## MADISON-GRANT HIGH SCHOOL Physical Education Waiver Information

### To the Parents of Prospective PE Flex Credit Students:

The purpose of this program is to accommodate students who wish to participate in extracurricular activities and/or accelerated physical education activities that meet the standards of the required general physical education courses. These "Qualifying Flex Credit Activities" can substitute for the one and/or two credits of general physical education required by the State of Indiana and Madison-Grant High School (MGHS) for graduation.

**Credit will be awarded on a completion basis as determined by Madison-Grant High School administration. A final grade of "A" will appear on the student's transcript and will count in the student's GPA.**

A copy of the General Guidelines for a Madison- Grant High School PE Flex Credit as well as the necessary forms for participation can be found in the guidance office or on the guidance page of the school website. These guidelines are for your information. **Credit will be granted only to those students who are participating in a program that is in total compliance with these guidelines.** MGHS may not have control over the daily activities of some flex alternatives, the quality of the flex alternative, or qualifications of the instructor of some flex alternatives. MGHS is not responsible for accident or hospitalization insurance.

Please read the guidelines carefully. For your child to be considered for Flex Credit to earn credit for physical education through this program the students' counselor must be notified during the scheduling process. An application must be completed and approved through the PE/Health Department and returned to Guidance Office with all necessary signatures.

The program is available to only those students who are attending Madison-Grant High School.

Please contact your high school guidance counselor if you need further assistance or if you need additional information.
