Raising the Standards—In all Phases of our School

During the past school year the school advisory council began a strategic planning process. The effort can be best described as a movement to raise the standards in all phases of our school. The council and the entire leadership team is energized by a passionate vision to provide the best possible educational experience for our children.

The plan provides for very specific action steps to lead our school forward, to make it the best that we can be. Some of the

new initiatives include the following; student uniforms, a quarterly testing program to measure academic achievement and progress, chrome-books

for every student, Delta-Science modules, the enthronement of the Sacred Heart of Jesus and the Immaculate Heart of Mary. Watch for more to come!

Classy Looking Uniforms are in Style at Fr. Marquette

An important part of the overall plan to raise the bar in all phases of our school included the decision to initiate a uniform dress policy for all of our students. Together we will be proudly recognizable and set-apart as Fr. Marquette Catholic School students. Dressing for success reminds us of our mission to be our best.
