March 24, 2020

Wenden Elementary School Students and Parents,

Currently the Governor has instructed Arizona schools to be closed until April 10, 2020. Since the Governor has been diligent in keeping Arizona informed of any and all changes, we will continue to keep you informed as we receive updates..

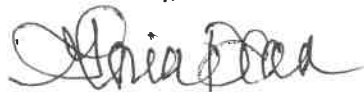

Our first priority is to keep our students safe and healthy as we face this Covid-19 crisis. It will be important for students to stay at home to continue their learning over the next several weeks. We will be following the guidelines stated in House Bill 2910 which allows the district to provide our students with alternative learning methods without having to make up the instructional days.

Beginning on Monday, March 30, 2020, Wenden Elementary School will provide distance learning to all students by means of packets, on-line activities, and hands-on projects aligned to their academic grade level.

Teachers will prepare weekly packets for each student which will be ready for pick- up each Monday, the same time as lunch pick up or drop off. Every Thursday we would like for all students to return their completed packet when picking up their lunches. This will give teachers the needed time to answer questions, grade, give feedback, and begin planning for the following week.

We appreciate your patience and understanding as we all work together in providing all our students with the best distance learning we can possibly give them. Although we understand that distance learning cannot replace the hands-on experiences that teachers provide in the classrooms, we will do our best to provide support to all parents and students as they deserve.

Sincerely,

Ms. Dean

Teachers and Staff
