Arizona College and Career Ready Standards and needs identified on the IEP.
BASIC SKILLS LANGUAGE ARTS LAB 5-6 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: The purpose of the BS Language Arts Lab is to provide students with disabilities the strategies and skills necessary to proceed through the Arizona College and Career Ready Standards and transition to adult life. Strategies will include those needed to meet the standard on the State Regulated Assessment test. These will include test-taking, reading and listening comprehension, writing using the components of the 6-trait writing rubric, and using resources such as assistive technology effectively. Skill building will be based upon the present level of the student as related to the Arizona College and Career Ready Standards and needs identified on the IEP.
BASIC SKILLS LANGUAGE ARTS LAB 7-8 Course Length: 2 semesters (may be repeated for credit) Grade Level: 12	Prerequisite: IEP team decision Course Description: BS Language Arts Lab 7-8 is designed for those 12 th grade students with disabilities who have demonstrated a need for transitional activities that apply reading and writing skills to the work place and daily living. This includes resume writing, letter writing, comprehension of technical manuals and reference materials, as well as identifying resources in the community.
BASIC SKILLS MATH LAB 1-2 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: The purpose of the BS Math Lab is to provide students with disabilities skill review in calculation, math reasoning, algebra and geometry concepts and the strategies and skills necessary to proceed through the Arizona College and Career Ready Standards and transition to adult life. Strategies will include those needed to meet the standard on The State Regulated Assessment test. These will include test-taking, listening comprehension, vocabulary development, and using resources such as assistive technology effectively. Skill building will be based upon the present level of the student as related to the Arizona College and Career Ready Standards and needs identified on the IEP.
BASIC SKILLS MATH LAB 3-4 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: The purpose of the BS Math Lab is to provide students with disabilities skill review in calculation, math reasoning, algebra and geometry concepts and the strategies and skills necessary to proceed through the Arizona College and Career Ready Standards and transition to adult life. Strategies will include those needed to meet the standard on the State Regulated Assessment test. These will include test-taking, listening comprehension, vocabulary development, and using resources such as assistive technology effectively. Skill building will be based upon the present level of the student as related to the Arizona College and Career Ready Standards and needs identified on the IEP.
BASIC SKILLS MATH LAB 5-6 Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision and/or demonstration of competencies from BS Math Lab 3-4 Course Description: The purpose of the BS Math Lab is to provide students with disabilities skill review in calculation, math reasoning, algebra and geometry concepts and the strategies and skills necessary to proceed through the Arizona College and Career Ready Standards and transition to adult life. Strategies will include those needed to meet the standard on the State Regulated Assessment test. These will include test-taking, listening comprehension, vocabulary development, and using resources such as assistive technology effectively. Skill building will be based upon the present level of the student as related to the Arizona College and Career Ready Standards and needs identified on the IEP.
BASIC SKILLS MATH LAB 7-8 Course Length: 2 semesters (may be repeated for credit) Grade Level: 12	Prerequisite: IEP team decision Course Description: BS Math Lab 7-8 is designed for those 12 th grade students with disabilities who have demonstrated a need for transitional activities that apply math skills to the work place and daily living. This includes consumer math concepts such as banking, budgeting, and purchasing goods.
BASIC SKILLS OFFICE PROCEDURES Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Students with disabilities will develop basic keyboarding skills and learn to use the computer to process information. Basic word processing and office skills will be taught, enabling students to use acquired skills in other classes and life endeavors. This class will cover the Arizona College and Career Ready Standards for workplace skills.

