TFAC Observes 25th

ONE OF FRANKLIN COUNTY'S UNIQUE ORGANIZATIONS, the Turners Falls A. C., observed its 25th anniversary last month with a dinner affair at St. Kazimir's Hall. This featured burning the mortgage on the organization's Fifth Street building.

This group, located at the former St. Mary's Hall for eight years, began with one room in the old Opera House Building, moved to Fourth Street quarters near the water commissioners following World War II, and incorporated its present set-up in 1951.

The hall was completely renovated with new kitchen, showers and recreation rooms. The building has been used for many years as a polling place during elections.

HIGHLIGHT OF THE 25th ANNIVERSARY DINNER was burning the mortgage on the club's Fifth Street building. Treas. Samuel H. Couture, left, holds the mortgage as James Guy, president, applies the flame while part of the 250 attending look on.

WHEN DID THE TFAC REALLY BEGIN??

Mr. George Bush (the oldest remaining Monday Nighter) has informed me that the photo above that contains his brother LOU and was taken about 1925. This contradicts all our records that the TFAC was organized in 1934.

If you have any information or old pictures About the TFAC please let us know.
