“Little Aztecs has been instrumental in the development of our daughter, Harper. She has been part of the Aztec family since she was 5 months-old, and Mike and I couldn’t be happier with the interaction, attention, teaching, and socialization that the staff promotes in all of their students. The curriculum is fun and engaging and the staff is like a second family to us.”

Emily & Mike (Harper’s parents)

“Our daughter has been accepted for who she is and her learning has been fostered through the continued love and support of the staff. We are so happy that she is here and able to grow through the individualized curriculum and more importantly she looks forward to coming each day.”

Lindsey & William (Sophie’s parents)

Career Day with the Little Aztecs

## Who We Are

- Our staff is loving, caring and committed.
- We meet Arizona licensing standards.
- Participate in ongoing early childhood training.
- Low teacher to child ratio.
- Preschool curriculum for developmentally rich experiences.
- Model and guide positive behaviors

### Incoming Preschoolers:

We welcome ALL children ages 2 years (**and** potty trained) to 5 years old in our center and we look forward to filling their hearts with laughter, helping them grow wings, nurturing their sense of wonder, inspiring them to believe and loving them like there's no tomorrow!

## Our Philosophy & Goals:

To provide a safe and nurturing environment replete with rich, energetic experiences and a developmentally appropriate curriculum designed to stimulate the intellectual, emotional, physical and social needs of our children.

- To produce happy, intelligent and well-adjusted children.
- Provide a safe place to learn and grow.
- Promote healthy habits.
- Provide a variety of play with learning experiences.
- Provide a safe and supportive environment.
- Provide an environment that encourages creativity.
- To build a life-long bridge between school and home for our children and families.