BASIC SKILLS CAREER DEVELOPMENT Course Length: 2 semesters (may be repeated for credit) Grade Level: 12	Prerequisite: IEP team decision Course Description: Students with disabilities will explore and evaluate career choices and post-secondary educational opportunities. Transitional activities will include identifying personal strengths and career interests; resume development, completing financial aid and post-secondary applications as well as site visits to local employers, trade schools and colleges. Goal setting and budgeting activities will be provided to promote successful transition to adult life after graduation.
STUDENT SKILLS FOR TRANSITION (SST) 9 Course Length: 2 semesters Grade Level: 9	Prerequisite: IEP team decision Course Description: SST 9 is designed to provide academic and social skills support to students with disabilities in their freshman year of high school. Emphasis will be on high school survival skills, study skills, and organizational strategies to facilitate a successful transition to high school. Students will also develop self-advocacy skills and an understanding of their individual strengths and needs and related accommodations necessary for success. Students will have the opportunity to have additional teacher assistance with assignments, tests, and projects required for their other classes.
STUDENT SKILLS FOR TRANSITION (SST) 10-11 Course Length: 2 semesters (may be repeated for credit) Grade Level: 10-11	Prerequisite: IEP team decision Course Description: SST 10-11 is designed to provide support to students with disabilities who are participating in mainstreamed classes. Emphasis will be on study and organizational skills and strategies needed to be successful. Students will also develop self-advocacy skills and an understanding of their individual strengths and needs and related accommodations necessary for success. Students will have the opportunity to have additional teacher assistance with assignments, tests, and projects required for their other classes. Opportunities for Independent Study may be available to those students needing to complete additional credits. Students may also participate in additional educational opportunities related to their post-secondary transition goals for education, training, employment, and independent living.
STUDENT SKILLS FOR TRANSITION (SST) 12 Course Length: 2 semesters (may be repeated for credit) Grade Level: 12	Prerequisite: IEP team decision Course Description: SST 12 is designed to provide support to seniors with disabilities who are participating in mainstreamed classes. In addition to study and organizational skills and strategies needed to be successful, 12 th grade students will work on those skills needed to meet their post-secondary transition goals. These may include vocational and independent living skills related to seeking and keeping a job, managing a household, and community involvement. Students will continue to develop self-advocacy skills and an understanding of their individual strengths and needs and related accommodations necessary for success. Students will have the opportunity to have additional teacher assistance with assignments, tests, and projects required for their other classes. Opportunities for Independent Study may be available to those students needing to complete additional credits.
LIFE SKILLS LANGUAGE ARTS Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Students with disabilities will learn and effectively apply a variety of reading strategies for comprehending, interpreting, and evaluating a wide range of texts as well as learn and effectively apply a variety of writing skills, including the use of strategies to generate, plan and organize ideas for specific purposes based on the Arizona College and Career.
LIFE SKILLS MATH Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Students with disabilities will develop number and monetary sense and use number relationships to acquire basic facts, to solve a wide variety of real-world problems, and to determine the reasonableness of results based on the Arizona College and Career.
LIFE SKILLS DAILY LIVING Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Students with disabilities will comprehend concepts related to health promotion and disease prevention. Students will demonstrate the ability to practice health-enhancing behaviors and reduce health risks. Students will also learn skills for independent living, including: home safety; meal planning; purchasing and preparation; cleaning; and clothing care based on the Arizona College and Career. Students may also participate in additional educational opportunities related to their post-secondary transition goals for education, training, employment, and independent living.
LIFE SKILLS VOCATIONAL ARTS Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Students with disabilities use the principles of effective oral, written and listening communication skills to make decisions and solve workplace problems. Students will also work individually and collaboratively within team settings to accomplish objectives. Students will demonstrate a set of marketable skills which will enhance career options. Students will explore areas of interest and possible work choices based on the Arizona College and Career for workplace skills. Students may also participate in additional educational opportunities related to their post-secondary transition goals for education, training, employment, and independent living.
LIFE SKILLS SCIENCE Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Using Life, Physical and Earth Sciences, students with disabilities will organize and analyze data and compare to predictions. They will also communicate observations using pictures, models, and/or words and then communicate with other groups to describe the results of an investigation based on the Arizona College and Career for science.

LIFE SKILLS SOCIAL STUDIES Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Students with disabilities will employ basic economic concepts; evaluate problems and make rational choices as a consumer, worker and citizen. The student will demonstrate the use of geographic tools to locate and analyze information about people, places and environments within the community. Students will also learn about the basic rights and responsibilities of citizenship and the basic structure and concepts of the local government based on the Arizona College and Career for social studies.
ADAPTIVE PHYSICAL EDUCATION Course Length: 2 semesters (may be repeated for credit) Grade Level: 9-12	Prerequisite: IEP team decision Course Description: Adaptive PE is available for any student with disabilities who may need specialized instruction, therapy services or specialized equipment. Special needs may include speech, emotional, motor, visual, hearing or substantial learning deficits. Students are required to participate to the best of their ability in sports and physical activities.

UNIVERSITY HIGH SCHOOL (UHS)

University High School is a research based college preparatory school designed to serve students with demonstrated desire and academic ability residing in the Tolleson Union High School District. Research indicates rigorous high school experiences, which are sustained for several years, support students as they move onto further academic challenges. Sustained academic rigor provides students with distinct opportunities to develop skills, knowledge, and attitude required for university success.

