

Dillon Boyer graduated from Conemaugh Township Area Middle School/High School in 2013.

Dillon's fondest memory from Conemaugh Township is the numerous friendships he built through sports and the classroom.

When asked about his friendships made, Dillon stated, "They will last a lifetime."

Throughout high school, Dillon was blessed with several great teachers. His favorite, though, was Mrs. Durica. He always had a love for math, but she is the teacher who truly brought out his passion. She would always take the time to explain everything in depth and make sure he understood it.

After graduating high school, Dillon went on to the University of Pittsburgh at Johnstown, where he currently attends and will be completing his undergraduate degree in Electrical Engineering Technology this spring. After graduation, Dillon plans on taking the Fundamentals of Engineering Exam and eventually becoming a licensed Professional Engineer.

Dillon is a member of the University of Pittsburgh at Johnstown Baseball Team. For the past four summers, he also had the opportunity of having an internship at CJL Engineering in Johnstown.

Dillon currently lives in Davidsville, Pennsylvania with his parents and sister, Megan.
