

Site Council

Sept 26, 2019

Mr. Verdugo & Mr. Schadler discussed the Bond & Override

Concerns/Questions -

- What is the fee for the community to use the facilities
- Handicap parking - not enough
- The Security slide cards - if lost are they just re-programmed
- Is paving only happening at the high school
- Technology - it was discussed why a total ipad/laptop conversion can't just happen overnight
- It was suggested that if every freshman was assigned a tablet when they started highschool that would be that student's for 4 yrs and then they can be completely wiped clean

Mr. Estrada - went over Tardy Rate, School Spirit, Successes

Concerns/Questions -

- The date for Homecoming & Drama's Theater production was discussed
 - There will be an early release that day (Oct 25th), the theater production will be moved up a little bit and any student who brings their theater ticket to the football game will get in free.
 - The schedule for that day's events will be:
 - The play
 - The Parade
 - The Game
 - The dance
- The winner of the parade floats - Possible pizza party and/or some type of celebration
 - It's a lot of work
- They would like clarification of the how the floats are "judged" so they aren't buying unnecessary items

- Mr. Estrada & Mr. Lopez are working on standardizing the rubric for the judging of the floats and will get that info out next week
- A question of the parents building a float for the football players and the possibility of them being able to come out to the parade
 - Mr. Estrada will talk to Coach Kuhm
- No dances at the school? Why?
 - There will be a homecoming dance after the game and we have proposed a Winter Formal.

Mr. Lopez said that the bigger the parade the better. If volunteers or clubs want to do a float and participate they just need to contact administration.

- Attendance gate will be locked all the time for safety
- Gates need to be opened on days/nights of events. At the football game last week someone closed the entrance to the parking lot, people were coming in the exit, there were almost accidents.

High Fives

- To Mr. Estrada - I have seen you work very hard and I really appreciate what you are doing here
- To Mr. Estrada - I really like how we started this year. I want to thank you & your staff you can feel & see the difference
- Mr. Scott does an excellent job