Admission – We welcome students of demonstrated motivation and ability to engage in a rigorous education that fosters responsibility and the spirited pursuit of knowledge. Information regarding the competitive admission process for University High can be found by visiting our website. Students are invited to enroll based upon the following: student academic performance; standardized scores; grade point average; and staff recommendation. Students admitted partake in rigorous courses which are comparable to the best private college preparatory schools in Arizona. To apply or receive information about University High, call 623-478-4212.

Transportation – University High students who reside within the Tolleson Union High School boundaries may be provided transportation. Students residing outside the Tolleson Union High School boundaries must provide their own transportation to and from school.

Athletics and Extracurricular Participation – The theme of University High is, “*Building a Legacy through Harnessing the Power of Dreams.*” We understand that one approach to building social skills and determination is through diverse extracurricular experiences. Clubs and organizations give students an opportunity to improve leadership qualities, learn new skills, meet other students with similar interests, and to have fun. Therefore, students are encouraged to participate in extracurricular activities. University High School, in conjunction with Tolleson Union High School, offers a comprehensive program of academic and extracurricular activities.

❖ UH FOREIGN LANGUAGE

UH SPANISH 1-2 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: Enrollment in the University High Course Description: Students will build communication skills including speaking, reading, writing, and listening. Students will use basic vocabulary related to people, places, things, and actions related to their own lives. Students will express themselves in phrases, short sentences and memorized material in the present, present progressive, and past tenses. In addition, students will learn cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to describe, ask and answer simple questions, engage in simple conversations and carry out simple functions at the Readiness level, as stated in Arizona College and Career Ready Standards.
UH SPANISH 3-4 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Enrollment in the University High Program and Spanish 1-2 Course Description: Students will continue to build their communication skills including speaking, reading, writing, and listening. Students will use an intermediate level of vocabulary to express themselves in longer sentences and phrases. Students will use the present, present progressive, past (including the preterit and imperfect), and imperative tenses with greater ease and write paragraph length material. In addition, students will learn cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to read, write, listen, and speak at the Foundations level, as stated in Arizona College and Career Ready Standards.

UH SPANISH 5-6 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Enrollment in the University High Program and Spanish 3-4 Course Description: Students will continue to build their communications skills including speaking, reading, writing, and listening. Students will narrate, describe ideas, and give opinions. Students will express their ideas completely and interestingly in communicating with generally accurate grammar, vocabulary, spelling, accents, and punctuation. Students will use the present, present progressive, past (including preterit and imperfect), imperative, conditional, subjunctive, and future. Students will be exposed to authentic expository and fictional material produced for native speakers and write multi-paragraph essays on a variety of topics. In addition, students will learn cultures of the people where the language is spoken. Upon successful completion of this course, students will read, write, listen, and speak the language at the Essentials level, as stated in Arizona College and Career Ready Standards.
UH NATIVE SPANISH 1-2 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: Enrollment in the University High Program and student speaks Spanish on a regular basis Course Description: This course stresses the development of oral, reading and writing skills, vocabulary building and accurate communication skills for the bilingual student. Students will research various topics, analyze texts, write essays and compositions, and read narratives and short stories. Students will learn grammar structures such as the present, present progressive, past (including the preterit and imperfect), and imperative, subjunctive, conditional, and future. In addition, students will learn and compare Spanish Speaking cultures. Upon successful completion of this course, students will read, write, listen, and speak Spanish at the Proficiency level as stated in Arizona College and Career Ready Standards.
UH ADV PLACEMENT SPANISH LANGUAGE COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Native Spanish 1-2 or Spanish 5-6 Course Description: This course is designed to prepare students for the Advanced Placement exam and stresses the development of oral reading and writing skills for the intermediate bilingual student. Students will research various topics, analyze texts, and write essays and compositions, and read narratives, short stories, and novels. Advanced grammar structures and language such as the present, present progressive, past (including the preterit and imperfect), imperative, future, conditional, subjunctive, past progressive, pluperfect, and past subjunctive will be reinforced and emphasized. In addition, students will learn and compare Spanish Speaking cultures. Upon successful completion of this course, students will read, write, listen, and speak Spanish at the Distinction level, as stated in Arizona College and Career Ready Standards.
UH ADV PLACEMENT SPANISH LITERATURE COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 12	Prerequisite: Enrollment in the University High Program and AP Spanish Language Course Description: Emphasis in this course is given to advanced reading, writing, and oral proficiency. Students continue the study of Spanish literature. Students may elect to take the Advanced Placement Spanish Literature Test.
UH FRENCH 1-2 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 9-12 	Prerequisite: Enrollment in the University High Program Course Description: Students will build communication skills including speaking, reading, writing, and listening. Students will use basic vocabulary related to people, places, things, and actions related to their own lives. Students will express themselves in phrases, short sentences and memorized material in the present, present progressive, and past tenses. In addition, students will learn cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to describe, ask and answer simple questions, engage in simple conversations, and carry out simple functions at the Readiness level, as stated in Arizona College and Career Ready Standards.
UH FRENCH 3-4 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Enrollment in the University High Program and French 1-2 Course Description: Students will continue to build their communication skills including speaking, reading, writing, and listening. Students will use an intermediate level of vocabulary to express themselves in longer sentences and phrases. Students will use the present, present progressive, past (including the preterit and imperfect), and imperative tenses with greater ease and write paragraph length material. In addition, students will learn cultures of the people where the language is spoken. Upon successful completion of the course, students will be able to read, write, listen, and speak at the Foundations level, as stated in Arizona College and Career Ready Standards.
UH FRENCH 5-6 COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Enrollment in the University High Program and French 3-4 Course Description: Students will continue to build their communications skills including speaking, reading, writing, and listening. Students will narrate, describe ideas, and give opinions. Students will express their ideas completely and interesting in communicating with generally accurate grammar, vocabulary, spelling, accents, and punctuation. Students will use the present, present progressive, past (including preterit and imperfect), imperative, conditional, subjunctive, and future. Students will be exposed to authentic expository and fictional material produced for native speakers and write multi-paragraph essays on a variety of topics. In addition, students will learn cultures of the people where the language is spoken. Upon successful completion of this course, students will read, write, listen, and speak the language at the Essentials level, as stated in Arizona College and Career Ready Standards.

