Parent Portal Information

This summer we transitioned to a new student information system. We are excited about the arrival of Genesis, and have been very busy setting up the various modules. We are now pleased to announce the arrival of ParentVue. ParentVue is a secured Internet site that will allow access to grades and attendance for Littleton ESD students.

Please fill out the sheet below and you will receive an activation key along with your name exactly as it will need to be entered to create your own account. You will be prompted to create a username and password the first time you enter.

Information accuracy is the joint responsibility between schools and parents/guardians. Please keep address, phone number and email information current at all time. Contact your school office at any time to update. Questions about attendance may be addressed to the school office. Questions about grades should be addressed to the student's teacher.

We will make every attempt to protect student information from unauthorized viewing. Please report any security problems within the system immediately, without disclosing the problem to anyone else.
