

## WHAT IS TAX CREDIT?

A tax credit is a dollar-for-dollar reduction in the actual tax owed to the State of Arizona. It reduces your tax liability by the amount you donate, up to \$400 for married couples and \$200 for single or head of household. The tax credit can also be taken as a donation on your federal tax return.

## WHAT ARE EXTRA-CURRICULAR ACTIVITIES?

Extra-curricular activities are defined as school sponsored activities that require enrolled students to pay a fee in order to participate. Such activities include (but not limited to): Field trips, fine arts, music, and athletics, just to name a few.

### How can tax credits be used?

In accordance with ARS 15-342 (24) & 43-1089.01(G)(2), certain uses of tax credit funds are specifically allowable. However, most uses are not specifically listed and must be justified. The Tax Credit Expenditure form must be completed to help determine if the contemplated expenditure meets the eligibility criteria and can therefore be paid for from tax credit funds. Some examples include (but not limited to): band uniforms, equipment or uniforms for varsity activities, scientific laboratory materials, in-state or out of state trips that are solely for competitive events.

Examples of activities NOT eligible for Tax Credit include, but are not limited to: Senior trips or events that are recreational, amusement or tourist activities, AP testing, playground equipment, blanket waiver of all activity fees.