**UH ADV PLACEMENT
FRENCH LANGUAGE
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 12

Prerequisite: Enrollment in the University High Program and French 5-6
Course Description: This course is designed to prepare students for the Advanced Placement exam. Students will use more advanced grammatical structures including the present, present progressive, past (including the preterit and the imperfect), imperative, conditional, subjunctive, future, past progressive, pluperfect, and past subjunctive. Students will write in order to effectively explain their point of view and read non-technical material and literature. In addition, students will learn culture of the people where the language is spoken. Upon successful completion of this course, students will be able to read, write, listen, and speak the language of the Proficiency level, as stated in Arizona College and Career Ready Standards.

❖ *UH LANGUAGE ARTS*

**UH ADV FRESHMAN
ENGLISH 1-2
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 9

Prerequisite: Enrollment in the University High Program
Course Description: This course covers the same competencies as Freshman English, but goes into more detail and uses more complex literature. The course will concentrate on composition skills that will be demanded of students throughout their high school courses. The Six Trait Writing Process will be analyzed and evaluated. Advanced reading strategies will be practiced.

**UH ADV SOPHOMORE
ENGLISH
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Enrollment in the University High Program and teacher recommendation
Course Description: This course is designed to provide students with a broader and deeper experience in literature, composition, and oral communication than the regular sophomore English course. The class will read fiction and non-fiction works of various cultures, genres and time periods.

**UH PRE-AP SOPHOMORE
ENGLISH
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Enrollment in the University High Program and teacher recommendation
Course Description: Pre-AP English is a challenging and exacting course enjoyable for those students who are prepared to read widely, analyze in-depth, and write with enthusiasm and accuracy. The curriculum enhances the Adv English 10 curriculum emphasizing analysis of non-fiction texts, essays and speeches as well as short story, novel, poetry, film. This course will emphasize growth in various kinds of composition. Coursework will include extensive work in test preparation for the PSAT and more in-depth work on the writing components for the SAT.

**UH ADV JUNIOR
ENGLISH 1-2
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 11

Prerequisite: Enrollment in the University High Program
Course Description: Junior English is designed for students to learn and effectively apply a variety of reading strategies using American Literature as the content. Students will analyze the author's use of literary elements, and analyze classic and contemporary literature for the universality of themes. Students will also evaluate the author's persuasive techniques. In writing, students will analyze the use of literary elements, write an informational report and a persuasive essay. Students will write using the Six Trait Writing Process and the Six Trait Rubric.

