Lassiter High School Bands

PRACTICE REPORT

The practice report is designed to provide the student, parent, and instructor a definite and systematic record of the individual effort a student extends in practice. The interest and concern of the parent towards the musical development of the student is vital to the student's success in music.

Practice reports are due each Wednesday. The signature of the parent or parent designee (private instructor) each week confirms the practice for our records. The practice reports grades will be recorded and will contribute to the overall class grade.

Your help and consideration are appreciated. Practice times included on this sheet should represent time spent by the individual outside of class or rehearsal on his/her band instrument. You may include private lessons.
