SCHOOL PLEDGE

I pledge to be in charge of my own behavior, to attend school regularly,
and to be on time for all my classes.

I will respect myself, others, and my environment.

I will be responsible for my own learning.

By doing these things, I will help make my school and community
a better place to work and live.

VISION

Our vision for Clinch County Middle School is for 100% of our students to meet or exceed the standard on the CRCT assuring they are on track for graduation.

We will accomplish this vision by:

- Involving parents,
- Teaching with persistence,
- Using available resources,
- Being accountable,
- Participating in additional training,
- Displaying exemplary attendance,
- Monitoring the learning,
- Providing interventions based on student needs, and by
- Refusing to allow a student to decide to fail.

MISSION STATEMENT

Our mission at Clinch County Middle School is to provide optimal learning experiences, to prepare each student to graduate on time, and to teach, model, and encourage exemplary character and good citizenship skills.

In order for students to attain the goals of good citizenship and to become responsible members of society, students are accountable for:

- (1) their own behavior, regular school attendance, and prompt arrival in the classroom
- (2) respecting themselves, adults, classmates, and our environment
- (3) being active participants in their own learning

By working to put these objectives into the daily life of the school, we believe we will remain true to our original promise.

THE SCHOOL DAY

Our building is open for students from 7:30 a.m. until 3:30 p.m. **If your student is on campus before or after that time, there is no adult supervision. Regular breakfast hours are 7:30-7:50 a.m. every morning.** The first bell will ring at 7:55 a.m. and instruction begins; the tardy bell will ring at 8:00 a.m. Any student who is not in his/her classroom by 8:00 a.m. is tardy. It is most important that students arrive at school on time. When students arrive after teachers begin the day, it causes an interruption of classroom instruction; instructional time at Clinch County Middle is valued. Dismissal is at 2:55 p.m. for all students. The building will be closed to students at 3:30 p.m. At **NO** time after 3:30 p.m. should a student remain in the building or on campus unless they are under a teacher's supervision in after-school tutoring.

CHANGING THE WAY STUDENTS GO HOME

Students feel safe and confident when they go home the same way every day. If it becomes **NECESSARY** to change the way your child goes home or for your child to ride a different bus, you must send a written note or call the school before 2:15 p.m. It is very difficult, often impossible, to deliver messages received after 2:00 p.m.

EARLY CHECK OUT

A request to have a child excused from classes early should be sent with the child on the morning of the dismissal. When possible, medical and dental appointments should be made outside school hours. Students are responsible for classes they miss. A student will be released only to the parent unless the parent notifies the receptionist that he/she has granted permission for someone else to pick up his/her child. All students will be checked out at the front desk. Your child will be called over the intercom to come to the front desk. Parents will sign the student out at the front desk and will wait for the student in the front lobby. It is not acceptable for a parent to wait outside the classroom door for his/her student. Teachers will not dismiss a student unless they are notified by the front office. **At the school system's discretion, students establishing a pattern of early checkouts may be referred to the Principal's designee for disciplinary or other appropriate action.**

VISITORS

Visitors are welcome at Clinch County Middle School. **All visitors are required to come by the office upon entering the school building.** House Bill 161 requires that immediately upon entering the campus, "any person who is not a student at such school, an employee of the school or school system, a school board member, an approved volunteer following the established guidelines of the school or a person who has been invited to or otherwise authorized to be at the school by a principal, teacher, counselor, or other authorized employee of the school shall check-in at the designated location as stated on posted signs and provide a reason for his or her presence at the school immediately upon entering the campus." There is a sign-in log on the counter. Once the visitor has signed in, the office staff issues him/her a badge. For the safety of our students, we request that visitors wear the badge while they are in the building. This assures us that visitors have been to the office and checked in with our office staff. We respectfully request appropriate supervision of small children visiting the building to prevent disruption in the instruction of our students. Parents are urged to visit the school for conferences and planned activities.

