The Moriarty-Edgewood School District does not recommend, promote, or advocate the use of any specific resource in this brochure. It is the sole responsibility of the parents/guardians/students to choose and engage the appropriate services for their individual needs.

This basic resource list is provided as a service by your MESD District Mental Health Counselors and Social Workers. It is not meant to be a comprehensive list of every available resource. Every MESD school has a Mental Health Professional to assist families in accessing community resources and to speak about specific needs of students and families.
