

# net Trekker

**Welcome!** The Willcox MS/HS Library pays \$1200.00 a year for our netTrekker search engine subscription. Net Trekker is an impressive and valuable research tool that is divided into grade level appropriate categories. Our net Trekker search engine subscription is user name and password protected. It is only to be used by our WMS and WHS students and staff.

Go to <http://www.nettrekker.com/> . Select the “net Trekker d.i.” button and then logon with our username and password. Select the appropriate grade level tab at the top of the page for your needs and start searching. Happy trails. 😊