COUNSELING SERVICES

The purpose of the guidance program at Clinch County Middle School is to help each individual student achieve his/her highest growth mentally, emotionally, and socially. The counselor welcomes the opportunity to meet with students to help resolve their problems and concerns. Students may be referred to the counselor in one of the following ways

1. Self-referral – any student who wishes to meet with the counselor to discuss a social, academic, or other concern may do so by placing a request in the counselor's box. "Appointment Request Forms" which are available from classroom teachers may be used to make an appointment. The student may write a note to the counselor, or the student may come by the counselor's office to make an appointment.
2. Teacher referral- a teacher may refer a student for counseling by placing a "Referral for Counseling/Evaluation" in the counselor's box, or the teacher may meet with the counselor to discuss a problem which he/she has encountered with the student in order to make a referral.
3. Parent referral- a parent may request that the counselor meet with his/her child to help with a particular concern.

The counselor works with students on an individual basis, in small groups with students who have a common concern or need, and in classroom guidance activities which have been developed to meet assessed needs. The counselor aids students, parents, and staff in the interpretation of test results.

ATTENDANCE

All students of school age (through the age of 16) are required by Georgia Law to attend school on the opening date and be in regular attendance thereafter. Success in school greatly depends on the student's attendance on a daily basis. School personnel will work with parents whose children are sick or miss school for other legal reasons. Please make every effort to send your child to school each day. Student absences as a result of personal illness or death in the immediate family, special and recognized religious holidays observed by their faith, and absences mandated by order of governmental agency or conditions rendering school attendance impossible or hazardous to the safety of the student are considered legal absences.

ATTENDANCE POLICY

1. Parents of students in Grades 5-7 will be notified by letter and/or phone during the school year when the student reaches various absence intervals.

2. Parents of students with excessive absences may be required to attend a conference and/or be referred to the school social worker.
3. Students should bring their written excuses to their homeroom teacher within three (3) days of their return to school. Failure to do so will result in the absence being unexcused. These excuses will be filed as documentation for absences should an appeal be necessary. This policy will be strictly adhered to by the Attendance Appeals Committee.
4. Students who miss more than 15 days during the school year shall be notified in writing of the loss of credit or grade retention. A copy of the appeals process shall be attached to the notice. This notice shall be mailed to parents on the last day of the semester.

GEORGIA COMPULSORY ATTENDANCE LAW

State of Georgia

(a)Mandatory attendance in a public school, private school, or home school program shall be required for children between their sixth and sixteenth birthdays. Such mandatory attendance shall not be required where the child has successfully completed all requirements for a high school diploma.

(b)Every parent, guardian, or other person residing within this state having control or charge of any child or children during the ages of mandatory attendance as required in subsection (a) of this Code section shall enroll and send such child or children to a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program; and such child shall be responsible for enrolling in and attending a public school, a private school, or a home study program that meets the requirements for a public school, a private school, or a home study program under such penalty for noncompliance with this subsection as is provided in Chapter 11 of Title 15, unless the child's failure to enroll and attend is caused by the child's parent, guardian, or other person, in which case the parent, guardian, or other person alone shall be responsible; provided, however, that tests and physical exams for military service and the National Guard and such other approved absences shall be excused absences. The requirements of this subsection shall apply to a child during the ages of mandatory attendance as required in subsection (a) of this Code section who has been assigned by a local board of education or its delegate to attend an alternative public school program established by that local board of education, including an alternative public school program provided for in Code Section 20-2-154.1, regardless of whether such child has been suspended or expelled from another public school program by that local board of education or its delegate, and to the parent, guardian, or other person residing in this state who has control or charge of such child. Nothing in this Code section shall be construed to require a local board of education or its delegate to assign a child to attend an alternative public school program rather than suspending or expelling the child.

(c) Any parent, guardian, or other person residing in this state who has control or charge of a child or children and who shall violate this Code section shall be guilty of a misdemeanor and, upon conviction thereof, shall be subject to a fine not less than \$25.00 and not greater than \$100.00, imprisonment not to exceed 30 days, community service, or any combination of such penalties, at the discretion of the court having jurisdiction. Each day's absence from school in violation of this part after the child's school system notifies the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence for a child shall constitute a separate offense. After two reasonable attempts to notify the parent, guardian, or other person who has control or charge of a child of five unexcused days of absence without response, the school system shall send a notice to such parent, guardian, or other person by certified mail, return receipt requested. Public schools shall provide to the parent, guardian, or other person having control or charge of each child enrolled in public school a written summary of possible consequences and penalties for failing to comply with compulsory attendance under this Code section for children and their parents, guardians, or other persons having control or charge of children. The parent, guardian, or other person who has control or charge of a child or children shall sign a statement indicating receipt of such written statement of possible consequences and penalties; children who are age ten years or older by September 1 shall sign a statement indicating receipt of such written statement of possible consequences and penalties. After two reasonable attempts by the school to secure such signature or signatures, the school shall be considered to be in compliance with this subsection if it sends a copy of the statement, via certified mail, return receipt requested, to such parent, guardian, other person who has control or charge of a child, or children. Public schools shall retain signed copies of statements through the end of the school year.

