

## **PSAT Parent Information Session**

The redesigned PSAT was introduced this year. All students in 9th and 10th grade took the test, and approximately 90% of the 11th graders took the test (those who paid). This test was given on Wed, Oct 14th. With the redesign of the PSAT, there is a new score report. At this meeting, parents will receive their child's PSAT score report, and there will be an overview of how to interpret the score report. Students will be going over most commonly missed questions during their math and language arts classes on Friday, January 8th. This date is tentative- as we cannot be certain that score reports will be in by this date. Any change in date will be communicated.
