## May 2017 Monthly Recap

### **This Month in Snowflake...**

**Another successful year draws to a close. We achieve so much because we work together as a team and this is one of the greatest strengths of this school district.**

**We have had some great caterings, thanksgiving lunches, we have introduced some new and exciting concepts, edo (sushi) rolls, rice cakes, calzones, and last but definitely not least chicken and waffles to name a few.**

**While it is onwards and upwards for the class of 2017, so it is also with SFE. We never stand still and we are always looking at how we can improve.**

**Remember our aim is to benefit all at Snowflake School District, now and in the future. We look forward to many years of sharing new ideas and finding ways to benefit our school district.**

**We did not want to finish out the school year without doing some fun things with our students and so we had a health fair/farmers market, and a roving chef with special needs class.**

## LOOKING FORWARD ...

The school year has come to an end, but this does not mean it won't be a busy summer. This year we will be hosting schools from the valley as they come up here to get out of the heat, and do their football camps.
