Parent Permission for School Media Use

Parental permission must be recorded and on file before school sources are granted access to your student for purposes of photographs, videotapes, and/or interviews of your student, including voice recordings for use by District or School personnel for yearbooks, school websites, newspaper articles, etc.

- YES.** I give permission for my child to be photographed, videotaped, and/or interviewed by school personnel.
- NO.** I *do not* give permission for my child to be photographed, videotaped, and/or interviewed by school personnel. Saying “No” means that the school will not be able to include my student’s photo in the yearbook, school website or any other school publication. (A primary reason a parent/guardian might say “No” is when no information of any kind is to be made public, such as a vicious custody battle or protection order.)

Parent Permission for Military Recruiters

- YES.** I give permission to give military recruiters personal contact information on my student.
- NO.** I *do not* give permission to give military recruiters personal contact information on my student. **Note:** *The District must release a high school student’s name, address and telephone number to military recruiters unless parents direct otherwise.*