(d)Local school superintendents in the case of private schools or home study programs and visiting teachers and attendance officers in the case of public schools shall have authority and it shall be their duty to file proceedings in court to enforce this subpart.

(e)An unemancipated minor who is older than the age of mandatory attendance as required in subsection (a) of this Code section who has not completed all requirements for a high school diploma who wishes to withdraw from school shall have the written permission of his or her parent or legal guardian prior to withdrawing. Prior to accepting such permission, the school principal or designee shall convene a conference with the child and parent or legal guardian within two school days of receiving notice of the intent of the child to withdraw from school. The principal or designee shall make a reasonable attempt to share with the student and parent or guardian the educational options available, including the opportunity to pursue a general educational development (GED) diploma and the consequences of not having earned a high school

diploma, including lower lifetime earnings, fewer jobs for which the student will be qualified, and the inability to avail oneself of higher educational opportunities. Every local board of education shall adopt a policy on the process of voluntary withdrawal of unemancipated minors who are older than the mandatory attendance age. The policy shall be filed with the Department of Education no later than January 1, 2007. The Department of Education shall provide annually to all local school superintendents model forms for the parent or guardian signature requirement contained in this subsection and updated information from reliable sources relating to the consequences of withdrawing from school without completing all requirements for a high school diploma. Such form shall include information relating to the opportunity to pursue a general educational development (GED) diploma and the consequences of not having earned a high school diploma, including lower lifetime earnings, fewer jobs for which the student will be qualified, and the inability to avail oneself of higher educational opportunities. Each local school superintendent shall provide such forms and information to all of its principals of schools serving grades six through twelve for the principals to use during the required conference with the child and parent or legal guardian

TARDINESS

The bell to begin the school day, and the first instructional period of the day, rings at 7:55. Any student arriving at school after 8:00 a.m. is tardy and should report to the office before going to the classroom. The child who is tardy for school loses valuable instructional time, begins the day trying to "catch-up" with the class and the teacher, and causes an undesirable disruption in the classroom.

WITHDRAWAL FROM SCHOOL

A note should be sent to the office **several days before withdrawal**. The note should state the child's last day in school, new address, and new school the child will be attending. This note will allow the office time to prepare all forms so your child's records can be sent to the proper place. Please make sure all textbooks and library books are returned to school before your child withdraws as this process cannot be completed until all books and charges are cleared. Your child will

take a copy of withdrawal papers to his/her new school. All records will be forwarded at upon notification of enrollment from the new school.

DISMISSAL/TRAFFIC CONTROL

In an effort to make dismissal a smooth, quick-flowing process, students will be dismissed to specified areas according to the way they go home.

Students who are picked up or walk home will be dismissed to the front of the building.

1. To keep the car pick-up line moving, we request that you stay in your car.

Students who ride the bus home will be dismissed to the side of the building.

2. No cars will be allowed in the bus zone or the adjacent parking area. This area is reserved for buses while loading and unloading.

MEDIA CENTER

The media center will be open for the use of students each school day from 7:35 a.m. to 3:30 p.m.

Students may come to the media center at any time with a pass/note form their teacher. Students in grades 5-7 will be charged a fine of \$.05 for each school day a book is overdue.

SCHOOL FOOD SERVICE

We welcome your child to the School Nutrition Program in the Clinch County School System. The food service program is a self-sufficient program that operates from monies received through payments for meals and reimbursements from federal and state programs. Nutritious breakfasts and lunches may be bought in all Clinch County Schools. Free and reduced meals are available to children from families qualifying under federal government regulations. Applications are available at each school office and are sent home to every family at the beginning of the school year. Menus are planned to offer foods that are attractive and appetizing to children and at the same time, meet the nutritional requirements set by strict state and federal regulations.