**UH ADV PLACEMENT ENGLISH
LANGUAGE/COMPOSITION
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 11

Prerequisite: Enrollment in the University High Program
Course Description: This course leads to the AP exam in English Language and Composition. The course engages students in becoming skilled readers of prose written in a variety of periods, disciplines, and rhetorical contexts and in becoming skilled writers who compose for a variety of purposes. Both their writing and reading should make students aware of the interactions among a writer's purposes, audience expectations, and subjects as well as the way generic conventions and the resources of language contribute to effectiveness in writing. The course will emphasize the expository, analytical, and argumentative writing that forms the basis of academic and professional communication as well as the personal and reflective writing that fosters the development of writing facility in any context. The purpose is to enable students to read complex texts with understanding and to write prose of sufficient richness and complexity to communicate effectively with mature readers.

**UH ADV SENIOR
ENGLISH 1-2
COURSE # SEE COUNSELOR**
Course Length: 2 semesters
Grade Level: 12

Prerequisite: Enrollment in the University High Program
Course Description: Senior English is designed for students to learn and effectively apply a variety of reading strategies using British Literature as the content. They will evaluate the author's use of literary elements. Students will analyze classic and contemporary literature for the universality of themes. Students will also write an evaluation or critique a literary selection and craft a cohesive research document. Students will write using the Six Trait Writing Process and the Six Trait Rubric.

UH ADV PLACEMENT ENGLISH LITERATURE/COMPOSITION COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 12

Prerequisite: Enrollment in the University High Program

Course Description: This course leads to the AP exam in English Literature and Composition. The course engages students in the careful reading and critical analysis of imaginative literature. Through the close reading of selected texts, students will deepen their understanding of the ways writers use language to provide both meaning and pleasure for their readers. Students will consider a work's structure style, and themes as well as such literary devices as figurative language, imagery, symbolism, and tone. The course will include intensive study of representative works from various genres and periods, concentrating on works of recognized literary merit from various genres and cultures. In addition to considering a work's literary artistry, students should consider the social and historical values it reflects and embodies. The writing for this course will emphasize persuasive, analytical, exploratory and research-based writing. Student writing will develop and organize ideas in clear, coherent, and persuasive language that demonstrates stylistic maturity.

❖ UH MATHEMATICS

UH ALGEBRA I
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 9-12

Prerequisite: Placement by Math Department Chair based on 8th grade math teacher recommendation or pre-test

Course Description: This course includes: properties of real numbers, solving and graphing linear equations, solving and graphing linear inequalities, exponents, quadratic equations, polynomials and factoring, rational expressions and equations, data analysis, patterns and probability.

UH ADV ALGEBRA I
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 9

Prerequisite: Enrollment in the University High Program

Course Description: This course includes a more in-depth study of: properties of real numbers, solving and graphing linear equations, solving and graphing linear inequalities, exponents, quadratic equations, polynomials and factoring, rational expressions and equations, data analysis, patterns and probability.

UH ALGEBRA II
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 9

Prerequisite: Enrollment in the University High Program

Course Description: This course extends the algebraic topics addressed in Algebra I including linear equations, inequalities and functions, quadratic functions and inequalities, matrixes, polynomial and radical expressions, rational expressions, sequences and series, irrational and complex numbers, discrete mathematics and probability, and trigonometric functions.

UH ADV ALGEBRA II
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 9

Prerequisite: Enrollment in the University High Program

Course Description: This course covers the following topics: problem solving, linear relationships, functions and relations, graphing, systems of equations and inequalities, complex numbers, zeros of polynomial functions, exponential and logarithmic functions, counting and probability, introduction to trigonometry, trigonometric graphs, analyzing data.

UH GEOMETRY
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Enrollment in the University High Program

Course Description: This course includes: properties of angles and lines, triangle relationships and congruencies, quadrilaterals, polygons, circles, similarities, surface area and volume, transformations, basic right triangle trigonometry.

UH ADV GEOMETRY
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 10

Prerequisite: Enrollment in the University High Program

Course Description: This course will offer a more in-depth approach to Geometry where students will use deductive reasoning to prove theorems. Each student will develop the ability to solve real world problems using the properties and relationships of geometric figures.

UH COLLEGE ALGEBRA
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Enrollment in the University High Program

Course Description: This course is a study of quadratic equations, relations and functions, theory of equations, systems of equations and inequalities, matrixes and determinants, binomial theorem, logarithms sequences and series, permutations and combinations and probability. There will be review and reinforcement of skills and concepts in addition to the thorough study of each topic. This course is intended for college bound students whose planned course of study does not require calculus.

UH PRE-CALCULUS
COURSE # SEE COUNSELOR
Course Length: 2 semesters
Grade Level: 11-12

Prerequisite: Enrollment in the University High Program

Course Description: This course is a study of logic, analyzing functions, system of equations and inequalities, integers, and polynomials over the field of complex numbers, rational numbers and rational functions, trigonometric identities and equations, recursion and mathematical induction, polar coordinates and complex numbers, combinatorics and vectors.

