

What is Scrip?

Scrip is a Latin term that means anything used instead of money.

Scrip is nothing more than a prepaid gift card that is used instead of cash. They are the exact gift cards you would purchase from your favorite grocery store, restaurant, department store, specialty or general retailer, and they are used the same way.

Potential Profit with UnitedScrip

If one family's normal spending of \$525 monthly can generate over \$250 yearly, then ten families can generate \$2500! When you consider the number of families in our organization, what is our potential profit for our school and for our children? The chart above can give you a glimpse of what can happen when we join with UnitedScrip to

“Make Every Purchase Profitable!”