	Breakfast	Lunch
Regular	\$1.00	\$1.50
Reduced	\$0.30	\$0.40
Adult	\$2.50	\$3.50

Food may not be brought into the school from an outside vendor, except for incentives. Students may bring their lunches from home or purchase a lunch from the cafeteria. Delivery of food to students during lunch time is discouraged. A parent, however, may bring a meal to their child, but it must be delivered to the front office. Teachers may not leave school to purchase meals for students.

Money will be accepted for extra milk on a daily basis at the rate of \$0.35 per carton

* No food or drink may be taken from the lunchroom.

* All students are required to eat in the lunchroom whether they bring their lunches or purchase lunch.

* Glass containers, for food or drink, are not allowed.

* Parents should send lunch/breakfast money to school on Monday of each week in an envelope.

* Students charging meals must do so with the cashier. It is the policy of Clinch County Middle School to allow only three (3) days of charges per student. After a student has charged three (3) days of meals, he/she will not be allowed to charge until these meals are paid

* Breakfast is served each day from 7:30 a.m. to 7:50 a.m.

* Lunch is served from 10:35 a.m. to 12:45 p.m.

CLINIC SERVICE AND MEDICATIONS

Children who become ill at school will be cared for by the school nurse or in the designated clinic area. Simple first aid procedures will be administered when warranted. Emergencies will be handled appropriately and parents will be promptly notified. If your child requires the administration of medicine during school hours, **you must send the medication, in its original prescription container, along with a note to school stating at what time the medication should be administered.** No internal medicines such as Pepto-Bismol or Tylenol shall be given without prior parent approval. Authorization to administer Pepto-Bismol or Tylenol shall be given to school personnel by signing the appropriate authorization notice sent home at the beginning of the year. Children with a temperature of 100 degrees or higher will need to be picked up immediately. Children with contagious conditions may not return to school without medical certification from a doctor or the health department. A student who has asthma may possess and use his/her asthma medication as prescribed while in school, at a school-sponsored activity, while under the supervision of school personnel, or while attending before-school or after-school care operated on school property. All other medications should be given to the nurse and should be in the original container.

HEAD LICE PROCEDURE

In an effort to keep students free of lice infestation, and to prevent outbreaks of head lice, all Clinch County Schools maintain a No Nit Policy. At any time during the school year, the school nurse or other school staff designee can screen students for head lice. If any student is found to have head lice or lice nits (eggs) his/her parents/guardians will be contacted to pick him/her up immediately. Parents/guardians will be informed of lice infestation by a letter that explains the problem, how to detect lice and nits, and steps to take in treatment. The parents/guardians are to treat the head lice in a timely manner, including manual removal of ALL nits. Treatment of head lice usually takes no more than two days. The parents/guardians must bring the student to the school nurse or designee to be checked and cleared for re-entry to school. Students who have been dismissed home due to head lice will not be allowed to ride the school bus. A parent/guardian or family member must bring the student in to the nurse to be checked, and must wait until the school nurse or designee has cleared the student to return to school. If ten or more nits are still found in the student's head, the student will be sent home again for manual removal of nits. The school nurse may excuse up to three days of absence in a fourteen day cycle period of the infestation. After the third absence following each episode of infestation, the school counselor or social worker will contact the parents/guardians. After the third infestation of lice in one calendar school year, the parents/guardians must take the student to the Health Department or to a physician for a letter of release back to school.

IMMUNIZATION

The Clinch County School System, in accordance with the Georgia Department of Human Resources and Georgia law, requires all students entering a Georgia public school to have a Certificate of Immunization. This form may be secured from the Clinch County Health Department or from your private physician's office. The school must have this form on file in order for your child to be officially enrolled in school. Please help comply with Georgia law and protect your child by having this certificate completed before your child enters school. Questions regarding immunization may be directed to the record's clerk. According to an amended Georgia State Law (290-5-4.02), all entering sixth (6th) grade students will be required to show proof of a second **MMR** (measles, mumps, rubella) vaccination. This immunization is being required in order to protect children, as they get older, against the possibility of contracting measles. In the future, as a student enrolls in the sixth (6th) grade, he or she must present a certificate showing proof of two **MMR** vaccinations. The shot may be secured from the Health Department or your private physician. For additional information, contact the school records clerk 487-5385.

SCHOOL STORE

Students may purchase school supplies before school. Available supplies include paper, pencils, erasers, etc.