**UH ADV PLACEMENT
STATISTICS
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 11-12

Prerequisite: Enrollment in the University High Program, successful completion of Algebra II
Course Description: The purpose of the AP course in Statistics is to introduce students to the major concepts and tools for collecting, analyzing, and drawing conclusions from data. Students are exposed to four broad conceptual themes:

Exploring Data – Describing patterns and departures from patterns
Sampling and Experimentation – Planning and conducting a study
Anticipating Patterns – Exploring random phenomena using probability and simulation
Statistical Inference – Estimating population parameters and testing hypotheses

Note: Students who successfully complete the course and examination may receive credit, advanced placement, or both for a one-semester introductory college statistics course.

**UH ADV PLACEMENT
CALCULUS AB
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 11-12

Prerequisite: Enrollment in the University High Program
Course Description: This course is primarily concerned with developing the students' understanding of the concepts of calculus and providing experience with its methods and applications. The course emphasizes a multi-representational approach to calculus, with concepts, results, and problems being expressed graphically, numerically, analytically, and verbally. The connections among these representations also are important.

**UH ADV PLACEMENT
CALCULUS BC
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 11-12

Prerequisite: Enrollment in the University High Program
Course Description: This course is a full-year course in the calculus of functions of a single variable. It includes all topics covered in Calculus AB plus additional topics, but both courses are intended to be challenging and demanding and require a similar depth of understanding of common topics.

❖ UH SCIENCE

**UH PRE-AP BIOLOGY
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 9

Prerequisite: Enrollment in the University High Program
Course Description: This course is designed to provide students with the foundations for future AP science courses. It includes all topics covered in Biology plus additional topics. This course is intended to be challenging and demanding. Arizona College and Career Ready Standards taught include the nature of science, scientific method, biodiversity, cell biology, genetics, and evolution. Learning and thinking skills, including problem solving, predicting, analysis of data, evaluating and synthesizing, will be emphasized.

**UH ADV PLACEMENT
BIOLOGY
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 11-12

Prerequisite: Enrollment in the University High Program
Course Description: The two main goals of AP Biology are to help students develop a conceptual framework for modern biology and to help students gain an appreciation of science as a process. The ongoing knowledge explosion in biology makes these goals even more challenging. AP Biology develops an understanding of concepts rather than on memorizing terms and technical details. Essential to this conceptual understanding are the following: a grasp of science as a process rather than as an accumulation of facts; personal experience in scientific inquiry; recognition of unifying themes that integrate the major topics of biology; and application of biological knowledge and critical thinking to environmental and social concerns.

**UH ADV CHEMISTRY
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 10-12

Prerequisite: Enrollment in the University High Program
Course Description: This course is intended for students interested in any science major in college, including those whose career goals are in health professions, engineering, and the environmental sciences. An understanding of atomic structure, bonding of molecules, redox reactions and equilibria, balancing chemical equations, the mole concept, nuclear chemistry, the gas laws, acid-base reactions, and solutions are the major topics covered. Laboratory applications are conducted.

**UH ADV PLACEMENT
CHEMISTRY
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 10-12

Prerequisite: Enrollment in the University High Program
Course Description: This course is designed to be the equivalent of the general chemistry course usually taken during the first college year. Students should attain a depth of understanding of fundamentals and reasonable competence in dealing with chemical problems. The course contributes to the development of the students' abilities to think clearly and to express their ideas, orally and in writing, with clarity and logic. The college course in general chemistry differs qualitatively from the usual first secondary school course in chemistry with respect to the kind of textbook used, the topics covered, the emphasis on chemical calculations and the mathematical formulation to principles, and the kind of laboratory work done by students. Quantitative differences appear in the number of topics treated, the time spent on the course by students, and the nature and the variety of experiments done in the laboratory.

**UH ADV PHYSICS
COURSE # SEE COUNSELOR
Course Length:** 2 semesters
Grade Level: 10-12

Prerequisite: Enrollment in the University High Program
Course Description: This course will provide students with an understanding of major physics concepts and encourage their applications to life experiences. The areas to be studied are kinematics and vectors, dynamics, work and energy, internal energy and heat wave phenomena electricity and magnetism and atomic and nuclear physics.

