

WHOO HOO Hello May!

Can you believe it is May already? It is hard to imagine that another school year is about to be wrapped up! We are excited for May because that means that all our hard work in preparing to take the AZ Merit test on the computers has come and gone. We will find out how our school did early in June. In visiting with the students, they all feel that they did a pretty good job and I truly feel that the teachers did an amazing job getting them ready for this state standardized test.

May does have many activities and here is a list of the ones you need to keep in mind:
