

Supplemental Nutritional Assistance Program

Littleton Elementary School District is thrilled to offer a free Supplemental Nutritional Assistance Program to the Welcome Center. This program is designed to make the process of applying for nutritional assistance and other governmental assistance a little easier for our families. In addition to the one-to-one appointment, we will also help educate you on additional SNAP benefits. The application process takes approximately one hour, by appointment only. To schedule an appointment or inquire additional information, please call Ruby Arenivas, Parent Liaison, at 623-478-5803.