For the purpose of conducting certain student discipline hearings, as defined below, rendering a decision and imposing punishment, the Board of Education hereby adopts the following procedures:

1. The Superintendent shall convene a hearing in the following cases:
 - a. Where a student has committed an alleged assault or battery upon a teacher, other school official or employee, if such teacher or other school official or employee so requests;
 - b. Where a student has violated any school or system rule or engaged in any other act of misconduct or insubordination for which the student's principal recommends a suspension or expulsion longer than ten school days.

2. The Board of Education hereby designates its administrative staff to serve as members of hearing tribunals. When the principal of a school or his or her designee refers a student to the Superintendent or his or her designee for a hearing as described in paragraph 1, the Superintendent or his staff shall choose three of these members to serve as the hearing tribunal. No member of the hearing tribunal shall be a member of the staff at the school which the student attends.
3. Whenever a principal or his or her designee refers a student discipline matter to the Superintendent or his or her designee, the Superintendent or his or her designee shall send a letter by regular or certified mail to the student and his or her parents or guardians containing a statement of the time, place and nature of the hearing, a short and plain statement of the matters asserted and charges against the student, a list of potential witnesses, a statement setting forth the right of the student to present evidence, cross-examine witnesses and be represented by legal counsel. The hearing must be held no later than ten school days after the beginning of the suspension unless the school system and parents or guardians mutually agree to an extension.
4. The school principal or his or her designee shall be responsible for presenting evidence in support of the charges against the student and all parties shall be afforded an opportunity to present and respond to evidence and to examine and cross-examine witnesses on any and all issues. Any teacher who is called as a witness by the school system shall be given notice no later than three days prior to the hearing. The hearing tribunal shall have made a verbatim electronic or written record of the hearing. This record shall be available to all parties but the cost of transcribing such record shall be borne by the party requesting the transcript.
5. The hearing tribunal shall render a decision finding whether the student committed the offense and, if so, the appropriate punishment. The decision of the hearing tribunal shall be based solely on the evidence received at the hearing, including any evidence presented by either party relevant to the appropriate punishment to be imposed. The hearing tribunal shall render a decision in writing within ten days of the close of the record and shall furnish a copy of the decision to the student, his or her parents or legal guardians, the principal or his or her designee and the Superintendent. The decision of the hearing tribunal shall be final and shall constitute the decision of the Board of Education unless either party should appeal the decision to the Board of Education. In any case where the tribunal finds that the student has committed an act of physical violence as that term is used in O.C.G.A. 20-2-751.6, any recommendation of the tribunal as to when and whether the student may return to school in accordance with the code section shall constitute the decision of the Board of Education unless there should be an appeal of the decision to the Board.
6. In the event a student or his/her parent does not wish to contest the charge(s) of violation(s) of the discipline rules of the school's code of conduct for which a tribunal has been requested, the student and parent may voluntarily accept the consequences prescribed by the school by signing a Waiver of Disciplinary Tribunal Hearing form. Such waiver shall specify the rule violation, the date and description of the incident, the prescribed consequences, and an agreement to waive the opportunity to participate in a tribunal hearing, present evidence, cross examine witnesses, and be represented by an attorney. The decision to waive the tribunal shall be final and cannot be appealed by the school or family. The waiver must be signed by the student, a parent, a school administrator and a district level administrator from the Superintendent's office, who shall act as hearing officer with authority to approve the disciplinary consequences set forth in the waiver.
7. Any party may appeal the decision of the hearing tribunal to the Board of Education by filing with the Superintendent a written notice of appeal within twenty days from the date the decision is rendered. Such notice of appeal shall set forth the decision of the hearing tribunal and the basis of the appeal. Any decision of the hearing tribunal not appealed in this manner shall be final. The Superintendent may suspend the disciplinary action imposed by the hearing tribunal pending the outcome of the appeal.
8. The Board of Education shall review the record of the hearing before the hearing tribunal, the decision of the hearing tribunal and the notice of appeal and shall render its decision in writing within ten days from the date it receives the notice of appeal. The decision of the Board of Education shall be based solely on the record before the hearing tribunal and the Board shall not consider any other evidence in ruling on the appeal. The Board may find the facts to be different than those found by the hearing tribunal and the Board may change the punishment, in accordance with state law. Any decision of the local Board may be appealed to the State Board of Education by filing an appeal, in writing, within thirty (30) days after the local Board renders its decision.
9. Any student subject to a disciplinary hearing who withdraws from the school system prior to the hearing must appear before a Disciplinary Hearing Tribunal to determine the student's eligibility to return to the school system

