

SCIENCE DEPARTMENT EXTRA HELP 2015 - 2016

GPS Science Curriculum

<i>Course</i>	<i>Morning Availability</i>	<i>Afternoon Availability</i>
<i>Biology</i>	Hinkson: By appointment only Koester: By appointment Johnson: 7:45-8:15	Hinkson: Tuesdays 3:30-4:00 Koester: By appointment Johnson: n/a until March 2016
<i>Honors Biology</i>	Adams: Thursdays 7:45 – 8:10 Helms: Tuesdays 7:45 – 8:10 Mercure: during Honors Bio ASE	Mercure: Wednesdays 3:30-4:00
<i>Earth Systems</i>	Herring: By appointment Leezer: Tuesday 7:40-8:10 and by appt.	Herring: Tuesdays 3:30- 4:00 Speer: After school Leezer: by appointment
<i>Chemistry</i>	Bradley: Wednesday 7:45- 8:15 Lee: Tuesday 7:45- 8:15	Bradley: by appointment Lee: by appointment
<i>Honors Chemistry</i>	Whiteman: by appointment	Whiteman: Wednesday 3:30- 4:00
<i>Physics</i>	Christopher: by apt Kirby: Mornings by appointment/ASE Leduc: 7-8am Leezer: by appointment	Christopher: by apt Kirby: None due to coaching Leduc: Tue 3:45-5pm Leezer: by appointment
<i>Environmental Science</i>	Herring: By appointment	Herring: Wednesdays 3:30- 4:00
<i>Zoology</i>		Speer: After school
<i>Honors Anatomy</i>	Helms: Monday 7:45 a.m. to 8:10 a.m.; also during ASE	
<i>AP Biology</i>	Adams: ASE or Mornings by appointment	
<i>AP Chemistry</i>		Whiteman: ASE or Tuesday 3:30 – 4:00
<i>AP Environmental Science</i>	Mercure: by appointment	Mercure: by appointment

<i>AP Physics 1</i>	Seabolt: By appointment only	Seabolt: Tuesday and Thursday (3:45 – 4:30)
<i>AP Physics C</i>	Christopher: by appointment or ASE	Christopher: by appointment or ASE
<i>AP Physics E&M</i>	Christopher: by appointment or ASE	Christopher: by appointment or ASE
<i>PLTW Biomedical</i>	Helms: by appointment	Helms: by appointment
<i>Forensics</i>	Hinkson: By appointment only	Hinkson: Wednesdays 3:30-4:00

Hints if you're struggling in your science class:

- 1) Ask **content specific** questions during class.
- 2) Take good notes – write down everything your teacher writes on the board.
- 3) Do **all** your homework, labs and assignments.
- 4) Form a Study Group with other students in your science course – they don't have to be in your same period.
- 5) Study at least 30-40 minutes each and every day **not** just before the test.
- 6) See your teacher before or after school for extra help and/or other science teachers outside of class for extra help (NOT the day before a test or the day of the test).
- 7) Take advantage of online resources for your book.