UH ADV PLACEMENT PHYSICS-B COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Enrollment in the University High Program Course Description: This course develops both a quantitative and a qualitative conceptual understanding of general principles of physics and models the nature of scientific inquiry. The level of mathematical sophistication required includes intermediate algebra and trigonometric concepts. Note: Dual Enrollment may be offered for this course.
UH ADV PLACEMENT PHYSICS-C MECHANICS COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Enrollment in the University High Program Course Description: This course is designed for students who will have a college major in engineering or science and is a calculus based application of Newtonian Mechanics. Studies include: kinematics, Newton's laws of motion, work, energy, power, systems of particles, linear momentum, circular motion, angular momentum, oscillations and gravitation. Lecture will be 3 hours/week and laboratory 2 hours/week. Students are required to take the AP Physics-C Mechanics exam during the spring semester.
UH ADV BIOLOGY HUMAN ANATOMY/PHYSIOLOGY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Enrollment in the University High Program Course Description: A fast-paced study of the structure and dynamics of the human body taught at distinction level standards. Homework, research projects, major dissections and clinical applications are an integral part of the course.
UH ADV PLACEMENT ENVIRONMENTAL SCIENCE COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Enrollment in the University High Program Course Description: The goal of the AP Environmental Science course is to provide students with the scientific principles, concepts, and methodologies required to understand the interrelationships of the natural world, to identify and analyze environmental problems both natural and human-made, to evaluate the relative risks associated with these problems, and to examine alternate solutions for resolving or preventing them.
UH ADV PLACEMENT PHYSICS ELECTRICITY/MAGNETISM COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11-12 	Prerequisite: Enrollment in the University High Program and must be concurrently enrolled in Calculus AB or BC Course Description: This course provides instruction in each of the following five content areas: electrostatics; conductors, capacitors, and dielectrics; electric circuits; magnetic fields; and electromagnetism. This course will utilize guided inquiry and student centered learning to foster the development of critical thinking skills and will use introductory differential and integral calculus throughout the course.
❖ UH SOCIAL STUDIES	
UH ADV PLACEMENT HUMAN GEOGRAPHY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 9 	Prerequisite: Enrollment in the University High Program Course Description: This course includes the systematic study of patterns and processes that have shaped human use of the Earth's surface. APHG provides freshman students with their first Advanced Placement learning experience. The following topics will be examined: geographic perspectives, population, cultural patterns & processes, political organization of geographic space, agricultural & rural land use, industrialization, economic development, and urban land use.
UH WORLD HISTORY/GEOGRAPHY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10 	Prerequisite: Enrollment in the University High Program Course Description: (World History) Students analyze the recent human experience (1600-1914; Age of Enlightenment, Revolution, Nationalism and Imperialism), to recognize the relationship of events and people, and interpret significant patterns, themes, ideas, beliefs and turning points in World History. (World Geography) Students analyze locations, regions, and spatial connections, recognizing the natural and cultural processes that impact the way in which people and societies live and interact with each other and their environment.
UH ADV WORLD HISTORY/GEOGRAPHY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10 	Prerequisite: Enrollment in the University High Program Course Description: (World History) Students analyze the recent human experience (1600-1914; Age of Enlightenment, Revolution, Nationalism and Imperialism), to recognize the relationship of events and people, and interpret significant patterns, themes, ideas, beliefs and turning points in World History. (World Geography) Students analyze locations, regions, and spatial connections, recognizing the natural and cultural processes that impact the way in which people and societies live and interact with each other and their environment.