Descriptor Term:	Descriptor Code IFBG	Issue Date June 5, 1997
Acceptable Use Policy for Electronic Information, Services, and Networks	Rescinds	Issued December 8, 2005 September 8, 2011

The purpose of telecommunications technology in the Clinch County School System is to support research, communication, and education and to provide access to vast, diverse and unique resources and opportunities for collaborative work. The use of computer networks within the Clinch County Schools, including Internet access, is in support of education and consistent with the educational objectives of the Clinch County Board of Education and The Georgia Board of Education.

This policy applies to all users of electronic information, services, and networks provided by the Clinch County School System, in conjunction with the Georgia Department of Education and the Georgia Board of Regents via their PeachNet node. By using or accessing these facilities or services, the user agrees to abide by this policy which is consistent with the Georgia Board of Regents Acceptable Use Policy for PeachNet.

Electronic information research skills are now fundamental for productive citizens and employees. Access to the Internet enables students, teachers, and administrators to explore thousands of libraries, databases, bulletin boards, and other resources while exchanging information with people around the world. The School System expects that its teachers will blend thoughtful use of the Internet throughout the curriculum and will provide guidance and instruction to students in its use. The School System shall ensure that teachers provide for students age-appropriate instruction regarding safe and appropriate behavior on social networking sites, chat rooms, and other Internet services, behaviors that may constitute cyber bullying, and how to respond when subjected to cyber bullying.

As much as possible, access from school to Internet resources will be structured in ways which point students to those resources which have been evaluated prior to use. While students will be able to move beyond those resources to others that have not been previewed, students will be subject to supervision in an effort to provide Internet use that is particularly suited to learning objectives.

Having Internet access provides access to computer systems all over the world. As a result, users, and parents of users, must understand that the Clinch County School System cannot control the content of the information available. Some of the information is controversial and, sometimes, offensive. However, the valuable information and interaction accessible on this worldwide network outweigh the possibility that users may find inappropriate material. The Clinch County School System does not condone the use of such materials and takes all reasonable precautions to filter access to these materials. The ultimate responsibility for appropriate use of Internet resources lies with each individual user. Parents and guardians may request alternative activities not requiring Internet use for their children. All individuals (students, teachers, parents, guests, etc.) utilizing Internet access provided by the Clinch County School System must first sign an agreement indicating that they understand and will adhere to the regulations indicated in this policy. A parent signature is required on the agreement signed by all students.

Guidelines

The operation of school-provided computer networks, including Internet access, relies heavily on the conduct of the users, who must adhere to strict guidelines. Internet access is a privilege, not a right. The following is a listing of guidelines related to the use of electronic information and the Internet. Although some specific examples of prohibited uses by students are stated, they are intended as illustrations only and do not purport to be an all-inclusive list of inappropriate behaviors. Failure to comply with these procedures shall be deemed grounds for revocation of privileges, appropriate disciplinary and/or legal action.

Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.

2. Hearing Request: The Request for the Hearing must include the following:

- g. The name and contact information of the grievant.

Within 10 business days from receiving the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation: The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. CONFERENCES

Your child's success in school greatly depends upon your involvement and concern. Parents and teachers need to establish a cooperative relationship that is favorable to a child's progress. At school conferences, teachers and parents may review the child's learning experiences, and explore ways to improve them. Conferences may be initiated by teachers and/or parents. If you desire a conference, please call our office at 487-5385 and the secretaries will assist you. Conferences are best arranged before or after school hours.

BEFORE CONFERENCES

Decide what you want to ask the teacher. Discuss the upcoming conferences with your child to see if there were anything he/she would like you to talk about with the teacher. Discuss the concerns with your spouse. Ideally, both parents should attend the conference. To make certain all concerns are addressed, parents are encouraged to bring personal notes relating to the conference. Try to get the facts about a school situation before reaching it. Determine what you can tell the teacher about our child. The teacher sees only one side of your child. There may be things you know about the child that could help the teacher better understand him/her. Be on time. Write down the time of your appointment and arrive promptly. The teacher may have other appointments after yours.

