

WEST YORK HIGH SCHOOL STELLAR STUDENT PROGRAM

The Stellar Student Award is an award given out weekly to students in all grades.

Students are nominated by staff members when they display "stellar" student behavior in any way.

Students are nominated based on being a responsible citizen, being a respectful citizen, and being a learner.

Students place their nominations in nomination boxes in the main office. Drawings are held every Monday for 9th and 10th grade students and every Friday for 11th and 12th grade students.

While it's quite rewarding for students to be nominated personally by a teacher, students also have the potential to win some cool prizes from local businesses in the community.

We are looking forward to an exciting year of recognizing students for the great things they do every day!
