Even though it is a shorter month, we still seem to be just as busy!

One item that Snowflake Intermediate is spending quality time discussing and working on understanding the expectations of the computer based state mandatory testing instrument-AzMERIT. We have been busy looking at practice tests with students so that they are familiar with the format. We want every student to feel comfortable using the computer skills needed to succeed.

I am extremely proud and grateful to all the adults on campus that dedicate countless hours-beyond what is expected-to ensure the success of all our students. Teachers and aides alike have a wonderful dedication to the students of our community. Please don't ever hesitate to contact your child's teacher or me, here in the office, if you would like more information.

Please be sure to check out the exciting things that are happening at our school by clicking on the tabs at the top of the page.

Thank you,  
Jody Bentz