THE INDIVIDUAL CONFERENCE

The following questions can serve as a guide to areas that you may wish to discuss:

1. What is my child's aptitude for learning?

2. On what level is he/she functioning?
3. How is he/she doing in mathematics?
4. Has he/she shown special interests?
5. Does he/she get along well with his/her classmates? Does he/she participate in group activities? Has he/she shown any leadership qualities?

AFTER THE CONFERENCE

The most important part of your role in the conference begins now!

1. Discuss the conference with your child. First, point out his/her strengths. Then talk about the areas that need improvement.
2. Start immediately on any action you have decided to take.
3. Feel free to call the school if you wish to check on your child's progress, or if you think another conference is needed.
4. Make certain your child understands that you and the teacher are working together in his/her interest. Negative comments about the school/teacher in the presence of your child may affect the child's motivation and attitude.

WHAT YOU CAN DO TO HELP YOUR CHILD LEARN

1. Set an example of your child that school is important. Get involved by communicating frequently with your child's teacher.
2. Be supportive of your child's teacher.
3. Laugh and talk with your child about school experiences. Also, listen attentively to what he/she says about school experiences.
4. Praise your child each day for something well done at school.
5. Help your child develop good organizational skills at home with school materials. For example, provide a special place to put books and papers brought home.
6. Encourage reading for pleasure at home. Read aloud to your child often.
7. Stress the importance of school attendance. Allow your child to stay home only if he/she is ill.
8. Start each school day right. A calm beginning at home makes the school day much better.
9. See that your child has ample rest at night and a good breakfast before coming to school.
10. Maintain open lines of communication with your child's teacher. Inform the teacher of any family situations that might influence your child's behavior at school.
11. Provide your child with proper school supplies.
12. Reinforce and review skills taught at school by checking over homework assignments.

TESTING

Students in the Clinch County School system experience various forms of standardized and teacher-made tests. Discuss with your child's teacher the types of tests your child will encounter during the school year. The State of Georgia has a mandatory testing program. Norm-referenced testing for students in Grade 5 is mandated along with a state designed writing assessment. The new "Georgia Milestone" test is required for all grades.

Annual Notification to Parents Regarding Confidentiality of Student Education Records

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. FERPA gives parents certain rights with respect to their children's education records. These rights transfer to the student when he or she reaches the age of 18 or attends a school beyond the high school level. Students to whom the rights have transferred are "eligible students."

- Parents or eligible students have the right to inspect and review the student's education records maintained by the school within 45 days of a request to the school administrator. Schools are not required to provide copies of

records unless it is impossible for parents or eligible students to review the records without copies. Schools may charge a fee for the copies.

- Parents or eligible students have the right to request in writing that a school correct records that they believe to be inaccurate or misleading. If the school decides not to amend the record, the parent or eligible student then has the right to a formal hearing. After the hearing, if the school still decides not to amend the record, the parent or eligible student has the right to place a statement with the record setting forth his or her view about the contested information.
- Generally, schools must have written permission from the parent or eligible student in order to release any information from a student’s education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions:
 - School officials with legitimate educational interest
 - A school official is a person employed or contracted by the school to serve as an administrator, supervisor, teacher, or support staff member (including health staff, law enforcement personnel, attorney, auditor, or other similar roles; a person serving on the school board; or a parent or student serving on an official committee or assisting another school official in performing his or her tasks;
 - A legitimate educational interest means the review of records necessary to fulfill a professional responsibility for the school;
 - Other schools to which a student is seeking to enroll;
 - Specified officials for audit or evaluation purposes;
 - Appropriate parties in connection with financial aid to a student;
 - Organizations conducting certain studies for or on behalf of the school;
 - Accrediting organizations;
 - To comply with a judicial order or lawfully issued subpoena;
 - Appropriate officials in cases of health and safety emergencies; and
 - State and local authorities, within a juvenile justice system, pursuant to specific State law.

Schools may disclose, without consent, “directory” information which includes student’s name, address, telephone number, date and place of birth, participation in official school clubs and sports, honors and awards, sports participation (including height and weight of athletes), dates of attendance, photograph, and grade level unless notified by the parents or eligible student that the school is not to disclose the information without consent.