UH ADV PLACEMENT WORLD HISTORY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10 	Prerequisite: Enrollment in the University High Program Course Description: The purpose of this course is to develop greater understanding of the evolution of global processes and contacts, in interaction with different types of human societies. This understanding is advanced through a combination of selective factual knowledge and appropriate analytical skills. The course highlights the nature of changes in international frameworks and their causes and consequences, as well as comparisons among major societies. The course emphasizes relevant factual knowledge deployed in conjunction with leading interpretive issues and types of historical evidence. The course builds on an understanding of cultural, institutional, and technological precedents that, along with geography, set the human stage. Periodization, explicitly discussed, forms an organizing principle for dealing with change and continuity throughout the course. Specific themes provide further organization to the course, along with the consistent attention to contacts among societies that form the core of world history as a field of study.
UH UNITED STATES/ARIZONA HISTORY/GEOGRAPHY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11 	Prerequisite: Enrollment in the University High Program Course Description: Students analyze the recent American experience (1876-1990; American Industrial Revolution to the Persia Gulf War), recognize the relationship of events and people, and interpret significant patterns, themes, ideas, beliefs and turning points in American and Arizona history.
UH ADV UNITED STATES/ARIZONA HISTORY/GEOGRAPHY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11 	Prerequisite: Enrollment in the University High Program Course Description: Students analyze the recent American experience (1876-1990; American Industrial Revolution to the Persia Gulf War), recognize the relationship of events and people, and interpret significant patterns, themes, ideas, beliefs and turning points in American and Arizona history.
UH ADV PLACEMENT UNITED STATES HISTORY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 11 	Prerequisite: Enrollment in the University High Program Course Description: This course should develop the skills necessary to arrive at conclusions on the basis of an informed judgment and to present reasons and evidence, clearly and persuasively, in essay format.
UH ADV PLACEMENT GOVERNMENT/POLITICS COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 12 	Prerequisite: Enrollment in the University High Program Course Description: In this course, students will be given an analytical perspective on government and politics in the United States. The course includes both the study of general concepts used to interpret U.S. politics and the analysis of specific examples. It also requires familiarity with the various institutions, groups, beliefs, and ideas that constitutes U.S. politics. The following topics will be examined: Constitutional Underpinnings; Political Beliefs and Behaviors; Political Parties; Interest Groups; Mass Media; Institutions such as Congress, Presidency, Bureaucracy and Courts; Public Policy; and Civil Rights and Civil Liberties.
UH UNITED STATES/ARIZONA GOVERNMENT COURSE # SEE COUNSELOR Course Length: 1 semester Grade Level: 12 	Prerequisite: Enrollment in the University High Program Course Description: In this course, the basic structure and development of the United States/Arizona government will be examined. The topics of democracy, federalism, civil rights and civic responsibilities will be highlighted.
UH ADV UNITED STATES/ARIZONA GOVERNMENT COURSE # SEE COUNSELOR Course Length: 1 semester Grade Level: 12 	Prerequisite: Enrollment in the University High Program Course Description: In this course, the basic structure and development of the United States/Arizona government will be examined. The topics of democracy, federalism, civil rights and civic responsibilities will be highlighted.
UH ECONOMICS COURSE # SEE COUNSELOR Course Length: 1 semester Grade Level: 12 	Prerequisite: None Course Description: This course will provide a strong, practical understanding of the free market concept in American capitalism. Microeconomics will study the impact of individual economic behavior and macroeconomics will focus on the economy as a whole.

UH ADV PLACEMENT EUROPEAN HISTORY COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 10-12 	Prerequisite: Enrollment in the University High Program Course Description: The study of European History since 1450 introduces students to cultural, economic, political, and social developments that played a fundamental role in shaping the world in which they live. Without this knowledge, we would lack the context for understanding the development of contemporary institutions, the role of continuity and change in present-day society and politics, and the evolution of current forms of artistic expression and intellectual discourse. In addition to providing a basic narrative of events and movements, the goals of the AP program in European History are to develop (a) an understanding of some of the principal themes in modern European History, (b) an ability to analyze historical evidence and historical interpretation, and (c) an ability to express historical and understanding in writing.
UH ADV PLACEMENT COMPARATIVE GOVERNMENT/POLITICS COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 12 	Prerequisite: Enrollment in the University High Program Course Description: This course introduces students to fundamental concepts used by political scientists to study the processes and outcomes of politics in a variety of country settings. The course State Regulated Assessment to illustrate the rich diversity of political life, to show available institutional alternatives, to explain differences in processes and policy outcomes, and to communicate to students the importance of global political and economic changes. Comparison assists both in identifying problems and in analyzing policymaking.
UH ADV PLACEMENT MICROECONOMICS COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 12 	Prerequisite: Enrollment in the University High Program Course Description: This course is designed to give students a thorough understanding of the principles of economics that apply to an economic system as a whole. Such a course places particular emphasis on the study of national income and price-level determination and also develops students' familiarity with economic performance measures, the financial sector, stabilization policies, economic growth and international economics.
UH ADV PLACEMENT MACROECONOMICS COURSE # SEE COUNSELOR Course Length: 2 semesters Grade Level: 12 	Prerequisite: Enrollment in the University High Program Course Description: This course is designed to give students a thorough understanding of the principles of economics that apply to the functions of individual decision makers, both consumers and producers, within the economic system. It places primary emphasis on the nature and functions of product markets and includes the study of factor markets and of the role of government in promoting greater efficiency and equity in the economy.

❖ UH ELECTIVES

University High students have access to all elective courses offered at Tolleson Union High School. The courses listed below are courses containing only University High students. Any other electives taken will contain a mixture of UH students and Tolleson Union High School students.
