

## Coming in July . . .

Are you dreading filling out countless forms for next year's Registration Packets?

If you are, we have some *good* news.

## Introducing **ONLINE PRE-REGISTRATION!**

Available at all Secondary Schools

**Online Pre-Registration will open for West Covina High School on July 14th at 11:00 AM.**

Parents and/or students will be able to review and complete school forms easily through our new online system. Gone are the days of endless repetitive forms. Once entered, your information will be saved and easily updated (including sibling registration). Look for a letter in July explaining step-by-step directions with your child's specific log-in information.
